COOL AT THE BEACH.
A November Gale Crept Yesterday's
Visitors at the Lakeside Resorts.

There was enough cold weather at the lake-
side resorts yesterday to keep the summer
guests hovering over the grass and to
make the proprietors think the
season at an end. The usual Sunday crowd
at Ontario Beach passed peacefully while it
watched the heavy surf roll in from the
lake.

The wind blew strong off the lake all day,
and kept the steamers fast within the pier.
The ferry boat Yosemite rolled back and
forth across the river, giving the passengers
excellent opportunities to acquire a well-
organized attack of sea-sickness.

There was an incongruity about the oc-
currences displayed along the promenades.
Racy, checked girls in white dresses
and ladies in furs formed a contrast in the
crowd. Overcoats were plentiful, while a man
in a heavy ulster was a conspicuous figure
during the afternoon. The band mingled
popular airs with the wailing of the wind
and altogether the last Sunday of summer
proved but a dismal holiday.

Nearly two thousand visitors went over
to Manitow Beach during the day. The
bathing the various ponds was excellent.
One fisherman brought in a handsome
pickering which tipped the scales at thirteen
and one-half pounds.

The season which has nearly closed has
not been a profitable one for summer resort
proprietors. The Hotel Ontario has had a
better business than for several previous
years and the Cottage Hotel has
also fared well, but the pavilions
and smaller resorts have done poorly. The
Hotel Ontario will close September 14th.
The Cottage Hotel will remain open until
October 1st. The Hungarian band will
give a concert at Ontario Beach this evening,
and Professor Nella will make a parachute
jump on Thursday.

OUTINGS.
Coming Picnics and Excursions for Roch-
ester Pleasure Seekers.

—The Monroe county lodges, I. O. O. F.,
will picnic at Conesus lake on Labor Day.
—All Saints Episcopal Church Sunday-
school will picnic at Glen Haven September
5th.

—The Boot and Shoe Cutters' Union will
hold its annual field day at Glen Haven Sep-
tember 7th.

—The Milkmen's Association will hold its
annual picnic at the Newport House Sep-
tember 10th.

—The Y. P. S. C. E. of the Second Re-
formed Church will picnic at Watkins Glen
on Labor Day.

—The Master Plumbers' Association will
hold its third annual picnic Labor Day at
Long Point, Seneca Lake.

—The Catholic Unformed Union will hold
its annual field day and battalion drill at
Glen Haven September 1st.

—The Second Reformed Church Y. P. S.
C. E. will have its second annual excursion
to Watkins Glen on Labor Day.

MUSIC AND THE DRAMA
The Local Theatrical Season Will
be Well Under Way This Week.

NEWS OF PLAYS AND PLAYERS
Paragraphs Concerning the Actor Folk
and Their Doings—Reception at Rob-
inson's Theatre, Saturday
Night—Lycium Open To-night.

To-day the season begins in earnest, and
from this time out the theatre-goer will
have things his own way. The Lycium
opens to-night, and the new Musee The-
atre, of which more will be said further
down the column, does likewise to-morrow
night. The bill of fare for the week con-
tains comedy, the drama in its legitimate
and its melodramatic forms and variety at
the Musee.

The Lycium season will open this evening
with a new comedy "Hose and Hose,"
in which the well-known artists Charlie
Reed and William Collier are starring jointly.
Both were here last season in "The
City Directory," and both made very favor-
able impressions. The piece opened at
Amsterdam last Monday night and was at
Syracuse the last three nights of the
week. It seems to have made a hit. The
company includes many people who are well
known in the comedy line and among them
are Misses Louise Allen, May Yohe, Rosa
Franco, Lillian Hamden, Adele Harrington,
Rose Cheesman, Helen Collier and Helen
Hemler. The performances will be given on
this and the two following evenings.

For the last three nights of the week the
Lycium offers the legitimate drama with
that verve and excellent actor Joseph
Haworth in the principal in the plays to be
presented. Joseph Haworth is well known
to Rochester theatre goers. In "Hood-
man Blind," "Paul Kaurer," and "Aunt
Jack" he has done most excellent work on
the local stage. He is an actor of experi-
ence and power and in his departure into
the romantic field there can be no doubt as
to the artistic result. In the selection of
his play he is making no experiments for
his choice of the classic "St. Marc"
is not only commendable, but also
judicious. "St. Marc" is a replete
with action and has a wealth
of incidents and in the title role Mr. Haworth's
friends claim that he is seen to a better ad-
vantage than ever before which will seem a
very strong statement to those who have
seen him in "Aunt Kaurer." The support
that has been selected for Mr. Haworth is
strong. The leading lady, Miss Kathryn
Kilder, a talented actress and has made
successful "Norfolk," "Held by the
Enemy," and "Little Lord Fauntleroy."
She has been abroad and in England
her acting was the subject of un-
derstanding commendation. Her chief smooch
was in Wilson Barrett's production of
"The Golden Ladder," and when
Miss Eganke announced her intention
of starting this season, she was
offered her place in the company. The
cast also includes Atkins Lawrence, formerly
in the Booth-Barrett company, Robert
Drouet, Gordon Edwards, Horace Mit-
chell, Anna McViegh, Lotta Kloth and others
equally well known. The play is said to be
elaborately mounted and the costumes and
properties to be of the costliest character.
"St. Marc" will be given Thursday and
Friday nights and Saturday afternoon.
Saturday night a double bill, consisting of
"Fra Diavolo," a one-act tragedy, and
Booth's version of "Ruy Blas" will be
given. The sale of seats opens to-morrow
morning at 9 o'clock.

Two weeks ago there was produced in
New York a new melodrama which was
entitled "The Fire Patrol." It was a
success in that city and received very favor-
able press notices from all the papers. It
will be the attraction at Jacobs' Academy
this week beginning with a matinee this
afternoon. It deals with life in the far West
and then shifts to New York where the ac-
tion closes. It tells a strong story and is
said to be most elaborately mounted. There
are two or three scenes for which much is
claimed, and there is introduced a repre-
sentation of an ore crusher in operation.
There is also a genuine fire patrol wagon and
real horses. The company is said to be uni-
versally praised. The play will be given all
the week with matinees to-day, Wednes-
day and Saturday.

M. B. Robinson, the proprietor of the new
Musee Theatre at the corner of East Main
and North Clinton streets, gave a reception
to a large number of the leading business
men, politicians, city officials and members
of the press last Saturday evening. He also
gave the before mentioned personages a
surprise party of large dimensions. Nearly
everybody who was there knew what the
old Washington Hall had been and they
were prepared to see some improvements
made in the interior in the transformation
from the hall to the theatre
and museum. Nobody, however, dreamed
that the decorations would be so
beautiful as they are, and nobody thought
the arrangements would be so perfect. A
detailed description of the many beauties
of the building would be impossible with the
limited space at command this morning.
The walls are frescoed in the highest style
of art, the theater is a little gem and is
completely in every appointment and very
handsomely decorated. The other depart-
ments, such as the lecture hall, the museum
and the rest are also splendid specimens of
the decorators' art, and the whole is as
complete and as handsome a place of its
kind as can be found in the country.

Between 11 and 9 o'clock Saturday even-
ing fully two hundred of Rochester's lead-
ing and representative citizens gathered at
the theatre and under the guidance of Mr.
Robinson inspected it fully. At 9 o'clock
an elaborate luncheon was served by Teall,
and after that was concluded speeches of
congratulation and compliment were made
by Senator McNaughton and Assemblyman
Parsons. Mr. Robinson responded in a very
happy manner and the whole occasion was
one of much enjoyment. Those who en-
joyed Mr. Robinson's generous hospitality
will not soon forget the occasion. The host
To-morrow night the Musee Theatre will
open its doors and from that time out will
be open each week day from 6 o'clock in
the afternoon until 10:15 at night. There
will be in the lecture room a large and in-
teresting collection of curiosities, among which
will be a corral the Jack-knife king and his
latest creation an electric motor made en-
tirely of wood with the exception of the
magnets. Morrell is America's greatest
Jack-knife wood carver. Then there is
Singapore Punch and Judy show, Annie
Hooney who is a monkey, and who is also
the proud possessor of the only monkey baby
born in captivity. There will also be
the Royal Hungarian Gypsy
Band from Buda-Pesth, which is
a musical organization of great excellence
and a large number of other attractive
features. There is also an Eden Musee, a
menagerie and other features in great
variety. On the stage in the theater the
Metropolitan Comedy Company will give
four performances daily at 9:30, 4, 8 and
10:30 P. M. Among the artists who will
appear are Sonor Fernandez, a musical artist;
Young Madare, bicyclist rider; Frank and
Mabel Hall, sketch artists; Boyd and
Harrell, singing and dance men. The new

season of the stage.
—Young J. K. Emmet's tour has so far
proved highly successful.
—William Barrett will not return to
America this season, which will very
much move on the local scene.
—Despite all reports as to his retirement
J. J. Bennett is making preparations for
the coming season.
—Mrs. K. Bennett's tour has so far
proved highly successful, which she has passed
at the Canadian summer season.
—Henry Arthur Jones will not come to
New York to assist at the production of his
play, "The Daring Game," as was an-
nounced.
—Henry A. Abbey, Mrs. Abbey, Maurice
Bernhardt and his wife started last Thurs-
day morning for San Francisco to meet the
one and only Sarah.
—Mr. J. J. Bennett has closed a twenty-one
years' tour of the new theatre in Gran-
bourne street, London, which will in future
be known as "Daly's Theatre."

—Dan McCarthy will have three com-
panies on the road this season. "The
Cruisade," "The Irish Boy," and "The
Irish Girl."
—Hyde's Bohemian Specialty Company
under the management of James Hyde, of
Brooklyn, will begin rehearsing at the Ly-
cium Theatre in this city, September 6th.
—The Wall of Harry C. Miner's New
Fifth Avenue Theatre, in New York, is
up and the play will be put on next week.
The house is to be finished by Novem-
ber.

—Fate seems to have fooled Marcus R.
Mayer. Just as he had left London
Fate showed her contract with Abbey,
made long before Mayer went in search of
her.
—Richard Mansfield will produce a new
tragedy, in five acts, entitled "Nero," on
September 17th. Mr. T. Russell Sullivan,
the author, adapted "Dr. Jekyll and Mr.
Hyde."

—Miss Alice Jones, the Detroit dramatist,
has brought suit against A. F. Arthur, for
refusing to produce her play, "Lorine,"
for which Harry Kendrick engaged the
people.
—Miss Pauline Hall will make her reap-
pearance in New York in the Harlem Opera
House on September 14th. She will be
seen in "Madame Favart," "La Belle
Helene," "Nanon" and "Ernani."

—Richard Mansfield has officially an-
nounced that he will marry Miss Beatrice
Cameron at the close of the coming season.
Mr. and Mrs. Mansfield will reside in Eng-
land when they are not touring in America.
—A High Roller, which made such a
fiasco in New York, a few weeks back, has
been bought by Randall and Dickson. The
scenery and costumes will only be used and
another play by Archie Gordon, formerly
called "Haystack," substituted.
—The first rehearsal of the cantata, "The
Building of the Ship," which is to be pro-
duced at the Lycium Theatre in October
under the direction of Eugene Bonn, or-
ganist at St. Patrick's Cathedral, will be
held at the New Academy next Wednesday
evening, September 2d.

—During his summer vacation in Canada, he completed
the plot, situations and incidents for the war
drama, which he is writing in collaboration
with E. M. Gifford. The play will be fin-
ished in September, and is to be produced
during the present season.
—Mary Wright has been rehearsing
for the last few days for her production of
"Amy Robarts," which will be made
September 7th. This will no doubt be one
of the most important presentations of the
season, as the scenery, furniture and cos-
tumes have been prepared at a great ex-
pense.

—John Collins, who will this season
be business manager of "The Cad," writ-
ten by Bill Nye and backed by Stuart Rob-
inson, left last night for Boston, where the
play will open. Mr. Collins made hosts of
friends while treasurer of the Lycium and
he has the best wishes of all for success in
his new occupation.
—Augustus Harris is almost overcome by
the weight of the honors heaped upon him
because he managed that operatic perfor-
mance in honor of the German Emperor. Not
only was he knighted, but William sent him
a letter (through his secretary) conveying his
congratulations to Sir Augustus on receiving
that mark of Victoria's pleasure.

—Augustus Harris's new stock company
will begin its season in Minneapolis on Sep-
tember 14th. The repertoire of the com-
pany will include "A Modern Match," by
Clyde Mitch; "Her Release," by Edward
Cadol; "A Loving Legacy," by Frederick
Snyder, and Geoffrey Middleton, Gen-
tleman, by Martha Morton. The com-
pany includes Miss Minnie Bellman, Mr.
Nelson Wheatcroft.

—Robert Mantell's season will begin at
Yonkers to-day, when he appears in "The
Corsican Brothers." "The Louisiana-
ians" will be first seen at Troy, Septem-
ber 8th. Mr. Mantell's repertoire will em-
brace the following plays this season:
"Hamlet," "Othello," "Monsieur,"
"The Corsican Brothers," "The Louisi-
anians," and John Ernest McCann's one-
act play, "A Lesson in Acting."

—Miss Gale, lately leading lady in the
Booth & Barrett company, will make her
first appearance as a "star" to-night at
the Chestnut Street Opera House, Phila-
delphia. She will play the heroine in Oscar
Wilde's romantic play of "The Duchess of
Malud," better known here as "Guido
Farrante." Miss Gale's repertoire will
include several "legitimate" dramas. Her
company will be largely recruited here from
her old comrades.
—Alexander Salvini arrived home last
Wednesday afternoon, on the Italian liner,
City of New York. A large number of the
brilliant young actor's admirers, including
well known professional people and mem-
bers of the press, chartered a tug-boat and
met him down the bay. He expressed him-
self as having had a delightful time during
his six weeks' stay abroad, two of which
were spent with his father at the villa Bal-
vini, near Florence, Italy. It was the
actor's first visit to his Italian home in five
years. He brought with him several new
plays and a large number of new cos-
tumes.
—Mr. James O'Neill's repertoire for the
coming season will embrace two plays,
"The New South" and "Monte Cristo."
Both of these pieces will be done in a most
elaborate manner, however. "Monte
Cristo" will be given the most magnificent
and complete production it has ever had.
For the first time in many years, every
character written in the original version
will be played, requiring twenty-one people.
Entirely new scenery has been constructed.
"The New South" will be tried early in
the season, and if it proves successful, it
will also be given a gorgeous scenic sur-
rounding.
—Bill Nye promises that his play "The
Cad," of which John J. Collins is the
author, will be business manager, and which is
in active rehearsal for early production in New
York, shall carry the true Shakespearean
flavor. To this end he says no expense will
be spared. The play is not only written on
the best foolscap paper, and the sawdust
used to sprinkle the stage is not two, fur-
nished by a high-toned saw-mill, but the
placards in the theatre will be decorated to
the theatre by Claude McGuire of Avenue A,
who moves pianos, bric-a-brac, mirrors,
pictures, chandeliers, china, glassware, ad-
journments, etc.
—"For years," says Rose Coghlan, "I
have been playing old comedies, and prob-

—Young J. K. Emmet's tour has so far

and Professor Nella will make a parachute
jump on Thursday.

OUTINGS.

Coming Picnics and Excursions for Roch-
ester Pleasure Seekers.

—The Monroe county lodges, I. O. O. F.,
will picnic at Conesus lake on Labor Day.
—All Saints Episcopal Church Sunday-
school will picnic at Glen Haven September
5th.
—The Boot and Shoe Cutters' Union will
hold its annual field day at Glen Haven Sep-
tember 22d.
—The Milkmen's Association will hold its
annual picnic at the Newport House Sep-
tember 3rd.
—The Y. P. S. C. E. of the Second Re-
formed Church will picnic at Watkins Glen
on Labor Day.
—The Master Plumbers' Association will
hold its third annual picnic Labor Day at
Long Point, Seneca Lake.
—The Catholic Uniformed Union will hold
its annual field day and battalion drill at
Glen Haven September 1st.
—The Second Reformed Church Y. P. S. C. E.,
will have its second annual excursion to
Watkins Glen on Labor Day.
—The telephone, telegraph and electric
light linemen will hold their first annual pic-
nic at Glen Haven September 2d.
—The annual target shoot and basket pic-
nic of the City Cadets will be held at Seneca
Point, Canandaigua Lake on Labor Day.
—The Harmonia Männerchor will picnic to-
day at Merz's Grove, Canfield.
Carryalls will leave the corner of South
avenue and Sanford street at 9:30 o'clock
in the morning.

PURELY PERSONAL.

—Hon. Walter S. Hubbell is back from
the Maine coast.

No. 53 William street, have returned from
a week's sojourn at Kenka Lake.
—Mrs. F. X. Hooper, of Baltimore, is
the guest of her sister, Mrs. John Hoken
mayer, of No. 491 Lyell avenue.
—Misses Mary and Margaret Sheldon, of
Buffalo, who have been visiting their father
Major William Sheldon, No. 138 Upper
North avenue, returned to Buffalo last
evening.
—Wilhelm T. Ellwanger, baritone,
pupil of Miss Kate E. Dowry, started for
Boston Saturday to join the Bostonians, with
which famous organization he has secured an
engagement.
—Mrs. A. J. Taylor, of No. 173 Lak-
ewood avenue, and daughters Alice and May, who
have been the guests of Mrs. H. B. Smith at
her cottage, Thousand Island Park, have
returned home.
—Mr. and Mrs. L. P. Ross, Mr. and
Mrs. Robert Matthews, Charles M. Everest,
Dr. E. W. Mulligan and George A. Carna-
han sailed from Hamburg for home on the
Fuerst Bismarck last Friday.

Want Him to Vacate.

A precept was served last Saturday upon
Assignee Doyle, who is conducting the af-
fairs of the defunct shoe firm of E. Holland
& Co., in an action commenced by the
owner of the building in which the
factory is located, compelling the
assignee to vacate the building. The
rent of the proceeding is the fact that
went to the amount of \$300 remains un-
paid.

Two New Steamers.

The two new steam fire engines ordered
by the city from the Hibley company at
Seneca Falls, were shipped to Rochester
Saturday. It is probable that one of the
engines will be located at engine house No.
7, on Plymouth avenue, and the other at
engine house No. 6 on Culver Park.

SICK HEADACHE

CARTER'S

tress from Dyspepsia, In-
digestion and Too Hearty
Eating. A perfect rem-
edy for Dizziness, Nausea,
Drowsiness, Bad Taste
in the Mouth, Coated
Tongue, Pain in the Side,
TORTID LIVER. They
regulate the Bowels. Purely Vegetable.

SMALL PILL. SMALL DOSE. SMALL PRICE.

NEWS OF PLAYS AND PLAYERS

Paragraphs Concerning the Actor Folk
and Their Doings—Reception at Rob-
inson, Musee Theatre Saturday
Night—Lyceum Open To-night.

To-day the season begins in earnest, and
from this time out the theatre-goer will
have things his own way. The Lyceum
opens to-night, and the new Musee The-
atre, of which more will be said further
down the column, does likewise to-morrow
night. The bill of fare for the week end
tells comedy, the drama in its legitimate
and its melodramatic forms and variety at
the Musee.

The Lyceum season will open this evening
with a new comedy, "How and How," in
which three well known artists Charlie
Hood and William Collier are starting jointly.
Both were here last season in "The
City Directory," and both made very favor-
able impressions. The piece opened at
Amsterdam last Monday night and was at
Syacuse the last three nights of the
week. It seems to have made a hit. The
company includes many people who are well
known in the comedy line and among them
are Misses Louise Allen, May Yobe, Rosa
Franc, Lillian Ramsden, Adelle Harrington,
Rose Cheesman, Helen Collier and Helen
Reimler. The performance will be given on
this and the two following evenings.

For the last three nights of the week the
Lyceum offers the legitimate drama with
that versatile and excellent actor Joseph
Haworth as the principal in the plays to be
presented. Joseph Haworth is well known to
Rochester theatre goers. In "Hood-
mann Blind," "Paul Kaurer" and "Aunt
Jack" he has done most excellent work on
the local stage. He is an actor of experi-
ence and power and in his departure into
the romantic field there can be no doubt as
to the artistic result. In the selection of
his play he is making no experiments for
his choice of the classic "St. Marc" is
not only commendable, but also
judicious. "St. Marc" is a replete
with action and has a wealth of
incidents and in the title role Mr. Haworth's
friends claim that he is seen to a better ad-
vantage than ever before which will seem a
very strong statement to those who have
seen him as Paul Kaurer. The support
that has been selected for Mr. Haworth is
strong. The leading lady, Miss Kathryn
Kleider, a talented actress and has made
superb work in "Norddeck," "Held by the
Reigny" and "Little Lord Fauntleroy." She
has been abroad and in England
her acting was the subject of uni-
versal commendation. Her chief success
was in Wilson Barrett's production of
"The Golden Ladder," and when
Miss Kleider announced her intention
of starting this season, she was
offered the place in the company. The
cast also includes Atkins Lawrence, formerly
in the Booth-Barrett company, Robert
Drouot, Gordon Edwards, Florence Mit-
chell, Anna McViegh, Lotta Kleider and others
equally well known. The play is said to be
elaborately mounted and the costumes and
properties to be of the costliest character.
"St. Marc" will be given Thursday and
Friday nights and Saturday afternoon.
Saturday night a double bill, consisting of
"Fra Diavolo," a one-act tragedy, and
Booth's version of "Ruy Blas" will be
given. The sale of seats opens to-morrow
morning at 9 o'clock.

Two weeks ago there was produced in
New York a new melodrama which was
entitled "The Fire Patrol." It was a
success in that city and received very favor-
able notices from all the papers. It
will be the beginning of a matinee this
afternoon. It deals with life in the far West
and the shifts to New York where the ac-
tion closes. It tells a strong story and is
said to be most elaborately mounted. There
are two or three scenes for which much is
claimed, and there is introduced a repre-
sentation of an ore crusher in operation.
There is a genuine fire patrol wagon and
real horses. The company is said to be uni-
versally clever. The play will be given all
the week with matinees to-day, Wednes-
day and Saturday.

M. B. Robinson, the proprietor of the new
Musee Theatre at the corner of East Main
and North Clinton streets, gave a reception
to a large number of the leading business
men, politicians, city officials and members
of the press last Saturday evening. He also
gave the before mentioned personages a
surprise party of large dimensions. Nearly
everybody who was there knew what the
old Washington Hall had been and they
were prepared to see some improvements
made in the interior in the transformation
from the hall to the theatre
and museum. Nobody, however, dreamed
that the decorations would be so beautiful
as they are, and nobody thought
the arrangements would be so perfect. A
detailed description of the many beauties
of the building would be impossible with the
limited space at command this morning.
The walls are frescoed in the highest style
of art, the theater is a little gem and is
complete in every appointment and very
handsomely decorated. The other depart-
ments, such as the lecture hall, the museum
and the rest are also splendid specimens of
the decorators' art, and the whole is as
complete and as handsome a place of its
kind as can be found in the country.

Between 8 and 9 o'clock Saturday evening
fully two hundred of Rochester's lead-
ing and representative citizens gathered at
the theatre and under the guidance of Mr.
Robinson inspected it fully. At 9 o'clock
an elaborate luncheon was served by Teal,
and after that was concluded speeches of
congratulation and compliment were made
by Senator McNaughton and Assemblyman
Parsons. Mr. Robinson responded in a very
happy manner and the whole occasion was
one of much enjoyment. Those who en-
joyed Mr. Robinson's generous hospitality
will not soon forget the occasion as the host.
To-morrow night the Musee Theatre will
open its doors and from that time out will
be open each week day from 6 o'clock in
the afternoon until 10:15 at night. There
will be the lecture room a large and inter-
esting collection of curiosities, among which
will be the jack-knife king and his
latest creation an electric motor made en-
tirely of wood with the exception of the
magnets. Morrell is America's greatest
jack-knife wood carver. Then there is
Hingleston's Punch and Judy show, Annie
Hooney, who is a monkey, and who is also
the proud possessor of the only monkey baby
born in captivity. There will also be
the Royal Hungarian Gypsy
Band from Buda-Pesth, which is a
musical organization of great excellence
and a large number of other attractive
features. There is also an Eden Musee, a
menagerie and other features in great
variety. On the stage in the theater the
Metropolitan Comedy Company will give
four performances daily at 8:30, 4, 8 and
9:30 P. M. Among the artists who will
appear are Sonor Fernandez, a musical artist;
Young Eldars, bicycle rider; Frank and
Mabel Hall, sketch artists; Boyd and
Rendall, song and dance men. The new
enterprise will be warmly welcomed by the
citizens of Rochester and that it will receive
their support is without question.

—Despite his reports as to his retirement
Japanese to be making preparations for
the coming season.
—Mrs. K. J. Bennett says she has returned
from her vacation, which she has passed at
the Canadian summer resorts.
—Henry Arthur Jones will not come to
New York to assist at the production of his
play, "The Dreading Girl," as was an-
nounced.
—Henry K. Abbey, Mrs. Abbey, Maurice
Bernhardt and his wife started last Thurs-
day morning for San Francisco, to meet the
one and only Sarah.
—Mr. Day has closed a twenty-one
years' lease of the new theatre in Gram-
bourne street, London, which will in future
be known as Day's Theatre.
—Daniel McCarthy will have three com-
panies on the road this season—"The
Crusader," "The True Irishman,"
and "The Irish Boy."
—Hyde's Bahamian Specialty Company
under the management of James Hyde of
Brooklyn, will begin rehearsing at the Ly-
ceum Theatre in this city, September 5th.
—The Lyceum Theatre, in New York, is
up and the foot will be put on next week.
The house is to be finished by November.
—Patsy wanted to have fooled Marcus R.
Mayer. He says soon as he had left Lon-
don Patsy showed her contract with Abbey,
made long before Mayer went in search of
her.
—Richard Mansfield will produce a new
tragedy, five acts entitled "Nero," on
September 17th. Mr. T. Russell Sullivan,
the author, adapted "Dr. Jekyll and Mr.
Hyde."
—Miss Rosalind, the Detroit dramatist,
has brought suit against A. F. Arthur, for
refusing to produce her play, "Lorino,"
for which Hurs Kendrick engaged the
people.
—Miss Fajilla Hall will make her reap-
pearance in New York in the Harlem Opera
House on September 14th. She will be
seen in "Madame Favart," "La Belle
Helene," "Nanon" and "Erminie."
—Richard Mansfield has officially an-
nounced that he will marry Miss Beatrice
Cameroon, the close of the coming season.
Mr. and Mrs. Mansfield will reside in Eng-
land when they are not starting in America.
—"A High Roller," which made such a
fiasco in New York, a few weeks back, has
been bought by Randall and Dickson. The
scenery and costumes will only be used and
another play by Archie Gordon, formerly
called "Haywards," substituted.
—The first rehearsal of the cantata, "The
Building of the Ship," which is to be pro-
duced at the Lyceum Theatre in October
under the direction of Eugene Bonn, or-
ganist at St. Patrick's Cathedral, will be
held at the New Academy next Wednesday
evening, September 2d.
—During his summer Augustus Pitou's sum-
mer vacation in Canada, he completed the
plot, situated in incidents for the war
drama, which he is writing in collaboration
with E. M. Friend. The play will be fin-
ished in September, and is to be produced
during the present season.
—Mary Wright has been rehearsing
for the production of her production of
"Amy Robart," which will be made
September 7th. This will no doubt be one
of the most important presentations of the
season, as the scenery, furniture, and cos-
tumes have been prepared at a great ex-
pense.
—John Collins, who will this season
be business manager of "The Cad," writ-
ten by E. M. Friend, and backed by Stuart
Webster, is going to Boston, where the
play will open. Mr. Collins made hosts of
friends while treasurer of the Lyceum,
and he has the best wishes of all for success
in his new occupation.
—Augustus Harris is almost overcome by
the weight of the honors heaped upon him
because he managed that operatic perform-
ance in honor of the German Emperor. Not
only was he knighted, but William sent him
a letter through his secretary conveying his
congratulations to Sir Augustus on receiving
that mark of Victoria's pleasure.
—Augustus Pitou's new stock company
will begin its season in Minneapolis on Sep-
tember 14th. The repertoire of the com-
pany will include "A Modern Match," by
Clyde Fitch; "Her Release," by Edward
Cadot; "A Loving Legacy," by Frederick
Snyder, and "Geoffrey Middleton, Gen-
tleman," by Martha Morton. The com-
pany includes Miss Minnie Seligman, Mr.
Nelson Wheatcroft.
—Robert Mantell's season will begin at
Yonkers to-day, when he appears in "The
Corsican Brothers." "The Louisiana-
ians" will be first seen at Troy, Septem-
ber 8th. Mr. Mantell's repertoire will em-
brace the following plays this season:
"Hamlet," "Othello," "Monsieur,"
"The Corsican Brothers," "The Louisi-
anians," and John Ernest McCann's one-
act play, "A Lesson in Acting."

—Miss Gale, lately leading lady in the
Booth & Barrett company, will make her
first appearance as a "star" to-night at
the Chestnut Street Opera House, Phila-
delphia. She will play the heroine in Oscar
Wilde's romantic play of "The Duchess of
Padua," better known here as "Guido
Farranti." Miss Gale's repertoire will in-
clude several legitimate dramas. Her
company will be largely recruited here from
her old comrades.
—Alexander Salvini arrived home last
Wednesday afternoon, on the Italian liner,
City of New York. A large number of the
brilliant young actor's admirers, including
well known professional people and mem-
bers of the press, chartered a tug-boat and
met him down the bay. He expressed him-
self as having had a delightful time during
his six weeks' stay abroad, two of which
were spent with his father at the villa Bal-
vini, near Florence, Italy. It was the
actor's first visit to his Italian home in five
years. He brought with him several new
plays and a large number of new cos-
tumes.
—Mr. James O'Neill's repertoire for the
coming season will embrace but two plays,
"The New South" and "Monte Cristo."
Both of these pieces will be done in a most
elaborate manner, however. "Monte
Cristo" will be given the most magnificent
and complete production it has ever had.
For the first time in many years, every
character written in the original version
will be cast, requiring twenty-one people.
Entirely new scenery has been constructed.
"The New South" will be tried early in
the season, and if it proves successful, it
will also be given a gorgeous oceanic sur-
rounding.
—Billie promises that his play "The
Cad," of which John J. Collins of this city
will be business manager, and which is in
active rehearsal for early production in New
York, shall carry the true Shakespearean
flavor. To this end he says no expense will
be spared. The play is not only written on
the best folk-lore paper, and the sawdust
used to sprinkle the stage is not two, fur-
nished by a high-toned saw-mill, but the
planned in not three will be carried to the
theater by Claude McGuire of Avenue A,
who moves pianos, bric-a-brac, mirrors,
jewelry, china, glassware, ad-
journments, etc.
—"For Years," says Rose Coghlan, "I
have been playing old comedies, and prob-
ably could play them many years longer,
but with the hope of something new in the
comedy line, I have, for the last twelve

years, been making preparations for the
coming season.
—Mrs. K. J. Bennett says she has returned
from her vacation, which she has passed at
the Canadian summer resorts.
—Henry Arthur Jones will not come to
New York to assist at the production of his
play, "The Dreading Girl," as was an-
nounced.
—Henry K. Abbey, Mrs. Abbey, Maurice
Bernhardt and his wife started last Thurs-
day morning for San Francisco, to meet the
one and only Sarah.
—Mr. Day has closed a twenty-one
years' lease of the new theatre in Gram-
bourne street, London, which will in future
be known as Day's Theatre.
—Daniel McCarthy will have three com-
panies on the road this season—"The
Crusader," "The True Irishman,"
and "The Irish Boy."
—Hyde's Bahamian Specialty Company
under the management of James Hyde of
Brooklyn, will begin rehearsing at the Ly-
ceum Theatre in this city, September 5th.
—The Lyceum Theatre, in New York, is
up and the foot will be put on next week.
The house is to be finished by November.
—Patsy wanted to have fooled Marcus R.
Mayer. He says soon as he had left Lon-
don Patsy showed her contract with Abbey,
made long before Mayer went in search of
her.
—Richard Mansfield will produce a new
tragedy, five acts entitled "Nero," on
September 17th. Mr. T. Russell Sullivan,
the author, adapted "Dr. Jekyll and Mr.
Hyde."
—Miss Rosalind, the Detroit dramatist,
has brought suit against A. F. Arthur, for
refusing to produce her play, "Lorino,"
for which Hurs Kendrick engaged the
people.

Brook's Pane of Glass

William Morrow, of Trumaine,
dugged copiously in Rochester, New York,
day so about 8:30 o'clock last night
fell rather tired and concluded that the
glass window of Young's cigar store
front street was a good opportunity to
lean up against. Mr. Morrow was
very heavy man but his head had
doubled his weight and he was leaning
the restaurant, amongst the tempt-
ing delicacies of the season, the
proprietor had an opportunity of
them to his hungry guests. Morrow
arrested by Sergeant Burdick and
Hynes, and looked up in a call, where
are much more solid than Young's
glass, which, by the way, was sent
into a thousand fragments.

Young Overburg's Death

William Overburg, the man
crushed by the elevator in Kearsy's
graphing establishment, on North
street last Friday, died Saturday
injuries. Dr. Talcott and Dr. Haines
made an autopsy last Saturday evening.
The internal organs were found to be
crushed. Death resulted from internal
hemorrhage and peritonitis. The funeral
will be held at 8:30 o'clock to-morrow
morning from No. 30 North street, and
9 o'clock from St. Bridget's Church.
Coroner Kleindienst will hold an inquest
this evening.

St. Ann's New Pastor

Rev. Father Upphams, pastor of
the Assumption, Chicago, will succeed
the pastorate of St. Ann's Church, which
Catholic of this city is 20 years old and
a graduate of the General Theological
seminary. He is unmarried, being a
candidate of the clergy so far as the
ecclesiastical is concerned. In the early
July Father Upphams was for two weeks
guest of George A. Buck, of the
Hotel, and during his visit officiated
Sundays at St. Ann's.

Found in a Freight Car

Two men looking suspiciously
at the freight car at East Main
and John Riley, residence, who were
found in a freight car at East Main
yesterday afternoon by Officers John
and School. As the freight car was
it is thought that the tramps broke in
intended to steal some of the merchandise
but were caught by the police before
had an opportunity of getting away with
anything.

Arrested After Many Days

Orlando Tuffa, who has been wanted
the police for many days, was arrested
Saturday night by Detective Burns,
warrant charging him with having stolen
a gold watch from Mrs. Anna J. Har-
son, on May 20th, on false pretenses.
The watch is valued at \$96 and it is alleged
was secured upon false representations.

Advance in Coal

There will be an advance in the price
of coal of 25c per ton on September 1st.

Lovejoy's in the Power

Sterling exchange steady—actual business 4.25 for 60-day bills and 4.25 for demand; posted rates 4.25. Commercial bills 4.25. Bar Silver quoted at ... Government bonds steady. Railway bonds firm. Stocks strong and excited. The opening of the stock market this morning was again active and strong, the first prices being generally 3/4 to 1/2 % cent.

sell up to the closing price of yesterday, although generally in December from 100s to 101 1/2 occurred on an impression among short sellers that the decline had been sufficiently rapid to warrant a reaction. Weakness in late cables, light clearances and heavy estimated receipts for Monday, caused active selling and the close was very weak. Cotton was in strong demand until after estimates for Monday were received, when buyers withdrew and the bulls became anxious to unload, the market closing weak. Oats are not in much favor, and receipts are sufficiently large to make buyers independent. Provisions were active, receipts of hogs light, and prices higher. We expect renewed activity after the 1st prox.

THE LOCAL MARKET.

GRAIN—WHEAT—Receipts 294,000 bush; sales 80,000 bush; futures and 100 bush spot; exports 100 bush; market ruled weak; sales August at 105 1/2 c. September at 104 1/2 c. October at 103 1/2 c.

not yet ready to sell them. The position of spinning wools is also firm. The quotations are scarcely in a position to admit of any radical change. Most of the trade is of the opinion that wool is very steady, and that it is not going any lower.
The sales for the week comprise 1,075,100 lbs. of wool, against 1,200,000 lbs. for the previous week. The receipts for the week were 1,157 bales, against 1,214 bales for the previous week, making a total of 22,557 bales, against 16,750 bales the same week a year ago.
Hop Markets.
Commercial Bulletin, August 29.
NEW YORK, August 29—Hop—No additional quotations were reported in new hops, but there was more or less negotiating on both at about 20 landed. London cables noted a firm market there, stating that most of American hops are practically sold.

NEW MUSÉE THEATER

RECEPTION GIVEN BY M. S. ROBINSON,
THE PROPRIETOR.

The Upper Floors of the Washington
Hall Block Completely Transformed
—The New Theater Pronounced a Per-
fect Gem.

Few persons who attended the reception
given Saturday evening by M. S. Robin-
son, proprietor of the new Musée-Theater
at the northeast corner of Clinton and
Main streets, were prepared for the com-
plete transformation that has taken place
in the Washington Hall block. The nu-
merous invitations sent out by Mr. Robin-
son read, "yourself and friends are in-
vited," etc., and it is safe to say that
almost every recipient of an invitation had
one or more friends who were anxious to
get a glimpse of the new place of amuse-
ment. It is, therefore, unnecessary to say
that a large crowd of representative citi-
zens and business men were present and
partook of the proprietor's generous hospi-
tality.

The guests began arriving at 8 o'clock
and an hour later fully 300 people under
the guidance of Mr. Robinson and his as-
sociates were inspecting the Musée Theater.
It was well known that the block had been
undergoing repairs for some time, but to
say that all were more than surprised at
the complete change, is simply stating the
fact.

After the place had been thoroughly
looked over a banquet was served, and of
all the good things to eat, drink and
smoke there was plenty and to spare; in
fact, there seemed to be an inexhaustible
supply. Many expressions of appreciation
of the liberality of the host were heard.
After the luncheon speeches of congratula-
tion and compliment were made by Sena-
tor McNaughton and Assemblyman Par-
sons. Mr. Robinson responded in a happy
manner. Lafe Heidehl was called for and
recited a poem and told a few funny
stories. Altogether the occasion was a
most enjoyable one.

Among those present were: Mayor Car-
roll, Senator McNaughton, Assemblyman
Parsons, Secretary Moss of the Chamber
of Commerce, George W. Aldridge of the
Executive Board, City Clerk Sheridan,
Aldermen Scher and Bohrer, Fire Mar-
shal Walter, Manager John E. Pierce of
the Lyceum, A. E. Wolff, and many other
city officials, theatrical people and repre-
sentatives of the press.

It would be next to impossible to de-
scribe with sufficient praise the new thea-
ter. The main entrance is west of the old
entrance to the building. Upon ascending
a flight of stairs you enter the lecture room
and next above that are two large rooms
at the end of which is the platform. To
the north end, on the Clinton street side, is
the theater, which is certainly a gem.
It will seat about 700 persons,
having besides the parquet circle,
a balcony, gallery and two large boxes.
The stage is also quite large, the
proscenium arch being thirty-four feet
wide. The curtain is a handsome one and
the decorations throughout the theater are
superb. The ceiling represents the firmam-
ent, electric lights appearing as stars.
In the center is a large cluster of electric
lights. Not the theater alone but the build-
ing throughout is complete in every ap-
pointment.

The Musée Theater will open its doors
to-morrow evening and from that time
out will be open each week day from 1
o'clock in the afternoon until 10:15 at
night. There will be in the lecture room
a large and interesting collection of curi-
osities, among which will be Morrell, the
jack-knife king, and his latest creation,
an electric motor, made entirely of wood,
with the exception of the magnet. Mor-
rell is said to be the greatest jack-knife
carver in America. Other
attractions will be Singleton's Punch and
Judy Show, Annie Rooney, who is a mon-
key and has the only monkey baby born in
captivity. There will also be the Royal
Hungarian Gypsy Band from Buda Pesth,
which is a musical organization of great
excellence; an Italian muser, a menagerie,
and other features in great variety. In
the theater the Metropolitan Comedy
Company will give four performances
daily at 2:30, 4, 8, and 9:30
p. m. Among the artists who will
appear are Sonor Fernandez, musical ar-
tist; Young Valero, bicyclist; Frank
and Mabel Hall, sketch artists; Boyd and
Simsfield, song and dance men.
That Mr. Robinson's enterprise will be
well patronized there is no doubt, as it
fills a long-felt want. The performances
will be clean and any lady may visit the
place with perfect propriety.

Tickets Free to the Musée Theater.

Here is a chance for the children to see
the Musée Theater free. A ticket given with
each pair of our school shoes.

ONE-PRICE BECK,
No. 196 East Main street.

Ladies' Fur Shoulder Capes

Sackings
Done in first-class workmanship at the
most reasonable price. All work guaran-
teed.
MONG & SHAFER.

Free! Free! Free! A Ticket to the Musée
Theater.

With our solid school shoes a ticket free
to every boy and girl who buys a pair.
School opens week after next.
ONE-PRICE BECK,
No. 196 East Main street.

RAILROAD NOTES.

Various Items of Interest on the Leading
Roads of the Country.

—The earnings of the Lake Erie and
Western for July, 1891, were: Gross,
\$2,818,392; net, \$853,670.

—The washout on the Central near Hud-
son has been repaired and yesterday all
the through trains were running on time.
—The Bradford Division of Railroad
Conductors will enjoy an excursion to On-
tario Beach over the Buffalo, Rochester &
Pittsburg, September 6th.

—J. A. Fellows, general passenger agent,
and J. W. Watson, division superintendent
of the Western New York and Pennsylva-
nia, were in the city yesterday.

—Brakeman Charles E. Smith, on the
Rochester division of the Erie, has lost
two fingers of his right hand. They were
smashed Thursday in the Corning train
yard.

—The Central officials have under con-
sideration plans for extensive coal trestles
at Oswego, Richmond, Philadelphia and
Watertown on the Rome, Watertown and
Ogdensburg system.

—Superintendent Hitchell of the Wyom-
ing division of the Lehigh Valley has
issued an order prohibiting the decoration
of engines lay and the draping of the hand
rails and cab in case of mourning.

—Hereafter the local office of the North-
ern Central will have space assigned it for
passengers in the sleepers to Philadelphia
and Washington. It is a change that will
prove a great convenience to Rochester-
ians.

—The Pennsylvania is building at Alto-
ona an immense locomotive for hauling
the limited trains at the necessary speed.
It will be more than twice as long as the
average locomotive and will have two sets
of driving wheels. The wheels will be
under the trucks, so that the locomotive
can round curves. Two firemen will be
necessary.

—The record for the fastest single mile
was made on the Bound Brook road, be-
tween Philadelphia and Landisboro on Fri-
day of last week. It was made by engine
206 drawing two ordinary coaches and
President McLeod's private car. The time
was 39 4-5 seconds. The fastest five miles
was made in three minutes and 25 4-5
seconds and 10 miles in seven minutes and
12 seconds.

—A Chicago dispatch says Chairman
Midgley and Faithorn have decided the
 vexatious question of applying Chicago
rates at Milwaukee on Texas business.
They decide that Chicago rates shall apply
in the territory bounded by Milwaukee,
Waukesha, and Burlington, and that the
westbound line from Chicago to the Mis-
sissippi shall take a 70 per cent. division.

—Railroad Commissioner Tickard was
at Syracuse Saturday taking evidence in
the case of the late railroad disaster at
Montezuma. The rear brakeman on the
freight train, which was struck by the fast
passenger train, causing the death of over
a dozen passengers, testified that he rode a
long distance on the steps of the freight
car, lantern in hand, ready to jump
off to fix danger signals on the track as
soon as it was safe for him to do so. The
freight conductor, Tomin, refused to tes-
tify because he is under indictment.

—President Miller in the annual report
of the Chicago, Milwaukee & St. Paul,
given out Thursday, denies the charge that
the principal lines of railway in the west
are overcapitalized and asserts that these
roads cannot be duplicated for their pres-
ent capitalization. On the rate question
he says: "During the past year efforts to
improve the general situation gave rise to
the Western Traffic Association, which has
this feature that especially distinguishes it
from other associations that the governing
authority rests in the boards of directors
of the various companies. It is not to be
expected that it should at once cure all
the evils it has had to deal with, but it has
certainly been of valuable interest to rail-
way interests."

—A novel device and one which seems
to be regarded as a step at least in render-
ing railroad travel safer than it is at pres-
ent, consists of an apparatus for automati-
cally signalling a train at any given
station on the line by the train dis-
patcher at the directing point, which may
be hundreds of miles away from the sta-
tion at which it is desired to display the
signal. The latter, however, is not in-
tended to take the place of an operator; it
is rather in the nature of an emergency
signal, and a check upon the operator who
may be engaged in other duties away from
his instrument at the all-important mo-
ment. But not only this, the apparatus
automatically returns a response to the
despatcher, indicating that the signal has
been set, and at the same time a bell is
sounded, to attract the attention of the
operator, who is in this way notified that
his immediate attention at the wire is de-
manded. This mechanism is flexible in
its application, and there are many other
important uses to which it can be put.

—The Lehigh Valley will soon erect a
new depot at Buffalo, which, judging from
the plans will be a very handsome struc-
ture. It will be three stories in height, 114
feet wide, and 202 feet long, and will cost
in the neighborhood of \$200,000. The
general character of the architecture will
be Romanesque. The principal materials
used will be Philadelphia pressed brick
and Medina red sandstone, quarry finish-
ed, with terra cotta trimmings. The
tower will extend upwards 155 feet from
the ground line. On the lower or first
floor will be located the waiting room in
the center of the building. It will be 50
feet wide by 58 feet long. On the left
will be the ladies' room. The ticket
office will be in the rear of this and the
telegraph office will be behind the ticket
office. The right hand corner of the build-
ing will be used for a restaurant. Behind
this will be a smoking room and the bag-
gage room, the express room and the store
room will be further in the rear eastward.
The train house will be on the north side
in the rear of the waiting room. It will be
75 feet wide and will be fitted with raised
platforms. The waiting room will be fitted
with marble, and the wood paneling
throughout will be substantial and hand-
some. The outside paving and the plat-
form walks will be laid with granite com-
position. A very extensive and com-
plete system of electric lighting is provided
for in the specification.

—The New York World a few days ago
printed a story about the movements of a
syndicate, at the head of which are Gen.
S. H. Thomas, Senator Bruce and others,
especially those interested in Louisville,
New Albany & Chicago and the Lake Erie
& Western. Those gentlemen are said to
be the chief factors in the contemplated
western extension of the Canadian Pacific
to Chicago. Gen. Thomas has been in con-
sultation with President Van Horn of the
latter road, preparing the details for the
construction of the road to connect with
the Louisville, New Albany & Chicago,
over which road the entry into Chicago
will be made. Senator Bruce's interest in
the scheme is said to be in the fact that the
C. P. will give his Lake Erie & Western a
competitor of the Lake Shore, which has
been receiving business from the L. E. &
W. without having to give anything in re-
turn. Another conference will be held
this week. The Canadian Pacific and Lake

that it was done for the purpose of scorch-
ing the Canadian Pacific people. The new line
will parallel the Lake Shore from Detroit
to Chicago, the right of way in many plac-
es adjacent thereto. It will also for a
connecting line with the Michigan Cen-
tral, thus attacking the Vanderbilt sys-
tem at various important commercial cen-
ters in Michigan, Ohio and Indiana. At
Louisville, New Albany & Chicago, giv-
ing the new line terminal facilities. Chi-
cago will also be utilized as a friend-
alliance for traffic to and from the south
while the Lake Erie & Western with
western extension to Poria will furnish
outlet in that direction, again attacking
Vanderbilt interest in the Big Four in its
section as well as at Indianapolis. A
new alliance will furnish Mr. Bruce a
an eastern outlet for his Lake Erie
Western, the traffic from which he has
been compelled to deliver over to the La-
Shore at Sandusky, O., receiving nothing
in return.

—At a conference between commit-
tees of the Southern Mississippi Val-
ley Association and the Central Traffic As-
sociation held in this city it has been ag-
reed that whenever the southern lines shall
advance the rates on cotton from Mem-
phis to eastern points the lines from Ohio to
points, East St. Louis and related up
Mississippi river points will make cor-
responding and simultaneous advances.
was resolved, however, that if the rates
on cotton as fixed by the commissioners
Texas prevent the routes through St. Lo-
Cairo and Hannibal carrying their pro-
portion of the Texas cotton on the basis of
advanced rates east of the Missis-
sippi river, then such lines will be entitled
such a revision of the rates as will en-
able them to carry their proper proportion
of the traffic.

The aggregate gross earnings of 182 ro-
ads for the six months ending June 30th
are, \$387,932,291, an increase over the
period in 1890 of \$7,317,198. While
operating expenses show an increase
\$3,731,367, the net earnings are \$116,9
553, an increase over last year of \$12
632. While 63 roads show decreases,
roads have increased earnings, and 100
that number increased net earnings.

The earnings of the C. & O., B. & O.,
W. Cincinnati Southern, Big Four, C.
M. & N., N. C. & St. L., L. N. O. &
T. & O. C. and L. St. L. & T. roads for
second week in this month have al-
ready been given in our columns.

The following additional compar-
ison show increased earnings for the se-
cond period:

	Earnings.	In-
Atchafalpa, Topeka & Santa Fe	\$24,750	\$10
Chicago & East Illinois	76,261	1
Chicago & West Michigan	55,890	1
Detroit, Lansing & Northern	25,257	1
Evansville & Indianapolis	6,691	1
Evansville & Terre Haute	27,152	4
Flint & Pere Marquette	30,400	1
Lake Erie & Western	80,415	1
Louisville, Evansville & St. Louis	33,577	2
Louisville, New Albany & Chicago	60,211	1
Peoria, Decatur & Evans	19,433	1
Pittsburg & West	43,611	4
Toledo, St. Louis & K. C.	43,151	1
Wabash system	20,000	1
Wheeling & Lake Erie	27,911	1

Decreased earnings are reported by
following roads for the second week:

	Earnings.	In-
Cint., Jack. & Mackinaw	\$13,350	\$
Grand Rapids & Indiana	67,439	9
Northern Pacific	48,125	31
Wisconsin Central	105,501	12
Reamond & Danville system	20,440	13
Norfolk & Western	18,042	1

The earnings of the Queen & Cres-
cent systems for the first week in August
are \$151,059, an increase of \$1,613.
Pittsburgh & Ohio earnings for the mo-
nth of July are \$2,162,673, an increase of
\$611 over the same month last year.
Columbus, Hocking Valley & Toledo
for the month of July shows \$11,262 increas-
earnings.
The Ohio Southern earned \$47,673
July, an increase of \$7,914.
The Cincinnati Northwestern earn-
ing for July are \$1,174, a decrease of \$182.
Chicago, Rock Island & Pacific earn-
ing for July are \$1,356,910, showing an in-
crease of \$101,810.

THE STATE FAIR.

Arrangements for the Fifty-First An-
nual Exhibition at Syracuse.

The New York State Agricultural S-
ciety's fifty-first annual fair will be held
at Syracuse September 10th to 17th. A
number of entries are reported to ex-
ceed those of any previous fair, showing that
this is to be the largest and best exhibi-
tion ever held by the society. The sta-
buildings will be filled with a grand lot
horses, cattle, sheep and swine. The ex-
hibitions for poultry number over 2,100, m-
than twice the number of any previ-
fair. For the first time hackney horn
a new breed in this country, is
shown. The importation of ha-
neys, just made by Mr. George Gre-
Katonah, N. Y., will arrive to show at
fair. Mr. John A. Logan, Jr., will s-
have some magnificent specimens of
strain of horses. A special effort has b-
made to secure a good exhibit of fruits
this part of the show will be not only v-
large, but very attractive. The grou-
contain 118 acres. The railroad facil-
are perfect. Exhibits will be taken i-
the grounds directly from the three r-
roads of this State—the N. Y. C. & H.
R., W. S. R. R., and D. L. & W. R.
The main lines of these roads have stati-
on the grounds, and passengers and
hibits reach the Fair Grounds without
of the serious annoyances caused by del-
in switching, etc.

The Rochester Co-operative Sup-
ply Company,

No. 102, Cox Building, Roche ter, N.
branch of the Rice-Wright Custom Clo-
ing and Merchandise Company of Ph-
adelphia, Pa. Business was opened in
city on the 17th day of June. The
Names of the owners of these ti-
which have matured from that time u-
and including August 1st, 1891, have b-
repeatedly published heretofore in the
columns of the Union and Advertiser.

From August 1st, 1891, to and includ-
Saturday August 29th, 1891, the follow-
titles have matured:

TITLES MATURED SINCE AUGUST 1ST.

Want Column, and secure one.

The New Theater Pronounced a Por-
fect Gem.

Few persons who attended the reception
given Saturday evening by M. S. Robin-
son, proprietor of the new Museo-Theater
at the northeast corner of Clinton and
Main streets, were prepared for the com-
plete transformation that has taken place
in the Washington Hall block. The nu-
merous invitations sent out by Mr. Robin-
son read, "yourself and friends are in-
vited," etc., and it is safe to say that
almost every recipient of an invitation had
one or more friends who was anxious to
get a glimpse of the new place of amuse-
ment. It is, therefore, unnecessary to say
that a large crowd of representative citi-
zens and business men were present and
partook of the proprietor's generous hos-
pitality.

The guests began arriving at 8 o'clock
and an hour later fully 300 people under
the guidance of Mr. Robinson and his as-
sociates were inspecting the Museo Theater.
It was well known that the block had been
undergoing repairs for some time, but to
say that all were more than surprised at
the complete change, is simply stating the
fact.

After the place had been thoroughly
looked over a banquet was served, and of
all the good things to eat, drink and
smoke there was plenty and to spare; in
fact, there seemed to be an inexhaustible
supply. Many expressions of appreciation
of the liberality of the host were heard.
After the luncheon speeches of congratula-
tion and compliment were made by Sena-
tor McNaughton and Assemblyman Par-
sons. Mr. Robinson responded in a happy
manner. Life Heidehl was called for and
recited a poem and told a few funny
stories. Altogether the occasion was a
most enjoyable one.

Among those present were: Mayor Car-
roll, Senator McNaughton, Assemblyman
Parsons, Secretary Moss of the Chamber
of Commerce, George W. Aldridge of the
Executive Board, City Clerk Shoridan,
Aldermen Scher and Bohrer, Fire Mar-
shal Walter, Manager John R. Pierce of
the Lyceum, A. E. Wolff, and many other
city officials, theatrical people and repre-
sentatives of the press.

It would be next to impossible to de-
scribe with sufficient praise the new thea-
ter. The main entrance is west of the old
entrance to the building. Upon ascending
a flight of stairs you enter the lecture room
and next above that are two large rooms
at the end of which is the platform. To
the north end, on the Clinton street side, is
the theater, which is certainly a gem.
It will seat about 700 persons,
having besides the parquet circle,
a balcony, gallery and two large boxes.
The stage is also quite large, the
proscenium arch being thirty-four feet
wide. The curtain is a handsome one and
the decorations throughout the theater are
superb. The ceiling represents the firmam-
ent, electric lights appearing as stars.
In the center is a large cluster of electric
lights. Not the theater alone but the build-
ing throughout is complete in every ap-
pointment.

The Museo Theater will open its doors
to-morrow evening and from that time
out will be open each week day from 1
o'clock in the afternoon until 10:15 at
night. There will be in the lecture room
a large and interesting collection of curi-
osities, among which will be Morrell, the
jack-knife king, and his latest creation,
an electric motor, made entirely of wood,
with the exception of the magnets. Mor-
rell is said to be the greatest jack-knife
wood carver in America. Other
attractions will be Singleton's Punch and
Judy Show; Annie Rooney, who is a mon-
key and has the only monkey baby born in
captivity. There will also be the Royal
Hungarian Gypsy Band from Buda Pesth,
which is a musical organization of great
excellence; an E. ten museum, a menagerie,
and other features in great variety. In
the theater the Metropolitan Comedy
Company will give four performances
daily at 2:30, 4, 8, and 9:30
p. m. Among the artists who will
appear are Senor Fernandez, musical ar-
tist; Young Valdora, bicycle rider; Frank
and Mabel Hall, sketch artists; Boyd and
Sarsfield, song and dance men.

That Mr. Robinson's enterprise will be
well patronized there is no doubt, as it
fills a long-felt want. The performances
will be clean and any lady may visit the
place with perfect propriety.

Tickets Free to the Museo Theater.

Here is a chance for the children to see
the Museo Theater free. A ticket given with
each pair of our school shoes.

ONE-PRICE BECK,
No. 196 East Main street.

Ladies' Fur Shoulder Capes

to every boy and girl who buys a pair.
School opens week after next.
ONE-PRICE BECK,
No. 196 East Main street.

The Genuine Imported Carlsbad
Sprudel Salt

Is an alternative and eliminative remedy, which
dissolves tenacious bile, allays irritation, and re-
moves obstruction by aiding nature and not by
sudden and excessive irritation, as most cathartics
do. Obtain the genuine imported article only.
m.w.s.

the through trains were running on time.

The Bradford Division of Railroad
Conductors will enjoy an excursion to On-
tario Beach over the Buffalo, Rochester &
Pittsburg, September 6th.

J. A. Fellows, general passenger agent,
and J. W. Watson, division superintendent
of the Western New York and Pennsylv-
ania, were in the city yesterday.

Brakeman Charles E. Smith, on the
Rochester division of the Erie, has lost
two fingers of his right hand. They were
smashed Thursday in the Corning train
yard.

The Central officials have under con-
sideration plans for extensive coal trestles
at Oswego, Richmond, Philadelphia and
Watertown on the Rome, Watertown and
Ogdensburg system.

Superintendent Hitchell of the Wyo-
ming division of the Lehigh Valley has
issued an order prohibiting the decoration
of engines beyond the draping of the hand
rails and cab in case of mourning.

Hereafter the local office of the North-
ern Central will have space assigned it for
passengers in the sleepers to Philadelphia
and Washington. It is a change that will
prove a great convenience to Rochester-
ians.

The Pennsylvania is building at Al-
toona an immense locomotive for hauling
the limited trains at the necessary speed.
It will be more than twice as long as the
average locomotive and will have two sets
of driving wheels. The wheels will be
under the trucks, so that the locomotive
can round curves. Two firemen will be
necessary.

The record for the fastest single mile
was made on the Bound Brook road be-
tween Philadelphia and Landhorne on Fri-
day of last week. It was made by engine
206 drawing two ordinary coaches and
President McLeod's private car. The time
was 39 4-5 seconds. The fastest five miles
was made in three minutes and 25 4-5
seconds and 10 miles in seven minutes and
12 seconds.

A Chicago dispatch says Chairman
Midgley and Fairbank have decided the
vexatious question of applying Chicago
rates at Milwaukee on Texas business.
They decide that Chicago rates shall apply
in the territory bounded by Milwaukee,
Waukegan, and Burlington, and that the
westbound line from Chicago to the Mis-
sissippi shall take a 70 per cent. division.

Railroad Commissioner Rickard was
at Syracuse Saturday taking evidence in
the case of the late railroad disaster at
Montezuma. The rear brakeman on the
freight train, which was struck by the fast
passenger train, causing the death of over
a dozen passengers, testified that he rode a
long distance on the steps of the freight
caboose, lantern in hand, ready to jump
off to fix danger signals on the track as
soon as it was safe for him to do so. The
freight conductor, Tobin, refused to tes-
tify because he is under indictment.

President Mill in the annual report
of the Chicago, Milwaukee & St. Paul,
given out Thursday, denies the charge that
the principal lines of railway in the west
are overcapitalized and asserts that these
roads cannot be duplicated for their pres-
ent capitalization. On the rate question
he says: "During the past year efforts to
improve the general situation gave rise to
the Western Traffic Association, which has
this feature that especially distinguishes it
from other associations that the governing
authority rests in the boards of directors
of the various companies. It is not to be
expected that it should at once cure all
the evils it has had to deal with, but it has
certainly been of valuable interest to rail-
way interests."

A novel device and one which seems
to be regarded as a step at least in render-
ing railroad travel safer than it is at pres-
ent, consists of an apparatus for automati-
cally signaling a train at any given
station on the line by the train dis-
patcher at the directing point, which may
be hundreds of miles away from the sta-
tion at which it is desired to display the
signal. The latter, however, is not in-
tended to take the place of an operator; it
is rather in the nature of an emergency
signal, and a check upon the operator who
may be engaged in other duties away from
his instrument at the all-important mo-
ment. But not only this, the apparatus
automatically returns a response to the
dispatcher, indicating that the signal has
been set, and at the same time a bell is
sounded, to attract the attention of the
operator, who is in this way notified that
his immediate attention at the wire is de-
manded. This mechanism is flexible in
its application, and there are many other
important uses to which it can be put.

The Lehigh Valley will soon erect a
new depot at Buffalo, which, judging from
the plans will be a very handsome struc-
ture. It will be three stories in height, 114
feet wide, and 292 feet long, and will cost
in the neighborhood of \$200,000. The
general character of the architecture will
be Romanesque. The principal materials
used will be Philadelphia pressed brick
and Medina red sandstone, quarry finish-
ed, with terra cotta trimmings. The
tower will extend upwards 155 feet from
the ground line. On the lower or first
floor will be located the waiting room in
the center of the building. It will be 50
feet wide by 38 feet long. On the left
will be the ladies' room. The ticket
office will be in the rear of this and the
telegraph office will be behind the ticket
office. The right hand corner of the build-
ing will be used for a restaurant. Behind
this will be a smoking room and the bag-
gage room, the express room and the stor-
age room will be further in the rear eastward.
The train house will be on the north side
in the rear of the waiting room. It will be
75 feet wide and will be fitted with raised
platforms. The waiting room will be fitted
with marble, and the wood paneling
throughout will be substantial and hand-
some. The outside paving and the plat-
form walls will be laid with granite, etc.
composition. A very extensive and com-
plete system of electric lighting is provided
for in the specification.

The New York World a few days ago
printed a story about the movements of a
syndicate, at the head of which are Gen.
S. H. Thomas, Senator Brice and others,
especially those interested in Louisville,
New Albany & Chicago and the Lake Erie
& Western. These gentlemen are said to
be the chief factors in the contemplated
western extension of the Canadian Pacific
to Chicago. Gen. Thomas has been in con-
sultation with President Van Horn of the
latter road, preparing the details for the
construction of the road to connect with
the Louisville, New Albany & Chicago,
over which road the entry into Chicago
will be made. Senator Brice's interest in
the scheme is said to be in the fact that the
C. P. will give his Lake Erie & Western a
competitor of the Lake Shore, which has
been receiving business from the L. E. &
W. without having to give anything in re-
turn. Another conference will be held
this week. The Canadian Pacific and Lake
Erie & Western people believe that the
Lake Shore is bluffing and the World
says: The Lake Shore has inaugu-
rated a strong opposition to the
proposed roads. Not long since, it
was announced from Cleveland, O.,
that the Lake Shore proposed to parallel its
own line from Toledo to Elkhart, Ind., but
it was not generally believed it would be
done, the impression prevailing at the time

giving the new line terminal facilities
Chicago will also be utilized as a friend-
alliance for traffic to and from the south
while the Lake Erie & Western with
western extension to P.oria will furnish
outlet in that direction, again attacking
Vanderbilt interest in the Big Four in ti-
section as well as at Indianapolis. A
new alliance will furnish Mr. Brice with
an eastern outlet for his Lake Erie
Western, the traffic from which he
has been compelled to deliver over to the
Shore at Sandusky, O., receiving nothing
in return.

At a conference between commit-
tees of the Southeastern Mississippi Val-
ley Association and the Central Traffic As-
sociation held in this city it has been ar-
ranged that whenever the southern lines shall
advance the rates on cotton from Mem-
phis to eastern points the lines from Ohio ri-
vers, East St. Louis and related up
Mississippi river points will make cor-
responding and simultaneous advances.
was resolved, however, that if the rates
cotton as fixed by the commission-
Texas prevent the routes through St. Lo-
Cairo and Hannibal carrying their pro-
portion of the Texas cotton on the basis of
advanced rates east of the Missis-
sippi river, then such lines will be entitled
such a revision of the rates as will en-
able them to carry their proper proportion
of the traffic.

The aggregate gross earnings of 1892
for the six months ending June 30th
are, \$387,632,391, an increase over the
period in 1890 of \$7,317,198. While
operating expenses show an increase
\$3,731,561, the net earnings are \$116,9-
533, an increase over last year of \$3,2-
632. While 63 roads show decreases,
roads have increased earnings, and 100
that number increased net earnings.
The earnings of the C. & O., B. & O.,
W., Cincinnati Southern, Big Four, C-
M. L. & N., N. C. & St. L., L. N. & O.,
& T. & O. C. and L. St. L. & T. roads for
second week in this month have alre-
been given in our columns.

The following additional compar-
show increased earnings for the se-
cond period:

	Earnings. In
Achison, Topeka & Santa Fe.....	\$54,725 \$10
Chicago & East Illinois.....	75,201 9
Chicago & West Michigan.....	35,840 4
Detroit, Lansing & Northern.....	25,271 2
Evansville & Indianapolis.....	8,491 1
Evansville & Terre Haute.....	27,137 4
Flint & Pere Marquette.....	30,440 4
Lake Erie & Western.....	84,415 1
Louisville, Evansville & St. Louis.....	33,377 2
Louisville, New Albany & Chicago.....	40,271 1
Peoria, Decatur & Evansville.....	19,443 1
Pittsburg & Western.....	4,511 4
Toledo, St. Louis & K. C.....	43,151 1
Wabash system.....	20,000 22
Wheeling & Lake Erie.....	17,119 1

Decreased earnings are reported by
following roads for the second week:

	Earnings. In
Chitt. Jack & Mackinaw.....	\$1,150 \$1
Grand Rapids & Indiana.....	1,150 9
Northern Pacific.....	45,125 31
Wisconsin Central.....	10,550 1
Rock Island & Pacific system.....	20,340 13
Norfolk & Western.....	18,842 7

The earnings of the Queen & Cresce-
systems for the first week in August -
\$151,059, an increase of \$6,613.

Baltimore & Ohio earnings for the mo-
of July are \$2,162,673, an increase of \$3-
611 over the same month last year.

Columbus, Hocking Valley & Toledo -
the month of July shows \$11,262 increas-
earnings.

The Ohio Southern earned \$47,673
July, an increase of \$7,913.

The Cincinnati Northwestern earn-
for July are \$1,174, a decrease of \$182.
Chicago, Rock Island & Pacific earn-
for July are \$1,359,919, showing an in-
crease of \$101,810.

THE STATE FAIR.
Arrangements for the Fifty-First An-
nual Exhibition at Syracuse.

The New York State Agricultural So-
ciety's fifty-first annual fair will be held
at Syracuse September 10th to 17th. A
number of entries are reported to ex-
ceed those of any previous fair, showing that
this is to be the largest and best exhibi-
tion ever held by the society. The sta-
buildings will be filled with a grand lot
horses, cattle, sheep and swine. The ex-
tries for poultry number over 2,100, more
than twice the number of any previ-
fair. For the first time hackney hons
a new breed in this country, have
been shown. The importation of ha-
ckneys, just made by Mr. George Gre-
Katonah, New York, will arrive to show at
fair. Mr. John A. Logan, Jr., will ex-
have some magnificent specimens of
strain of horses. A special effort has b-
made to secure a good exhibit of fruits
this part of the show will be not only v-
large, but very attractive. The grou-
contain 118 acres. The railroad agent
are perfect. Exhibits will be taken i-
the grounds directly from the three r-
roads of this State - the N. Y. C. & H.
R., W. & S. R. R., and D. L. & W. R.
The main lines of these roads have stati-
on the grounds, and passengers and
hikets reach the Fair Grounds without
of the serious annoyances caused by del-
in switching, etc.

The Rochester Co-operative Sup-
ply Company,

No. 102, Cox Building, Rochester, N.
branch of the Rice-Wright Custom Clo-
ing and Merchandise Company of Ph-
adelphia, Pa. Business was opened in
city on the 15th day of June, 1891.
Names of the owners of these ti-
which have matured from that time on
and including August 1st, 1891, have b-
repeatedly published heretofore in the
columns of the Union and Advertiser.

From August 1st, 1891, to and includ-
Saturday August 29th, 1891, the follow-
titles have matured:

TITLES MATURED SINCE AUGUST 1ST.

AMUSEMENTS.

**"Home and Home" and the "Fire
Patrol"—Announcements.**

After a time, say about eight weeks,
when the various members of Reed &
Collins' company have become thoroughly
familiar with their parts and accustomed
to appearing together, and the two leading
comedians have had a chance to work in
their own funny little business, the farce
comedy, "Home and Home," will be a very
good show of its kind. The man who
wrote it laid a good foundation and all
that now remains is the ornamentation.
Reed and Collins are just the men for the
work, and they have gathered about them
a very large and capable company of as-
sistants. Even in its present rather
crude state, the piece is funny and gives
satisfaction, as was shown from the gen-
erous applause accorded the various persons
in the cast by the audience which saw the
performance at the Lyceum last evening.
Among the company are several good
singers and dancers, and altogether they
make music. William Collins, as the
Judge, makes up well and does his funny
business and says funny things in a very
catching way. Charlie Reed's part is not
so well suited to him. The other members
of the company fill in. Miss Helmer, as
Mrs. Labella Jones, the Judge's wife, was
particularly good. The performance will
be repeated this and to-morrow evenings.

The "Fire Patrol," a strong melodrama,
the story of which was given in last Sat-
urday's UNION, was produced at the
Academy of Music yesterday afternoon
and last evening before two very large au-
diences. The piece is one that is bound to
be a success. It has all the elements of a
popular play, and as given at the Academy
is worthy of large patronage. The com-
pany producing the piece is large and
strong, and its members are all handsome.
William Hittner and J. W. Harkens, Jr.,
each of whom portray two parts, are
actors entirely capable of carrying the
play to success, and the management has
placed under them a supporting company
equal to the work called for. The "Fire
Patrol" will be given every evening this
week and to-morrow and Saturday after-
noons.

It gives great pleasure to announce that
the alterations of the ceiling of the Lyceum
theater have greatly improved the acous-
tic properties of the house. Other changes
such as the placing of twenty-five addi-
tional lights in the auditorium and a lib-
eral use of good paint has improved its
appearance very much. Rochester has
now a theater which is as nearly perfect
as can be and of which she is justly proud.

The formal opening of Robinson's Music
Theater, announced for this evening, has
been postponed to to-morrow evening on
account of delay in the arrival of seats.
Chauncey Palmer, the music reader, who
is to be one of the attractions at the new
theater, will give a free exhibition in the
lobby of Powers' Hotel this afternoon.
The Hungarian Band will play to-night at
Ontario Beach.

The sale of seats for Joseph Haworth's
engagement at the Lyceum Theater began
this morning. Mr. Haworth's stay will be
for three nights—and a matinee. "SE-
MARE" will be given Thursday and Friday
evenings, and also at the Saturday mat-
inee. Saturday evening a double bill will
be presented, "Mrs. Dill" and "Rur-
Blau."

The Rochester Consolidated Minstrels
will appear at the Lyceum Wednesday
evening, September 20th. The company is
the same as that which appeared at that
theater during the League of American
Wheelmen meet. Sam Milington, who
is known when "corked" as "palestru-
dinous Sam," will act as interlocutor, and
Lafe Hield and T. J. McCall will hold the
ends. Mr. Heikel is now looking for a
pantomimous mate, and if his search is
successful the pair will do a turn together.
The eight dancers, drillers and all the other
artists will appear, and the show will be a
good one.

Mr. H. R. Jacobs has made arrange-
ments to open the new Cook Opera House
with four performances of comic opera by
local talent. In the cast will appear Mrs.
Jaxton, Philip Fried, Harry Congdon,
Charles Lansing and other well known
Rochester singers. This is a great tribute
to Rochester talent.

Methodist Episcopal Church.

Monday and Tuesday next the Rochester
District Conference of the Methodist
Episcopal Church will hold its second
session of the present year at Lima. Chan-
cellor Sims will open the session with a
sermon at 7:30 p. m. Monday. Following

Rochester. It was expected that the re-
pairs would be finished to-day but though
the contractors pushed the work forward
with all diligence, unavoidable delays oc-
curred and the hospital, in all its comple-
ness, will not be ready till the fifteenth of
the present month, just seven months from
the day when the flames enveloped the
building.

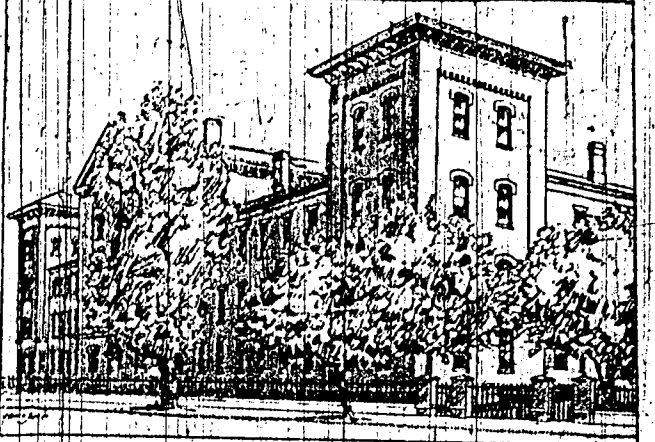

The work of restoration has been ac-
complished through charitable gifts from
the citizens of Rochester. On the evening
following the fire, February 16, 1897, the
Union started a subscription with these
words: "Every citizen of Rochester who
has a sufficiency of this world's goods and
tempers, and who has a fellow feeling for
more unfortunate humanity, known what
St. Mary's Hospital was in public service,
what it is in its ashes, and what it should
be made again in the only manner that it
can be made—by generous subscription
of those who have and are disposed to give."
accompanied by a check for \$100. At the
hour of going to press that day the amount
of subscription—all voluntary, not one
solicited—aggregated over \$2,000.

The same evening a public meeting was
held in the rooms of the Chamber of Com-
merce to take steps for directing the move-
ment to raise a fund for the rebuilding and
refurnishing of the east wing and eastern

St. Mary's Hospital. It was expected that the re-
pairs would be finished to-day but though
the contractors pushed the work forward
with all diligence, unavoidable delays oc-
curred and the hospital, in all its comple-
ness, will not be ready till the fifteenth of
the present month, just seven months from
the day when the flames enveloped the
building.

Accommodations are offered by the
hospital for relief or shelter are
promptly attended to. The institution is
open to all without regard to creed or na-
tionality. The gentle care and excellent
nursing by the Sisters of Charity in charge
will always be remembered by the hun-
dreds of patients that have been within the
walls. Since this grand institution was
established by Sister Hieronymo
September 8, 1857, about 25,000
patients have been treated there.
Most of that number, it is said, were trans-
ients, yet many of the patients have passed
weeks, months and years, at the hospital
with chronic and incurable diseases, their
sufferings being greatly alleviated by the
kind care and attention of the sisters. The
medical staff is composed of some of the
ablest surgeons and physicians in the city.

St. Mary's Hospital when established
nearly forty years ago had a very small
beginning indeed, but through the energy
of its first superior, Mother Hieronymo, it
has grown to be one of the most promi-
nent houses of charity in the city, a monu-
ment of great effort and sacrifice, and
an ornament to the city. Rt. Rev. Bishop
Timon of Buffalo obtained in 1857, three
sisters from Emmetsburg, Maryland, and
Rev. M. O'Brien, pastor of St. Patrick's

ST. MARY'S HOSPITAL, FROM THE EAST.

portion of the main building of St. Mary's
Hospital destroyed by fire. The chairman
was directed to appoint an executive com-
mittee of eight, to which the officers of the
meeting were in their respective capacities
added—Theodore Bacon chairman, Wm. C.
Barry secretary, and William F. Balkam
treasurer.

The committee as completed stood:
Chairman, Theodore Bacon; secretary,
William C. Barry; treasurer, William F.
Balkam; J. J. Ernest, A. B. Hone, P. Cox,
F. E. Perkins, M. Hirschfeld, Martin Bar-
ron, James Reed, Mr. Oscar Craig who was
also appointed being unable to serve.

The last subscription recorded by the
committee was that of H. H. Warner,
amounting to \$250, acknowledged July 27,
1901.

A statement of the fund is as follows:

Subscriptions acknowledged	\$12,675.00
Paid over to hospital authorities	\$10,000.00
Balance	\$2,675.00

The work of restoration is nearly done.
The third floor has been completed and in
a few days the rooms on that floor will be
furnished. Sixty workmen, carpenters
and painters, are putting the finishing
touches to the lower floors. The new wing
will be substantially the same as that de-
stroyed by fire. The floors are of the best

church, bought for them a lot on West
avenue, the present site. Two stone stables
on the premises were converted into a
hospital by Mother Hieronymo, and on
September 8, 1857, she opened the house
for the reception of patients. Mother
Hieronymo remained superior of the in-
stitution until September, 1870. The hos-
pital, after being open one year, proved all
together too inadequate for the wants
of the sick, and Mother Hieronymo
immediately commenced the east wing
which was destroyed by the fire and has
just been replaced by the present one, as
shown in the accompanying picture. The
main portion of the institution was erected
in 1853. During the time of the civil war
the hospital was of great use, it being
filled with wounded soldiers for sev-
eral years. Many a donation was
made to the institution by the
sick soldiers on account of the
kind treatment they received. The
invalid soldiers came in by the hundreds
so that the superior was obliged to erect
several pavilions in the yard in order to
accommodate them. During the war
about 8,000 soldiers found a kind home in
the hospital.

Notwithstanding the burning of the east
wing, there are now about 150 patients in
the building.

IN FIELD AND WOODS.

Opening of the Game Season Today—
Woodcock Reported Plentiful.

Early this morning a large number of
local woodcock started for their favorite
ground to enjoy a day's sport among
the feathered tribe. This day opens
the shooting season for these birds.
Woodcock are said to be plentiful and they
will be hunted near heavy cover, some-
thing like a field of corn. Rains have
covered the feeding ground on the low lands
and have consequently driven the birds to
a higher elevation. Duck shooting will
not be at its best until later in the fall,
after cooler weather appears. There are
large numbers of wood ducks and a few
mallards and geese on the nearby ponds
and bays and reports say par-
tridge can be found in large
numbers, especially in Livingston and
Wyoming counties. Around Ironde-
lake—in a favorite place for
the "drummers," Williamson, Greece
and Irondequoit are excellent resorts for

ORLEANS DEMOCRATS.

Delegates to the Senatorial Convention
to be held.

Special Dispatch to the Union and Advertiser:

ALBANY, Sept. 1.—At the Democratic
county convention, held Saturday last,
after the delegates to the State convention
had been named, the following delegates
to the Senatorial convention were elected:

Nelson H. A. Bonford, S. N. Towser, J. B.
McCarthy, F. E. O'Brien,
Barre—W. S. Grinnell, H. B. Jackson, Wm.
O'Donnell, John Grinnell, J.
McCarthy, A. Thompson, D. D. Bromley,
Harvey E. Holts, Albert West,
Charles Wm. H. Goff, J. S. Lyons, A. A.
Hynes, Jr., Frank Watt,
James Patrick McElroy, Wm. H. Walters,
Frank R. French, Jacob Thibault,
McDonald, J. P. Muffint, S. E. Sanford, James
K. Griswold, Geo. W. Blair,

at's in a Name?

Much. Of pianos, for instance—and hats. A gentleman who wears a Dunlap rightly considers himself in the fashion. He knows many other gentlemen who wear them, and they are men of taste. It is for these we keep Dunlap's famous shapes. But there are other hats that any gentleman may wear—not so expensive, just as serviceable. They are made in Rochester, and who knows that their name may not yet spread far and wide?

MIND READING.
Some Feats Executed by Chauncey Palmer, Yesterday Afternoon.

In one of the parlors of the Powers Hotel yesterday afternoon Chauncey Palmer, the mind reader gave an exhibition of his power to a number of gentlemen, including several representatives of the press, and succeeded in astonishing everybody beyond measure as the ease with which he found objects that had been hidden.

There were several of the ordinary tests such as all mind readers use introduced at first and then one of the company was asked to borrow three articles from three different persons, tie them up in a handkerchief and hide the bundle somewhere about the building. The three articles borrowed were a bunch of keys, a knife and a 5 cent piece. These were tied up in a handkerchief borrowed from another person and concealed at quite a distance from the parlor in which the company was under a rug in front of a fire place. While this was being done, Palmer was out in the hall with two other persons and did not return until the person who had hidden the article had returned and resumed his seat. Then he entered with his eyes securely blindfolded and took the left hand of the person who had hidden the three articles. In an incredibly short time he went straight to the rug and pulled the little bundle out. Then he untied the handkerchief and returned the articles to their rightful owners, one at a time, all without having removed the handkerchief and in a very short time.

He went out of the room again and one of the party borrowed a knife from another. He opened it and made a feint as if to stab a man sitting in the farther corner of the room. The knife was then closed and placed in the pocket of still another person. Palmer came in and was blindfolded. First he found the knife. Then he found the person at whom the feint of stabbing was made and placed the point of the knife at exactly the same place where the first person placed it on the coat of the man and then returned the knife to the man of whom it was borrowed in the first place.

He also opened a book, asked several of the people present to fix their minds on any word and taking one of the gentlemen by the hand pointed out the word with a knitting needle.

All these feats were done in a remarkably short time and with but very little of the motions of the ordinary mind reader. The tests were all severe and the results most satisfactory.

PURELY PERSONAL.

—Alderman Bierbrauer is back from his fishing excursion.
—Miss L. C. McConnell has returned from Des Moines.
—Miss Minnie Van Vechten has returned from a two weeks' stay at the Thousand Islands.
—Rev. Amos Skeels, rector of the Church of the Epiphany, has returned from his trip to Europe.
—Mrs. Joseph Curtis, Miss Alice Peck, William T. Peck and Gurney T. Curtis have returned from Europe.
—Mrs. Edward Dillon, of Shelby, is visiting her daughter, Mrs. Charles Holland, of No. 14 Stillson street.
—Mr. and Mrs. John S. Scott, have returned from two weeks stay at the Thousand Islands and Ogdensburg.
—Mrs. Eugene Fredericks has returned to New York after spending several weeks with her sister, Mrs. E. C. Westcott.
—Dr. T. Raloe Foster and his sister, Miss Kate Foster, of Watseka, Illinois, are visiting their aunt, Mrs. A. J. Warner at Ontario Beach.
—Mr. and Mrs. W. J. Armstrong, of No. 53 Emerson street, will leave this week for a ten day's bicycle trip through Western New York.

—W. C. Maxon, of Bay City, Mich., is a guest of C. L. Hunt of No. 143 South Goodman street. Mr. Maxon was formerly a resident of this city.
—James Rawnsley left for New York last night. It is understood that he has determined to accept one of several operative engagements that have been offered him.
—The regular quarterly meeting of the Rochester Union of the Y. P. S. C. E. has been postponed from Monday evening, September 7th to Monday evening September 14th. It will be held in the Lake Avenue Baptist Church.
—Edgar H. Sherwood has written for P. B. Gilmore a galopade that is bright, original, full of go and sure to make a popular hit. Mr. Gilmore played Mr. Sherwood's "War Veterans' March" at his last concert in Washington Rink and was

Carruthers, Henry Baker, Thomas J. Neville, D. E. Mosley, Julius Michaels, Frederick B. Watts, R. M. Myers, B. D. W. Cleveland.

The above named representative and prominent Republicans constitute the reception committee for the state convention, appointed yesterday by George W. Aldridge, chairman of the general committee of arrangements. There will be a meeting of the reception committee at the headquarters of the county committee in the National Hotel to-morrow evening at 8 o'clock for the purpose of making such arrangements as may be necessary for the reception and comfort of delegates and prominent visitors to the convention. Every member of the committee is requested to attend this meeting.

The general committee on arrangements for the Republican State Convention in this city next Wednesday held a meeting at the headquarters in the National Hotel yesterday afternoon and discussed the plans for the arrangement and decoration of Washington Rink, and the reception of delegates. George W. Aldridge, John May, Henry Hebing, Charles E. Fitch and Henry C. Munro, members of the committee, and A. J. Warner, the architect, were present.

The committee decided to secure the services of the Fifty-fourth regiment band for the occasion. The Maennerchor Liedertafel

and Maennerchor Liedertafel will be present at the convention. The meeting of the Maennerchor Liedertafel will be held at the convention. The meeting of the Maennerchor Liedertafel will be held at the convention.

MORTUARY
—Charlotte Herman last Monday at her residence. The funeral was held at the residence.

[illegible]

The methods of practicing economy are very simple. Spend less than you earn. That is the first rule. A position should always be set apart for the future. The person who spends more than he earns is a fool. The civil law regards the spend-thrift as akin to the lunatic, and frequently takes from him the management of his own affairs. The next rule is to pay ready money, and never, on any account, run into debt. The person who runs into debt is apt to get cheated, and if he runs into debt to any extent, he will himself be apt to get dishonest. Who pays what he owes enriches himself. The next is, never to anticipate uncertain profits by expending them before they are secured. The profits may never come and in that case you will have taken upon yourself a load of debt which you may never get rid of. It will sit upon your shoulders like the old man in Sinbad. Another method of economy is to keep a regular account of all that you earn and of all that you expend.—(Thriller)

Its Excellent Qualities
 Command to public approval the California liquid fruit remedy, Syrup of Figs. It is pleasing to the eye, and to the taste, and by gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

Greatest Hit of the Season.
 The Hungarian Gypsy Band at Hotel Ontario. Don't fail to hear them this evening. Open air concert from 7 to 10. Take New York Central trains from Central Avenue, Center park, Brown street or Otis.

ST. MAURITIUS UNION WON.
 Result of the Field Day Contests at Glen Haven.
 At the annual field day exercises of the Roman Catholic Uniformed union on the Glen Haven grounds yesterday afternoon, St. Mauritius Union was awarded the prizes for excellence in drilling and having the largest number of men in line. The contest was close, however, all the companies showing great precision in their movements. The prize was a case of wine.
 In the athletic contests prizes were won as follows: Running race, prize plush chair, Joseph Otto; long jump, prize boy's suit, Charles Bubal; high jump, prize pair of slippers, George Bauer; fat man's race, prize pair lady's shoes, George Baldwin of Buffalo.
 There was a voting contest in which three prizes were awarded as follows: Handicraft officer, prize satchel, Adjutant J. F. Leinen; handsomest private, prize barrel flour, W. F. Shafer; homesleest member, prize ham, Joseph Stupp.
 The dress parade and battalion drill were much admired by the spectators. During the officers' mess responses were rendered to the following toasts: "Catholic Knights" (Capt. John L. Schwartz; "R. C. U. C." Captain Rudolph Vay; "Coming Events," Adjutant J. F. Leinen. Colonel Schlick acted as toastmaster.

AMUSEMENTS.
 "Hos and Hos" will be presented at the Lyceum for the last time this evening. "The Fire Patrol," drew a very large house to the Academy of Music last evening.
 Joseph Haworth will appear at the Lyceum in "St. Mary," to-morrow evening. Saturday night "Fra Diano" and "Gay Blas," will be given.
 Owing to the non-arrival of some of the seats for the Theater Muses, the opening has been again postponed and has not been yet definitely announced, though Saturday is now mentioned as the inaugural day.

Marine Report.
 The following are the arrivals and departed at the port of Charlotte:

ARRIVALS.

 Strictly One-price Hatters, Furriers and Men's Furnisiers.
 Blue Point Oysters at **WORKMEN'S.**
 Our military buyers, after a tour of the waiting places and a visit to the large cities, are now back and ready to take early orders for dress hats. We have exclusive patterns and styles that will not be duplicated later.
J. FARY & Co.
 For Rent.
 The apothecary place 45 and 47 Exchange street, very light and desirable, 155 feet deep, with entrance on Irving place. Possession given at once.

From the National Observer.
 London, Eng., May, 1891.
 The Century Dictionary is well-nigh finished. It may be recommended unreservedly as by far the best English Dictionary in existence. As for England that we should have to say it! American enterprisers have accomplished what the wealth and scholarship of our own country have merely attempted.
 There will be an advance in the price of coal of 25c per ton on September 7th.
 See the Elephant Take a Bath.
 See Prof. Nella ascend in his balloon; see him jump from the clouds and descend with his parachute. Free to all at Ontario Beach Thursday, September 3d, at 4 p.m. Take New York Central trains from Central Avenue, Central park, Brown street or Otis.
 Redyeing and Making Over Seasidekin Saques.
 Done in first-class workmanship at the most reasonable price. All work guaranteed.
MENG & SHAFER.
 The Best Value in Hats.
 Can be found at Meng & Shafer's, the strictly one-price hatters, furriers and men's furnisiers. Hat styles now ready.
 BLANKETS, flannels, comfortable quilts, linens, bath coverings are all in fresh and new. Our domestic dry goods department of cottons, sheetings, shirtings, white goods, etc., are complete now.
J. FARY & Co.
 The Meng & Shafer Hats.
 Are the most popular hats worn. Fall styles now ready. All our goods marked in plain figures.
MENG & SHAFER.
 All Ready Now.
 Never in the history of the trade have we opened such a line of dress goods as we now present. Our French and English importations are beautiful in design. We have confined ourselves to special patterns and show one dress of a style. After any one is sold that is the last of it; no duplicates. We invite you to come and see them.
J. FARY & Co.
 \$1.50, \$1.50, \$1.50.
 See our \$1.50 stiff hats. They are equal to any found elsewhere at \$2.
MENG & SHAFER.
 Strictly One-price Hatters, Furriers and Men's Furnisiers.

Four Performances Daily—2.30, 4.00, 8.00 and 9.30 P. M.

tenants and all sorts of fume and feathers for a lot of semi-barbaric king or queenlets and when it comes their time to reciprocate we are snubbed. Kalakaua was a gentleman, even if he did, unfortunately get drunk and gamble—that is, a gentleman in so far as he appreciated American courtesies—and a man of good taste in that he loved Americans and came back to them as it were to die.

The Duchess of Connaught made a fair fool of herself, it is said, at Aix-les-Bains the other day by refusing to acknowledge, save by a stony stare, the profound courtesies of the Duchess of Manchester and others, including several American ladies. The poor stuff hunters actually jumped up, snicker in one hand, bread and butter in the other—for it was a tea party. The Queen's daughter-in-law may be "all glorious within and her clothing of wrought gold," but there are some women left in this country who would give stars for stard and freeze the duchess harder in her own iceberg. But some of the corsets and drawn worshipping snobs whom we send out in the shape of American ladies deserve such treatment. A true American woman would not stand it.

Some one should get a nice batch of laurels and weave them into a crown for the brow of Captain White of the steamship City of Panama. Ezeta of Salvador find the impudence to ask him to surrender passengers. There were no Miznerian influences at work and Captain White politely informed the commandant of the port that if he did not leave the steamer immediately he would throw him overboard. This was no cowardly disgraceful Barrundia affair. We suppose the greatest

regards himself as an instrument in the hands of fate.

"Yes, he is a Presbyterian, you know, and believes in predestination, foreordination and all that stuff. He probably realized to some extent that other men have made great sacrifices, but he is so constituted that he believes these very men, in the making of such sacrifices, have only been acting in obedience to the laws of destiny. It is extremely painful to him to discover that a man I have looked up to as a great man, a big-brained and large-hearted man is narrow-minded and big-headed. Why, look at that then Miller, who is Harrison's Attorney General! Was there ever such a mistake made by any other President that could equal Harrison's mistake in the selection of Miller? When I learned that Miller was going into the Cabinet I went to the President and said: 'Gen. Harrison, you can make to your official family to suit yourself, but if it had been known before the election that you would honor Mr. Miller with the Attorney-General's portfolio, or any other important office, you would have lost the State of Indiana by 30,000 votes.' He insisted on making the appointment and I left his presence in disgust. My disgust was so great that I determined to leave Washington before the inauguration and I went into a railroad office to secure transportation. Hurat Island and others, seeing me go into a railroad office, divined my intention, and, dragging me to a hotel, ordered a council of war and passed resolutions forbidding my departure from the city under penalty of being made minister plenipotentiary to the Chanibal Islands. I remained, but I was disgusted—awfully, horribly disgusted."

"Harrison had never been brought into close contact with the people of Indiana until I handled him in the campaign of 1888. There is now I managed to select ten or twelve influential Republicans from each of the half dozen counties and had them come to Indianapolis. I had them assembled in the parlors of the Delmon Hotel where our headquarters were, and then went for Harrison, leading him in the background, however, until I could

nd Chronicle adds a Republican candi- of Benjamin F.

In this Behring Sea matter, and that Eng- land may now understand that we are not alone in claiming a right that must be re- spected.—New York Mail and Express.

It seems pretty well settled that the Re- publican party must again defend the credit and money of the country as it did in pro- viding for the payment of the national debt and the resumption of specie payments. In their anxiety for success the Democratic leaders are entering to schemes and schem- ers with a reckless disregard of consequences to the nation.—Kansas City Journal.

The distinguished editor, Henry Water- son, has been enjoying himself at Coney Island for nearly ten days. Not a news- paper has thought of interviewing him, and yet no man in the country talks so easily or so well. Mr. Waterson is now thoroughly rested from his great moral effort at the Southern Chautauqua. Can he not tell us something about the Presidential mystery? —New York Advertiser.

Mr. Brock, the chief of the Bureau of Statistics, points out that the customs reve- nues have been reduced by the McKinley bill from \$3.63 to \$2.50 per capita. That is to say, "in so far as the tariff is a tax, the people pay less taxes by 28.44 per cent. under the new Republican law than under the old one. We do not happen to have seen this fact in the columns of any of our free trade contemporaries.—New York Tri- bune.

"Our careless blunder on silver at Cleve- land" is the way the Hon. Michael D. Harter, the unpopped free trade Congress- man whom the Democrats elected to Con- gress in the Mansfield district in Ohio, takes a hack at his party's platform in order that he may slash everything out of the cam- paign but the "tariff alone." Mr. Harter differs from the Stuffed Prophet only in that he talks for himself, while the Retired of Buzzard's Bay talks through the Hon. William McKinley.—New York Sun.

A British journal makes the astonishing declaration that Mr. Lowell "was an Eng- lish poet rather than an American poet." If anything more distinctively American than the poetry of the "Biglow Papers," old and new, could be written, it certainly never has been. Did the English critic ever read "The Courtin'" and the "Com- memoration Ode," though stately in measure, lofty in thought and elegant in finish, was inspired by and is pervaded with the truest American spirit.—New York World.

CURRENT TOPICS.

SNAKES are so abundant and troublesome in the country about Takott Mountain, Ct., that the farmers in the vicinity have clubbed together to hire a man to kill the reptiles. He is paid 5 cents a head, and manages to make from \$3 to \$5 a day.

A CHECK for \$700 came from California to Bernard McCaughy, of Pawtucket, R. I., the other day. It was from a young man whom he had loaned \$200 to pay col- lege expenses nineteen years ago. Mr. McCaughy refused to accept more than \$500.

It is rumored that the Princess of Monaco, who, by the way, is a beautiful and fash- ionable woman, has persuaded her husband to suppress gambling altogether at Monte Carlo, when the present contract expires, and then the Princess intends to convert the Casino into a hospital for consumptives among the poorer classes.

FRAU BISMARCK is said to be economical even to the extent of parsimony. She is afflicted with a mild form of melancholia, and is always imagining that her health is more delicate than it is. She is a white- haired woman of more than 60 years, with prominent cheek bones, a tall figure and a high-keyed voice.

TELEGRAPH operators and electricians are greatly interested in the experiments of two enterprising New Englanders, who are said to have invented a new system of telegraphy. Vibrations of the air are to be used instead of electricity. If the new system be suc- cessful, the expensive methods of insula- tion now used by the telegraph companies will no longer be necessary.

The model for Harriet Hosmer's Queen Isabella is nearly completed in that artist's

A SUMMER BOARDER.

Clothes and Furnishes. At Smith's hotel, at Barker's Reef, he registered one day. A dapper little fellow, in a suit of patty gray. He came among us with a smile, suavity it- self. And with an air of freedom that betrayed the man of pelf; He had two trunks, and he really thought of bringing more. And all the time I wondered where I'd seen the chap before.

His spotless suit of flannel, and the neckties he displayed. Raised lumps of envy in our throats and left us half dismayed. He had some dozen russet shoes, and hats for every hour. And sought by those imposing arts to get with- in his power The summer girls who hang around near Barker's Reef and shore. And all the time I wondered where I'd seen the chap before.

One day he played at tennis, and his blazer's gorgeous hue Came up before my vision in an object that I knew. My office in the city's street rose up before my eye; I saw three stripes of color that were on a pole near by. And then I ceased to wonder where I'd met that chap before; He was the little barber in the basement shop next door.

How to Kill a Cat.

A number of people are interested in learning the best way of painlessly killing animals, and we may usefully quote a communication on the subject from a corres- pondent of the English Mechanic. He writes: "The most merciful way of de- stroying cats is to chloroform them. Draw a sock (knitted one preferred, as being elastic) over pussy's head so that the toe of the sock is brought to her nose or nearly so; then pour about half a teaspoonful of chloroform on the sock close to her nose. Almost as soon as she has become fright- ened by the unusual smell of chloroform

GRAND SACRED CONCERT SUNDAY, BY THE HUNGARIAN BAND

THEIR NAMES IN PRINT.

—The Princess of Wales has thirteen wigs.

—Senator Sherman has been nearly thirty-eight years in office without interruption.

—Bishop Huntington has gone to farming on the old homestead near Hadley, Mass. He is now 73.

—Mlle. Rhea, the actress, is "home again" in America, being a passenger on La Normandie.

—Harriet Hosmer has, in her studio at Rome, a plaster cast of the clasped hands of Robert and Elizabeth Barrett Browning. This cast was made by Miss Hosmer in Rome in 1853.

—Bardou's first comedy was a failure. He was a youth of 23 when he made his first venture into a field in which he afterward became famous, and was at that time a teacher of mathematics.

—Mr. and Mrs. Stephen Osborne, of Knoxville, Tenn., are soon to celebrate the seventy-second anniversary of their marriage. They were respectively 101 and 92 years of age, and have 290 descendants.

—John London McAdam, the inventor of the road that bears his name, labored for years to perfect his ideas, and, although the English Parliament voted him \$30,000, it hardly covered his outlay. His monument is the roads of England.

—Adolph Sutro, the millionaire of tunnel fame, says he is building the finest bath since Diocletian's. Acres of sea are to be inclosed with granite walls, paved and tiled and covered with glass, the tides being admitted through suitable channels in the living stone.

—Miss Theo Alice Ruggles, Boston's woman's sculptor, is only 20 years old. When she was only 17, two of her works were accepted by the Paris Salon. She has just submitted a model for the statue of Shakespeare which the city of Providence is to erect.

A letter from Robert Louis Steven- son's wife, dated April, July 18th, conveys the following intelligence: "We live in tumult and fears of threatened massacre. Mr. White has arranged to send his child to Honolulu in case of war, but the rest of us will stay, and stick it out. Mr. Stevenson is ridiculously well."

The Clinton Prison Inquiry

New York World.
The investigation ordered by the super-
intendent of state prisons is not of a kind
to vindicate the accused warden and keep-
ers or to satisfy the public. It is not open
and it cannot, for the limitations imposed
on it, be thorough. It will leave the
charges against the Clinton officials pretty
much where it found them, and will land
weighty demands for a complete and
searching inquiry by the Legislature.

Albany Times.

Col. Cockrell of the New York Adver-
tiser, a paper which has published the
charges against Dannemora Prison, is dis-
satisfied with the regulations under which
the investigation is to be conducted, and
has dispatched a telegram to Supt. La-
throp declining to participate in any
way. The commission, however, will go
on with their work and will probably as-
certain the facts as well without Col. Cock-
rell as with him. If any convicts have
been maltrated they will have an oppor-
tunity to be heard.

Unfalsified.

The commission has denied Col. Cock-
rell the privilege of having counsel, and
has also declined to make the investigation
in secret. In view of this fact and of all
the circumstances attending the case, nine
persons out of ten, we think not, are in
sympathy with Col. Cockrell's refusal to
participate in the inquiry voluntarily, and
we believe that not one person in ten
will agree with the Albany Times when it
says that the commission "will probably
ascertain the facts as well without Col.
Cockrell as with him." The course
adopted by Supt. Lathrop in this matter is
not only an official blunder, but a politi-
cal blunder. He has fallen into an error
of judgment and he should at once re-
tract from his untenable position. Persist-
ence in the present line of action will in-
evitably throw discredit upon the State Pri-
son management.

Seneca County.

Allent Times.

The Rochester Democrat and Chronicle
of the 29th inst. contained an announce-
ment to the effect that Govt. W. Seneca
county sends an anti-Sill delegation to
the coming Democratic county convention.
Thereupon, the indignant delegates united
in the following letter to the Waterloo
Observer:

Sir:—I really such an unfounded exaggeration
would be allowed to read unimpaired upon the
by the thought that the Government
knew how maliciously false was when he wrote
it. But at this time, on the very eve of so important
an election, we will say in plain words that the dele-
gation of Govt. W. Seneca county is a "silly
delegation." It is the "silly delegation." We believe in his
sagacious ability as a leader, and his brilliant
qualities as a statesman. We love him for his
loyalty to the Democratic party. We will follow
him to the fiery furnace and to certain glory.
We are Democrats. Very respectfully yours,
WILLIAM L. SENECAS,
CLARENCE SENECAS,
RICHARD SENECAS,
NICHOLAS SENECAS,
EDWARD SENECAS.

Govern. N. Y., Aug. 21.
The (Observer adds): "The above is the
delegation selected by the Govt. and
and it is composed of young Democrats
who are true and tried. Each delegate
signed his own name to his communica-
tion."

Take Him Away.

Buffalo Courier.

Collector Russell has added to his list
of names to treat Mr. Russell's opinion with
disrespect the offense of "offering violence
against the whole Presidential family by
failing to kill." "Wait on," says Russell
in the term usually employed in European
court circles. The younger Harrison says
his mother thinks Mr. Russell has not
treated the President always with proper
respect. He adds: "The absence of so
complacent an attitude of President
Harrison is noticeable, especially after his
peculiar conduct in relation to the Grant."
Is there not an impression to lead that
young man but by the ear?

IN THE MIMIC WORLD
A Dull Week Theatrically This
One Will Be.
GOSSIP OF PLAYS AND PLAYERS

Interesting Paragraphs Gathered From
Many Corners About the Stage Folk
and Their Doings—The Week's
Attractions in Local Theaters.

There is something of a lull in things theatrical this week and the little entertainment that is offered, with the exception of three days of blood and thunder, is of the lightest possible character. Aside from the three days already mentioned there will be five days of variety, divided between two houses, and one night of minstrelsy.

Despite the utmost efforts of minstrel managers, minstrelsy are not enjoying the monopoly of popularity they once held. There was a time when "minstrelsy" were a craze, now another class of entertainment has come up to share popularity with the minstrelsy, that is the "vaudeville company." There are three or four of these vaudeville companies aggregations in the country, and the leading one will appear at the Lyceum Theatre for an engagement of two performances to-day and Tuesday, with a special Labor Day matinee this afternoon at 2:15 o'clock. It is the Hyde Vaudeville Company, directly from the Hyde & Helman Theatre in Brooklyn, under the personal management of James Hyde himself. The troupe includes fourteen of the best specialty people on the vaudeville stage, and ranks as the leading vaudeville attraction on the road this season. There are some old favorites in the company and some new names. Among the latter are the famous Le Frer trio, celebrated in Europe, but making their first appearance in America this season under the management of Mr. Hyde. "The Gentleman Scamp" is a farcical, pantomimic sketch, in which some remarkable effects are produced by the aid of trick scenery. The star of the company is Helene Mora, the marvelous female baritone. It seems almost impossible to believe that she is a woman, while listening to her phenomenal voice, and during last season the theater was always filled as the time for Mora's appearance came around. Having made "Comrades," "That is Love," "Maid of the Mill" and "Fair Columbia," she will this season popularize three new songs, "Pride of Battery B," "Drive It Away Boys" and "The Old Race Course," written especially for her while abroad. These are but two of the eight acts on the programme; of the others may be mentioned, conjurer Imre Fox, Joe Hayden and Queenie Hesterton, James F. Lloyd, McAvoy and Hart, and Charles Saunders and Lillie Burdell in their "Old Time Bill Foster."

The attraction at Jacobs's Academy for the first half of the week will be the popular actors, Dowling and Hassan, in their well-known play, "Nobody's Claim," and their newer but just as sanguinary drama, "The Red Spider," which was produced here for the first time last year. Dowling and Hassan are too well known to the patrons of Jacobs's to need special mention. They are great favorites and will doubtless be greeted with full houses and enthusiasm in large quantities. Their plays are always well presented, and there is no reason to doubt that they will go away even greater favorites than they are now, and that is saying a great deal. They will give the performances, this and Wednesday afternoons and the first three evenings of the week.

For the last half of the week the attraction will be Tony Pastor, who, with his excellent variety company, will pay his annual visit to Rochester. Tony Pastor always has a good variety company, and this year his troupe is no exception to the general order of things. He has a number of well known people with him and several novelties. So there will be lots of fun at Jacobs's on the last three nights of the week. Tony himself will appear at every performance. Seats are now on sale.

On Saturday afternoon Robinson's Music Theater was opened and the first performance was given within its handsome walls. There were several thousand people who attended the opening and they all came away more than delighted with what they saw and heard. A week ago a description of the house appeared in these columns and there is nothing now to add save that in the week that has passed since that time it has been made even more beautiful if that were a possible thing. In the theater, which, by the way, is a positive triumph of the decorator's art, a gem of the first theatrical water, so to speak, there were four performances by a first rate specialty company, and all in all the opening was a most auspicious one. This week, in addition to the manifold attractions of the museum proper, there will be four daily performances by Charles Diamond's comedians and Mattie Lee Price, the wonderful electric girl, will appear in the lecture room.

On Wednesday night of this week there will be a minstrel performance at the Lyceum, that will doubtless be, as the first of the kind was, an unqualified success. It will be the repetition of the show given by the Wheelmen's Minstrelsy during the bicycle races, and while it will contain all the good features of that performance, will have many new ones which will make it doubly attractive. There will be good singing and good dancing and the olio is an attractive one. Arrangements have been made whereby any nominations that may be made at the Republican State Convention on that night, when it is probable that the convention will be in session, will be announced from the stage and also any other matter that may transpire that may be of interest. Seats will be placed on sale at the Lyceum box office this morning. The regular prices will prevail.

Thursday, October 1st, has been definitely fixed by Professor Bonn as the date for his production at the Lyceum theater of the cantata "The Building of the Ship." The work is of the most interesting character to the musician, besides being possessed of the qualities that will make it popular, and well repays close study. It is now so far advanced that rehearsals are now so far advanced that the chorus can be admitted to the chorus after this Wednesday. The principals selected by Professor Bonn are Miss Katherine Dorn, soprano; Miss Sara Hays, alto; F. A. Mandeville, tenor; Walter D'Enver, of the local artists above named little need be said. Mr. Mandeville's voice and method are highly thought of, Mr. D'Enver is by many held to be the best baritone in Rochester, and no one yet disputes Miss Hays's supremacy as the city's best contralto singer. Miss Dorn's name is new to the Rochester public, and a brief story of her musical career will not be out of place. She is a native of Ohio, having been born in Cincinnati through the most of her early life in Kentucky, where her parents removed when she was very young. Her musical education

highest honors from this institution being the gold medalist of her year. Miss Dorn has but recently returned from Berlin, where for the last two years she has been studying with the famous Wagnerian teacher, Julius Hey. She sang, as a soloist, at the Wagner memorial concert in Berlin last winter. She is described as possessing a high, full soprano voice and making a most attractive appearance on the stage.

Notes of the Stage.
—And now cruel rumor says that Jack Mason and Marion Manola have quarreled and separated.
—William Castle, the well-known tenor of former days, has taken charge of the Chicago Musical College.
—"Kinder-operette" is the horrible name given to the latest thing in children's musical performance in London.
—The latest stage beauty is Nina Farrington, said to be a daughter of Surgeon General H. J. Rose, of the English army. She will make her debut in "Beautiful Star," at Niblo's, New York.
—Henry Gay, Carleton's American play, "Ye Earle Trouble," was produced at the Boston Museum on Monday. There are some excellent revolutionary scenes in the play, which was warmly received.

—A new version of "Dorothy's Dilemma," by Captain Alfred Thompson, will next week be substituted for Mr. Jordan's story, now being done at the Park Theater. Only eight lines are left of the original.
—Fannie Brown, once a well-known actress, died in Boston lately, and left \$80,000 to the "Dramatic Fund." As the "Fund" has collapsed, the \$80,000 will cause a lively scrimmage in the courts.
—Minna Gale began her starring tour on Monday at Philadelphia in Oscar Wild's "The Duchess of Padua," which Lawrence Barrett produced under the name of "Guido Ferranti." Creston Clark was Guido.

—Harry Courtaine will shortly make his appearance in an eccentric comedy role in which he promises to duplicate the success he achieved as the tenor in "French Flats" when he made his first appearance at the Union Square Theater.
—"The Louisiana" will be the title of the piece de resistance of Robert Mantell's repertoire this season; though if necessary he will be prepared to play all the pieces he was so successful in last year. Miss Charlotte Behrens continues to be his leading lady.

—A recent quiet marriage at St. George's Church, Hanover Square, London, made Eva Southern the bride of J. Lionel Smith, an English country gentleman. This wedding possesses interest for playgoers on two continents, because Miss Southern is the daughter of the late Edward A. Southern, the sister of Edward H. Southern of this day, and an admirable actress who now appears to be lost from the stage forever. Moreover, Miss Southern, as few people remember, is a New Yorker by birth. She was born here early in 1862, and went on the stage in her nineteenth year at the London Crystal Palace, under the professional name of "Stuart."—The Sun.

—The news that Agnes Huntington had failed in her efforts to establish a theatre in London started gossip about this particular actress afresh. She is in the hands of Marcus Meyer, who is one of the shrewdest and ablest of managers, and it was evident that there was no tone of regret in his announcement that the negotiations for building a theatre for Miss Huntington in London had fallen through. This means that Mr. Meyer will be able to keep Agnes Huntington in this country next year. She belongs here, for she is an American girl, and she is one of the few women who are able to successfully carry an opera company on her shoulders. Mr. Meyer's plans are to secure a New York house for Miss Huntington, and it is not improbable that she will enter the list against Lillian Russell in New York, a year hence.—The World.

—It is doubtful if outdoor theatrical performances will be very popular next summer, as a result of this year's three or four ventures of the *al fresco* nature. Holoken's test of "As You Like It" on the grass was not at all satisfactory, and Pittsburg and several other cities that tried the same thing later found bitter disappointment in the result. But the worst fiasco of the lot occurred at Kenosha Lake a few days ago. "As You Like It" had been announced, and the promise was that all previous open-air performances would be excelled. Modjeska was to play Rosalind, Frank Mayo would be the Jaques, and the cast was to be in keeping. Several postponements were made necessary by the rain; then the hard-hearted merchant who furnished the lumber for the benches and stage issued an attachment to save his property, because he couldn't collect his bill; finally Modjeska failed to give her consent to appear, and the financial backers of the scheme all dropped out in a bunch, leaving one poor actor alone to bear the brunt of the failure. He is supposed to be walking toward the Rialto.—The Sun.

Distinguished Arrivals.
Special Dispatch to DEMOCRAT AND CHRONICLE.
New York, Sept. 6.—Count Pecci, the oldest nephew of Pope Leo, arrived here today on the steamship La Touraine. His visit has nothing to do with ecclesiastical business. He comes merely to see the country and for pleasure. General Stewart L. Woodford was also a passenger by La Touraine.

Willing to Run.
Special Dispatch to DEMOCRAT AND CHRONICLE.
New York, Sept. 6.—General Stewart L. Woodford, who returned from Europe on La Touraine to-day, was interviewed by a reporter to-night and expressed his willingness to accept the Republican nomination for Governor.

Arrest of Supposed Train Robbers.
GOSCHEN, Cal., Sept. 6.—Sheriff Kay passed through this evening for Visalia, with two men, supposed to be the Ceres train robbers.

THAT JENKINSON WOMAN.
She Now Admits That Mr. Corning Never Assaulted Her.

Readers of the DEMOCRAT AND CHRONICLE will remember the sensational story that came from New York about three weeks ago, in which J. Sherwood Corning, of this city, was accused of assaulting a Mrs. Jenkins on board the anchor line steamer Ceresia. The details of the story do not need repeating here. It will also be remembered that Mr. Corning immediately after the hearing of the woman's accusations left this city for New York, to face the charges and disprove them. This he has most effectually done, and his accuser is now on Blackwell's Island, where she was sent but a few days after making the charges for soliciting on the streets of New York.

In Saturday's New York World the following interview with Mr. Corning appears in an article giving a full history of the affair: "I have had a great deal of trouble with the Anchor Line people," said Mr. Corning to a World reporter. "Three years ago I went to Europe on one of their boats. In Spain their agent put me on a steamer that carried me hundreds of miles from my destination, and through the carelessness of the company my trunk, containing valuable bric-a-brac, were confiscated by English custom officers. Much of my property was ruined and I was put to a great deal of trouble and expense. The company refused to settle, so I brought suit upon my return to New York. The case was thrown out for lack of jurisdiction. But when I went to Europe this time I began proceedings in an English court. Then the company wanted to settle, and a compromise was agreed upon, which they have since broken."

"A part of the compromise was that I should be given passage home on one of their boats. I was to have taken the Furnessia, but missed it and came by the Ceresia. Captain Brown and Mrs. Jenkins came on the Ceresia together. I was given a stateroom in the ladies' cabin, immediately opposite the one occupied by Mrs. Jenkins. I was also seated next to her at table. From the first day Mrs. Jenkins began to annoy me with her constant attention and familiarity. "I was very suspicious of her, particularly when I saw her frequently whispering with Captain Brown, and learned that Captain Brown, who was in some way connected with the Anchor Line, had intended sailing on the Furnessia. Mrs. Jenkins also admitted to me that she was to have come on the Furnessia. The woman, despite all I could do to avoid her, would address me in the most familiar terms, frequently calling me Jack."

"One night I awoke and found her in my room. She was rumbling in the pockets of my trousers. I was about to thrust her out when she told me she was very ill and had come to me for some brandy. I gave it to her and then, in words that could be heard distinctly by those occupying adjoining staterooms, I asked her to return to her own room. Afterwards I missed several articles from my room."

The wife of a prominent piano manufacturer told Mr. Corning that she was introduced to "Miss Jenkins" in Philadelphia three years ago. They occupied the same stateroom on a trip to Paris. After borrowing a large sum of money, which has never been repaid, "Miss Jenkins" attempted to compromise her victim's good name. The lady had not seen her since, but from the description Mr. Corning gave of Mrs. Jenkins, she felt certain that the woman was one and the same.

Last Wednesday, in company with a third person, Mr. Corning and the piano manufacturer's wife went over to Blackwell's Island and had an interview with Mrs. Jenkins in the workhouse. She had changed greatly. The piano manufacturer's wife did not recognize her. She broke down and confessed that Mr. Corning had never assaulted her. She said the story that she told Captain Hogan was due to too much drink. She asked that word be sent to Rev. Mr. Hurch, an Episcopal clergyman in Philadelphia, to whom she has a letter of introduction from the Rev. Mr. Justice, of Loudonbury.

INJURED BY A CARRIAGE.
Minnie Meyer Hurt in Attempting to "Cut Behind."

Yesterday afternoon about 5 o'clock Minnie Meyer, the nine-year-old daughter of the foreman in the Genesee Brewing Company, was injured by a carriage on North St. Paul street between Avenue B and C. She was attempting to catch a ride behind a carriage, and in so doing became entangled in the wheel and was severely injured.

Her leg was broken at the ankle and just below the thigh and her calf was deeply cut. Officer Coughlin, who was passing at the time, summoned Dr. Wilbur and the injured girl was carried to her home at No. 24 Pain Place.

The parents were unwilling to have her conveyed to the hospital, so Dr. Wilbur dressed the child's wounds and made her as comfortable as possible. The identity of the owners of the carriage could not be ascertained as they left immediately after the doctor was summoned. Last evening the girl was resting quietly, and the doctor had hopes of her speedy recovery.

Marine Report.

The arrival and departures at the port of Charlotte, not heretofore reported, are as follows:
Arrivals—September 4th, Harge American, Ogdensburg, light; steamer North King, Port Hope, passengers and baggage; steamer Lora, Ogdensburg, passengers and baggage; September 5th, Bon Voyage, Ogdensburg, passengers and baggage; schooner A. Falconer, Kingston, light; schooner British Queen, Belleville, light; schooner Fleetwing, Kingston, light; schooner Mary Lyon, Ogdensburg, light; schooner, French light, barge Bolivia, Brockville, light; steamer North King, Port Hope, passengers and baggage.
Departures—September 4th, Harge American, Brockville, and steamer Lora, Trenton, light; steamer North King, Port Hope, passengers and baggage; steamer Ogdensburg, passengers and baggage; September 5th, schooner A. Falconer, Kingston, light; schooner Fleetwing, Kingston, light; schooner Mary Lyon, Ogdensburg, light; schooner, French light, barge Bolivia, Brockville, light; steamer North King, Port Hope, passengers and baggage.

—The Nero Social Club will give a ball at Erwin's theater, on North St. Paul street, this evening.
—Zorule Sherman, widow of Samuel M. Sherman, who formerly lived in this city, died at Cedar Rapids, Neb., Aug. 31st.
—A nephew of Mrs. Alice Cogswell Stevens, named Percy Stevens, died suddenly in New York, September 4th. He was the oldest son of Richard Stevens, of St. Paul, Minn.

SICK HEADACHE
CARTER'S
LITTLE
LIVER
PILLS.
Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Biliary Disorders, Biliousness, Headache, Dizziness, Stomach Troubles, Pain in the Mouth, Coated Tongue, Pain in the Side.

BOYCOTTING BREAD.
Labor Organizations Fight and a Bakery Stands the Blow.

The members of Local Union No. 86, of the Bakers' National Union, have declared a boycott on the Culross bakery. Apparently this action is caused by a disagreement with the Culross brothers. Really it is a blow aimed at the Knights of Labor by the bakers' union, which is affiliated with the Federation of Labor, and District Assembly, No. 68, K. of L., has issued a circular asking that the Culross bakery be patronized by all Knights.

The trouble came about in this way: Last April William Culross, to insure cleanliness in the preparation of his bread, forbade his bakers to use tobacco in any form while working in the dough. He posted the prohibitory order in his bakery one morning, calling the attention of his employees to it at the time. The men understood his position and willingly complied with the rule. But when the night gang went on duty there was trouble. Mr. Culross, going down stairs where the men were working, was asked by his night foreman if he expected the men to abide by that rule, pointing to the one in question, which was posted on the wall. Mr. Culross replied that he did have such expectations, and gave his reason for making the rule. Whereupon his foreman replied to him in insulting language and pulled out his pipe to show his position in the matter. Mr. Culross said nothing at the time, but at the end of the week he discharged the man and installed the assistant foreman in his place. Later a committee from Union No. 86 called on Mr. Culross and asked that the discharged man be reinstated in his old place, but Mr. Culross refused to grant the request, telling his reasons for so doing. The members of the committee, when they understood the case, said that he had acted properly, and went away.

Meanwhile one of the leaders who was dissatisfied with the discharged foreman's successor left the bakery and he and the man discharged succeeded in keeping other bakers away from the Culross establishment. So Mr. Culross went to New York and hired a man who was a Knight of Labor. He was put on night duty as assistant to the foreman. This was about the 1st of July. A couple of weeks later the night foreman called at Mr. Culross's house one Sunday morning and throwing down the keys to the bakery, said that he wasn't going to work any longer. He had been told that it was intended to crowd the New York man into his place, and, in spite of the fact that Mr. Culross had told him that he would hold his place just as long as he continued to do satisfactory work, he believed the story and threw up his job in consequence.

The New York man was given the position at the head of the night gang. He was asked to join the Bakers' Union and was willing to do so, but refused to comply with its constitution and withdrew from the Knights of Labor. This started the present strife, and the consequence has been that the bakers employed by Messrs. Culross, tired of an organization that taxed them 50 cents per month dues and obliged them to pay 15 cents monthly for its trade journal, have severed their connection with Union No. 86, by paying up all dues and withdrawing, and were organized into a new assembly of the Knights of Labor.

Hence the boycott, which, however, will effect Mr. Culross's business very slightly, if at all. The knights will not heed it, of course, and the only organizations that it is likely to influence are Cigar Makers' Union No. 9 and Iron Moulders' Union No. 12, both of which will oppose the Knights of Labor on every occasion that offers on general principles.

The members of the Bakers' Union, No. 36 are also giving B. C. Harrod some trouble because he employed a Knight of Labor in his bakery.

Delegates Elected.
LEWISTOWN, N. Y., Sept. 6.—Delegates were yesterday elected to the senatorial convention at Rochester as follows: E. M. Ashley, city; I. H. Babcock, city; Charles Hickey, city; J. W. Carman, Hamilton; C. W. Hatch, city; Frederick Sumner, Wadsworth; H. Cuddeback, Porter; George Gith, Hartland; Elmer A. Johnson, Wilson; John Brown, Niagara.

PERRY, N. Y., Sept. 6.—The following delegates were elected to-day to the Republican State Convention from Yates county: The Hon. George F. Lord, Captain Morris P. Sheppard, Hon. William A. Carson, and Harry Tallmadge. They were unopposed. The following judicial delegates were selected: Hon. H. Hanford Struble, James C. Spicer and William B. Briggs. They will probably support the recommendation of Justice Charles C. Dwight. Six senatorial delegates favorable to the re-nomination of Charles T. Saxton, of Wayne, were chosen. The following county clerk was put in the field: For member of Assembly, Hon. Everett L. Brynen; for sheriff, clerk, William B. Cornwell; for treasurer, John W. Smith, 2d; for assessor, J. Edgar Smith; for district attorney, John T. Knox. The utmost harmony prevailed. Assemblyman Brown was renominated by acclamation.

It is a Misconception.
VIENNA, Sept. 6.—The Austrians called "smokeless" powder which was used at the Schwarzenau maneuvers produces clouds of light blue smoke. The German powder, which produces a brown puff, hardly distinguishable from the ground, is much superior.

Illness of George E. Loring.
BOSTON, Sept. 6.—The Hon. George E. Loring had a sudden and serious attack of illness Friday night. His symptoms were those of inflammation of the bowels and he suffered much pain during the attack. He is at home on Loring avenue, Salem.

Electrical Delegates.
MONTREAL, Sept. 6.—The special train bringing several hundred delegates to the electrical convention which opens here to-morrow, arrived from New York to-night. Among the arrivals was C. H. Huntley, of Buffalo, president of the association.

Stabbed His Brother.
PITTSBURGH, Sept. 6.—George Ott, aged 29, was fatally stabbed by his brother John, aged 19, to-day. They were always fighting. John used a pocket knife, driving it into George's left lung near the heart. He was arrested.

Loss of a French Steamer.
SAN FRANCISCO, Sept. 6.—A private letter from Tahiti brings news of the loss of the French war steamer Volage. The letter was dated July 19th and the news had just been received at Papeete. No lives were lost.

Rejoicing in Russia.
LONDON, Sept. 7.—Russian newspapers rejoice at the fall of Khodyn Pasha and hint that if Dvoretz Pasha decides the good will of Russia he should promptly and forcibly terminate the Bulgarian quarrel.

The Central Labor Union.

Interesting Paragraphs Gathered From Many Corners About the Stage Folk and Their Doings—The Week's Attractions in Local Theaters.

There is something of a lull in things theatrical this week and the little entertainment that is offered, with the exception of three days of blood and thunder, is of the lightest possible character. Aside from the three days already mentioned there will be five days of variety, divided between two houses, and one night of minstrelsy.

Despite the utmost efforts of minstrel managers, minstrels are not enjoying the monopoly of popularity they once had. There was a time when "minstrel minstrels" were a craze, now another class of entertainment has come up to share popularity with the minstrel, that is the "vaudeville vaudeville company." There are three or four of these monster vaudeville aggregations in the country, and the leading one will appear at the Lyceum Theatre for an engagement of two performances to-day and Tuesday, with a special Labor Day matinee this afternoon at 2:15 o'clock. It is the Hyde & Helman Theatre in Brooklyn, under the personal management of James Hyde himself. The troupe includes fourteen of the best specialty people on the vaudeville stage, and ranks as the leading vaudeville attraction on the road this season. There are some old favorites in the company and some new names. Among the latter are the famous Le Fratrio, celebrated in Europe, but making their first appearance in America this season under the management of Mr. Hyde. "The Gentleman Scamp" is a farcical, pantomimic sketch, in which some remarkable effects are produced by the aid of trick scenery. The star of the company is Helene Mora, the marvelous female baritone. It seems almost impossible to believe that she is a woman, while listening to her phenomenal voice, and during last season the theater was always filled as the time for Mora's appearance came around. Having made "Comrades," "That is Love," "Maid of the Mill" and "Fair Columbia," she will this season popularize three new songs, "Pride of Battery B," "Drive It Away Boys" and "The Old Race Course," written especially for her while abroad. These are but two of the eight acts on the programme; of the others may be mentioned, conjurer Imre Fox, Joe Hayden and Queenie Hetherington, James F. Hovey, Mo'Avoy and Hart, and Charles Saunders and Lillie Burdell in their "Old Time Bill Foster."

The attraction at Jacobs's Academy for the first half of the week will be the popular actors, Dowling and Hannon, in their well-known play, "Nobody's Claim," and their newer but just as sanguinary drama, "The Red Spider," which was produced here for the first time last year. Dowling and Hannon are too well known to the patrons of Jacobs's to need special mention. They are great favorites and will doubtless be greeted with full houses and enthusiasm in large quantities. Their plays are always well presented, and there is no reason to doubt that they will go away even greater favorites than they are now, and that is saying a great deal. They will give two performances, this and Wednesday afternoons and the first three evenings of the week.

For the last half of the week the attraction will be Tony Pastor, who, with his excellent variety company, will pay his annual visit to Rochester. Tony Pastor always has a good variety company, and this year his troupe is no exception to the general order of things. He has a number of well known people with him and several novelties. No there will be lots of fun at Jacobs's on the last three nights of the week. Tony himself will appear at every performance. Seats are now on sale.

On Saturday afternoon Robinson's Music Theater was opened and the first performance was given within its handsome walls. There were several thousand people who attended the opening and they all came away more than delighted with what they saw and heard. A week ago a description of the house appeared in these columns and there is nothing now to add save that in the week that has passed since that time it has been made even more beautiful if that were a possible thing. In the theater, which, by the way, is a positive triumph of the decorator's art, a gem of the first theatrical water, so to speak, there were four performances, and all in all the opening was a most auspicious one. This week, in addition to the manifold attractions of the museum proper, there will be four daily performances by Charles Diamond's comedians and Mattie Lee Price, the wonderful electric girl, will appear in the lobby room.

On Wednesday night of this week there will be a minstrel performance at the Lyceum that will doubtless be, as the first of its kind was, an unqualified success. It will be the repetition of the show given by the Wheelmen's Minstrels during the bicycle races, and while it will contain all the good features of that performance, will have many new ones which will make it doubly attractive. There will be good singing and good dancing and the olio is an attractive one. Arrangements have been made whereby any nominations that may be made at the Republican State Convention on that night, when it is probable that the convention will be in session, will be announced from the stage and also any other events that may transpire that may be of interest. Seats will be placed on sale at the Lyceum box office this morning. The regular prices will prevail.

Thursday, October 1st, has been definitely fixed by Professor Bonn as the date for his production at the Lyceum theater of the cantata "The Building of the Ship." The work is of the most interesting character to the musician, besides being possessed of the qualities that will make it popular, and well repays close study. It has now so far advanced that no new members can be admitted to the chorus after this Wednesday. The principals selected by Professor Bonn are Miss Katherine Dorn, soprano; Miss Sara Hays, alto; F. A. Mandeville, tenor; W. Walter D'Enyer, of the local artists above named little need be said. Mr. Mandeville's voice and method are highly thought of, Mr. D'Enyer is by many held to be the best baritone in Rochester, and no one yet disputes Miss Hays's supremacy as the city's best contralto singer. Miss Dorn's name is new to the Rochester public, and a brief story of her musical career will not be out of place. She is a native of Ohio, having been born in Cincinnati though she spent most of her early life in Sandusky, where her parents resided when she was very young. Her musical education was begun by Mr. Falk, formerly a teacher in this city, and continued by Professor Bonn, who prevailed upon her parents to send her to the Cincinnati Conservatory of Music, where she graduated with the

STATE OF NEW YORK.
County of Monroe.
N. P. Pond, Secretary of the Rochester Printing Company, being by me duly sworn, doth depose and say that the DEMOCRAT AND CHRONICLE printed and circulated during the past week the above number of daily papers.
N. P. POND, Secretary.
Sworn to before me this 5th day of Sept., 1901.
THOS. H. LEVY, Com'r of Deeds.

highest honors from this institution being the gold medalist of her year. Miss Dorn has but recently returned from Berlin, where for the last two years she has been studying with the famous Wagnerian teacher, Julius Hey. She sang, as a soloist, at the Wagner memorial concert in Berlin last winter. She is described as possessing a high, full soprano voice and making a most attractive appearance on the stage.

Notes of the Stage.

—And now cruel rumor says that Jack Mason and Marion Manola have quarreled and separated.

—William Castle, the well-known tenor of former days, has taken charge of the Chicago Musical College.

—"Kinder-operette" is the horrible name given to the latest thing in children's musical performance in London.

—The latest stage beauty is Nina Farrington, said to be a daughter of Surgeon General H. J. Rose, of the English army. She will make her debut in "Beautiful Star," at Niblo's, New York.

—Henry Guy Carlton's American play, "Ye Earle Trouble," was produced at the Boston Museum on Monday. There are some excellent revolutionary scenes in the play, which was warmly received.

—A new version of "Dorothy's Dilemma," by Captain Alfred Thompson, will next week be substituted for Mr. Jordan's story, now being done at the Park Theater. Only eight lines are left of the original.

—Fannie Brown, once a well-known actress, died in Boston lately, and left \$80,000 to the "Dramatic Fund." As the "Fund" has collapsed, the \$80,000 will cause a lively scrimmage in the courts.

—Minna Gale began her starring tour on Monday at Philadelphia in Oscar Wild's "The Duchess of Padua," which Lawrence Barrett produced under the name of "Guido Ferranti." Creston Clark was Guido.

—Harry Courtaine will shortly make his appearance in an eccentric comedy role in which he promises to duplicate the success he achieved as the tenor in "French Flats," when he made his first appearance at the Union Square Theater.

—"The Louisiana" will be the title of the piece de resistance of Robert Mantell's repertoire this season; though if necessary he will be prepared to play all the pieces he was so successful in last year. Miss Charlotte Behrens continues to be his leading lady.

—A recent quiet marriage at St. George's Church, Hanover Square, London, made Eva Southern the bride of J. Lionel Smith, an English country gentleman. This wedding possesses interest for playgoers on two continents, because Miss Southern is the daughter of the late Edward A. Southern, the sister of Edward H. Southern of this day, and an admirable actress who now appears to be lost from the stage forever. Moreover, Miss Southern, as few people remember, is a New Yorker by birth. She was born here early in 1862, and went on the stage in her nineteenth year at the London Crystal Palace, under the professional name of "Stuart."—The Sun.

—The news that Agnes Huntington had failed in her efforts to establish a theatre in London started gossip about this particular actress afresh. She is in the hands of Marcus Meyer, who is one of the shrewdest and ablest of managers, and it was evident that there was no tone of regret in his announcement that the negotiations for building a theatre for Miss Huntington in London had fallen through. This means that Mr. Meyer will be able to keep Agnes Huntington in this country next year. She belongs here, for she is an American girl, and she is one of the few women who are able to successfully carry an opera company on her shoulders. Mr. Meyer's plans are to secure a New York house for Miss Huntington, and it is not improbable that she will enter the list against Lillian Russell in New York, a year hence.—The World.

—It is doubtful if outdoor theatrical performances will be very popular next summer, as a result of this year's three or four ventures of the *al fresco* nature. Holoken's test of "As You Like It" on the grass was not at all satisfactory, and Pittsburg and several other cities that tried the same thing later found bitter disappointment in the result. But the worst fiasco of the lot occurred at Kenosha Lake a few days ago. "As You Like It" had been announced, and the promise was that all previous open-air performances would be excelled. Modjeska was to play *Rosalind*, Frank Mayo would be the *Jaques*, and the cast was to be in keeping. Several postponements were made necessary by the rain; then the hard-hearted merchant who furnished the lumber for the benches and stage issued an attachment to save his property, because he couldn't collect his bill; finally Modjeska failed to give her consent to appear, and the financial backers of the scheme all dropped out in a bunch, leaving one poor actor alone to bear the brunt of the failure. He is supposed to be walking toward the Rialto.—The Sun.

Arrest of Supposed Train Robbers. Goshen, Cal., Sept. 6.—Sheriff Kay passed through this place this evening for Visalia, with two men, supposed to be the Ceres train robbers.

Another Alpine Victim.

BERLIN, Sept. 6.—Dr. Holst, a Prussian magistrate, while ascending Mount Targion, in the Carnic Alps, fell over a precipice and was killed.

came from New York about three weeks ago, in which J. Sherwood Corning, of this city, was accused of assaulting a Mrs. Jenkins on board the anchor line steamer *Circassia*. The details of the story do not need repeating here. It will also be remembered that Mr. Corning immediately after he heard of the woman's accusations left this city for New York, to face the charges and disprove them. This he has most effectively done, and his accuser is now on Blackwell's Island, where she was sent but a few days after making the charges for soliciting on the streets of New York.

In Saturday's New York *World* the following interview with Mr. Corning appears in an article giving a full history of the affair: "I have had a great deal of trouble with the Anchor Line people," said Mr. Corning to a *World* reporter. "Three years ago I went to Europe on one of their boats. In Spain their agent put me on a steamer that carried me hundreds of miles from my destination, and through the carelessness of the company my trunk, containing valuable business papers, was confiscated by English custom officers. Much of my property was ruined and I was put to a great deal of trouble and expense. The company refused to settle, so I brought suit upon my return to New York. The case was thrown out for lack of jurisdiction. But when I went to Europe this time I began proceedings in an English court. Then the company wanted to settle, and a compromise was agreed upon, which they have since broken."

"A part of the compromise was that I should be given passage home on one of their boats. I was to have taken the *Furnessia*, but missed it and came by the *Circassia*. Captain Brown and Mrs. Jenkins came on the *Circassia* together. I was given a stateroom in the ladies' cabin, immediately opposite the one occupied by Mrs. Jenkins. I was also seated next to her at table. From the first day Mrs. Jenkins began to annoy me with her constant attention and familiarity.

"I was very suspicious of her, particularly when I saw her frequently whispering with Captain Brown, and learned that Captain Brown, who was in some way connected with the Anchor Line, had intended sailing on the *Furnessia*. Mrs. Jenkins also admitted to me that she was to have come on the *Furnessia*. The woman, despite all I could do to avoid her, would address me in the most familiar terms, frequently calling me Jack."

"One night I awoke and found her in my room. She was fumbling in the pockets of my trousers. I was about to thrust her out when she told me she was very ill and had come to me for some brandy. I gave it to her and then, in words that could be heard distinctly by those occupying adjoining staterooms, I asked her to return to her own room. Afterwards I missed several articles from my room."

The wife of a prominent piano manufacturer told Mr. Corning that she was introduced to "Miss Jenkins" in Philadelphia three years ago. They occupied the same stateroom on a trip to Paris. After borrowing a large sum of money, which has never been repaid, "Miss Jenkins" attempted to compromise her victim's good name. The lady had not seen her since, but from the description Mr. Corning gave of Mrs. Jenkins, she felt certain that the woman was one and the same.

Last Wednesday, in company with a third person, Mr. Corning and the piano manufacturer's wife went over to Blackwell's Island and had an interview with Mrs. Jenkins in the workhouse. She had changed greatly. The piano manufacturer's wife did not recognize her. She broke down and confessed that Mr. Corning had never insulted her. She said the story that she told Captain Brown was due to too much drink. She asked that word be sent to Rev. Mr. Burch, an Episcopal clergyman in Philadelphia, to whom she has a letter of introduction from the Rev. Mr. Justice, of Loudunbury.

INJURED BY A CARRIAGE.

Minnie Meyer Hurt in Attempting to "Cut Behind."

Yesterday afternoon about 5 o'clock Minnie Meyer, the nine-year-old daughter of the foreman in the Genesee Brewing Company, was injured by a carriage on North St. Paul street between Avenue L and C. She was attempting to catch a car behind a carriage, and in so doing became entangled in the wheel and was severely injured.

Her leg was broken at the ankle and just below the thigh and her calf was deeply cut. Officer Coughlin, who was passing at the time, summoned Dr. Wilbur and the injured girl was carried to her home at No. 24 Fair Place.

The parents were unwilling to have her conveyed to the hospital, so Dr. Wilbur dressed the child's wounds and made her as comfortable as possible. The identity of the owners of the carriage could not be ascertained as they left immediately after the doctor was summoned. Last evening the girl was resting quietly, and the doctor had hopes of her speedy recovery.

Marine Report.

The arrival and departures at the port of Charlotte, not heretofore reported, are as follows:

Arrivals—September 4th, *Barge American*, *Ogdensburg*, light; steamer *North King*, Port Hope, passengers and baggage; steamer *Lora*, *Ogdensburg*, passengers and baggage. September 5th, *Bon Voyage*, *Ogdensburg*, passengers and baggage; *Edouard A. Falconer*, Kingston, light; schooner *British Queen*, Belleville, light; schooner *Pleasant*, Kingston, light; schooner *Mary Lyon*, *Ogdensburg*, light; barge *Argosy*, coal; barge *Hollia*, Brockville, light; steamer *North King*, Port Hope, passengers and baggage.

Departures—September 4th, *Barge American*, *Ogdensburg*, coal; steamer *Saxon*, Trenton, light; steamer *North King*, Port Hope, passengers and baggage; steamer *Ogdensburg*, passengers and baggage. September 5th, schooner *A. Falconer*, Kingston, coal; schooner *Pleasant*, Kingston, coal; schooner *British Queen*, Belleville, coal; schooner *Mary Lyon*, *Ogdensburg*, coal; barge *Argosy*, *Ogdensburg*, coal; barge *Hollia*, Brockville, coal; steamer *North King*, Port Hope, passengers and baggage.

The Nero Social Club will give a ball at Erwin's theater, on North St. Paul street, this evening.

Zerula Sherman, widow of Samuel M. Sherman, who formerly lived in this city, died at Cedar Rapids, Neb., Aug. 31st.

A nephew of Mrs. Alice Cogswell Stevens, named Percy Stevens, died suddenly in New York, September 4th. He was the oldest son of Richard Stevens, of St. Paul, Minn.

clared a boycott, this action is caused by a disagreement with the *Knights of Labor*. It is a blow aimed at the *Knights of Labor* by the bakers' union, which is affiliated with the Federation of Labor, and District Assembly, No. 68, K. of L. has issued a circular asking that the Culross bakery be patronized by all *Knights*.

The trouble came about in this way: Last April William Culross, to insure cleanliness in the preparation of his bread, forbade his bakers to use tobacco in any form while working in the dough. He posted the prohibitory order in his bakery one morning, calling the attention of his employees to it at the time. The men understood his position and willingly complied with the rule. But when the night gang went on duty there was trouble. Mr. Culross, going down stairs where the men were working, was asked by his night foreman if he expected the men to abide by that rule, pointing to the one in question, which was posted on the wall. Mr. Culross replied that he did not have such expectations, and gave his reason for making the rule. Whereupon his foreman replied to him in insulting language and pulled out his pipe to show his position in the matter. Mr. Culross said nothing at the time, but at the end of the week he discharged the man and installed the assistant foreman in his place. Later a committee from Union No. 80 called on Mr. Culross and asked that the discharged man be reinstated in his old place, but Mr. Culross refused to grant the request, telling his reasons for so doing. The members of the committee, when they understood the case, said that he had acted properly, and went away.

Meanwhile one of the leaders who was dissatisfied with the discharged foreman's successor left the bakery and he and the man discharged succeeded in keeping other bakers away from the Culross establishment. So Mr. Culross went to New York and hired a man who was a *Knights of Labor*. He was put on night duty as assistant to the foreman. This was about the 1st of July. A couple of weeks later the night foreman called at Mr. Culross's house one Sunday morning and throwing down the keys to the bakery, said that he wasn't going to work any longer. He hadn't been told that it was intended to crowd the New York man into his place, and, in spite of the fact that Mr. Culross had told him that he would hold his place just as long as he continued to do satisfactory work, he believed the story and threw up his job in consequence.

The New York man was given the position at the head of the night gang. He was asked to join the Bakers' Union and was willing to do so, but refused to comply with its constitution and withdraw from the *Knights of Labor*. This started the present strife, and the consequence has been that the bakers employed by Messrs. Culross, tired of an organization that taxed them 50 cents per month dues and obliged them to pay 15 cents monthly for its trade journal, have severed their connection with Union No. 30, by paying up all dues and withdrawing, and were organized into an assembly of the *Knights of Labor*.

Hence the boycott, which, however, will effect Mr. Culross's business very slightly, if at all. The *Knights* will not heed it, of course, and the only organizations that it is likely to influence are *Cigar Makers' Union No. 9* and *Iron Molders' Union No. 12*, both of which will oppose the *Knights of Labor* on every occasion that offers on general principles. The members of the Bakers' Union, No. 30 are also giving B. C. Harrod some trouble because he employed a *Knights of Labor* in his bakery.

Delegates Elected.

LEWISTON, N. Y., Sept. 6.—(Dulogues were yesterday elected to the senatorial convention at Rochester as follows: E. M. Ashley, city; I. H. Babcock, city; Charles Hickey, city; J. W. Carman, Hamilton; C. W. Hatch, city; Frederick Sumner, Wheatfield; H. Cuddeback, Porter; George Hill, Hamilton; Elmer A. Johnson, Wilson; John Brown, Niagara.

PENNY YAN, N. Y., Sept. 6.—The following delegates were elected to-day to the Republican State Convention from Yates county: The Hon. George F. Lord, Captain Morris P. Sheppard, Hon. William A. Carson, and Harvey Tallmadge. They were unopposed. The following judicial delegates were selected: Hon. Hanford Grubb, James C. Spicer and William B. Briggs. They will probably support the recommendation of Justice Charles C. Dwight. Six senatorial delegates favorable to the nomination of Charles T. Barton, of Wayne, were chosen. The following county tickets were put in the field: For member of Assembly, Hon. Everett L. Brown; for county clerk, William B. Cornwall; for sheriff, John W. Smith, 2d; for treasurer, J. Henry Smith; for district attorney, John T. Knox. The utmost harmony prevailed. Assemblyman Brown was nominated by acclamation.

It is a Misnomer.

VIENNA, Sept. 6.—The Austriano-called "smokeless" powder which was used at the Schwarzenau maneuvers produces clouds of light blue smoke. The German powder, which produces a brown puff, hardly distinguishable from the ground, is much superior.

Illness of George E. Loring.

BOSTON, Sept. 6.—The Hon. George E. Loring had a sudden and serious attack of illness Friday night. His symptoms were those of inflammation of the bowels and he suffered much pain during the attack. He is at home on Loring avenue, Salem.

Electrical Delegates.

MONTHLY, Sept. 6.—The special train bringing several hundred delegates to the electrical convention which opens here tomorrow, arrived from New York to-night. Among the arrivals was C. H. Huntley, of Buffalo, president of the association.

Strangled His Brother.

PITTSBURGH, Sept. 6.—George Ott, aged 23, was fatally stabbed by his brother John, aged 19, to-day. They were always fighting. John used a penknife, driving it into George's left lung near the heart. He was arrested.

Loss of a French Steamer.

SAN FRANCISCO, Sept. 6.—A private letter from Tahiti brings news of the loss of the French war steamer *Volage*. The letter was dated July 19th and the news had just been received at Papeete. No lives were lost.

Rejoicing in Russia.

LONDON, Sept. 7.—Russian newspapers rejoice at the fall of Khandi Pasha and hint that if Djavad Pasha decides the good will of Russia he should promptly and forcibly terminate the Bulgarian war.

The Central Labor Union.

NEW YORK, Sept. 6.—The Central Labor Union passed a resolution requesting that advertising by the city's police officials be given only to such papers as employ union men.

BOYCOTTING BREAD.

Labor Organizations Fight and a Bakery
Stands the Blow.

The members of Local Union No. 38, of the Bakers' National Union, have declared a boycott on the Culross bakery. Apparently, this action is caused by a disagreement with the Culross brothers. Really it is a blow aimed at the Knights of Labor by the bakers' union, which is affiliated with the Federation of Labor, and District Assembly, No. 68, K. of L., has issued a circular asking that the Culross bakeries be patronized by all Knights.

The trouble came about in this way: Last April William Culross, to insure cleanliness in the preparation of his bread, forbade his bakers to use tobacco in any form while working in the dough.

He posted the prohibitory order in his bakery one morning, calling the attention of his employees to it at the time. The men understood his position and willingly complied with the rule.

But when the night gang went on duty there was trouble. Mr. Culross, going down stairs where the men were working, was asked by his night foreman if he expected the men to abide by that rule, pointing to the one in question, which was posted on the wall.

Mr. Culross replied that he did had such expectations, and gave his reason for making the rule. Whereupon his foreman replied to him in insulting language and pulled out his pipe to show his position in the matter.

Mr. Culross said nothing at the time, but at the end of the week he discharged the man and installed the assistant foreman in his place. Later a committee from Union No. 38 called on Mr. Culross and asked that the discharged man be reinstated in his old place.

But Mr. Culross refused to grant the request, telling his reasons for so doing. The members of the committee, when they understood the case, said that he had acted properly, and went away.

Meanwhile one of the leaders who was dissatisfied with the discharged foreman's successor left the bakery and he and the man discharged succeeded in keeping other bakers away from the Culross establishment. So Mr. Culross went to New York and hired a man who was a Knight of Labor. He was put on night duty as assistant to the foreman.

This was about the 1st of July. A couple of weeks later the night foreman called at Mr. Culross's house one Sunday morning and throwing down the keys to the bakery, said that he wasn't going to work any longer.

He had been told that it was intended to crowd the New York man into his place, and, in spite of the fact that Mr. Culross had told him that he would hold his place just as long as he continued to do satisfactory work, he believed the story and threw up his job in consequence.

The New York man was given the position at the head of the night gang. He was asked to join the Bakers' Union and was willing to do so, but refused to comply with its constitution and withdraw from the Knights of Labor. This started the present strife, and the consequence has been that the bakers employed by Messrs. Culross, tired of an organization that taxed them 50 cents per month dues and obliged them to pay 15 cents monthly for its trade journal, have severed their connection with Union No. 38, by paying up all dues and withdrawing, and were organized into an assembly of the Knights of Labor.

Hence the boycott, which, however, will effect Mr. Culross's business very slightly, if at all. The Knights will not heed it, of course, and the only organizations that it is likely to influence are Cigar Makers' Union No. 9 and Iron Moulders' Union No. 12, both of which will oppose the Knights of Labor on every occasion that offers on general principles.

The members of the Bakers' Union, No. 38 are also giving B. C. Harrod some trouble because he employed a Knight of Labor in his bakery.

Very Few Arrests.

New York, Sept. 6.—To-day goes on record as being the one the least number of arrests for violating the excise law, have been made in years. Throughout the entire day the reports from thirty-five precincts in the city reported only seventeen arrests. The usual number of excise arrests on Sunday is seventy to eighty. The reason for the sudden decrease in the number of arrests is that the police are now required to procure evidence against a saloon keeper before making the arrest, whereas formerly arrests were constantly made without evidence sufficient to hold the alleged violator of the law in court.

St. Paul and Montimer.

Thirty years of successful experience, enables us to say that we are headquarters for every desirable kind of Roofing in the market: W.R., SLATE, ASPHALT, PITCH and GRAVEL. Asbestos and other prepared roofings, are cheaper and serve but a temporary purpose. We lay them all, but prefer to put down the best, for then our customers are pleased and we are happy. The long and short of it is that every roof we put on is the best of its class, and prices are as low as any honest man can do high grade work. We will prove all these statements at

ABDOMINAL SUITPOISTERS

The vacancy in the professorship of mathematics at the university, caused by the resignation of Professor Olin, has been filled by the appointment of Dr. Arthur R. Brown.

The adoption of the majority report was moved by John Prosser, Jacob S. Haught endeavored to secure the floor to make a motion, but the chair put the question on Mr. Prosser's motion and declared it adopted.

The roll was called. When Gabe was reached Mr. Haught asked that Henry Krier be substituted for Harry Edwards. William C. Page moved that no substitutions be made at this time. This was declared out of order. Mr. Haught stated that he, as chairman of the delegation, had power from the caucus to make this substitution. Mr. Page denied this, but the name of Mr. Krier was put upon the roll. F. H. Brown was substituted as a delegate from Parma. The roll was approved.

It was then moved that William C. Page of Wheatland, Fred Schloesser, Mr. of Sweden, and Henry L. Blalock of Burnsville be appointed a committee to prepare a resolution.

Subscribers who fail to receive THE HERALD regularly will confer a favor by reporting the fact.

CAUTION!

In several instances THE HERALD has received complaints from subscribers and agents that their papers have been received in a mutilated condition consequent on the contest coupon having been cut out. The interest in these contests is intense and every effort is being put forth by the contestants and their friends, but THE HERALD wishes to inform the public in general that it does not countenance vandalism of this sort and will use every effort toward the prosecution of the offenders. THE HERALD does not believe that the principal countenance such action, but attribute it to some over-zealous friends who should be cautioned. A word to the wise is sufficient.

TOPICS TALKED ABOUT.

There is one man who devoutly hopes for a new Court House with modern improvements, especially elevators, and that is E. R. Harmon, of Chili, foreman of the Grand Jury. Foreman Harmon inclines somewhat to obesity, in fact he weighs 350 pounds rather closely; and when he comes to elevate his by no means ethereal form up to the top floor of the Court House one step at a time, twice in a day he becomes more and more impressed with the fact that the county needs a new Court House. And he isn't afraid to say so either, with the provision always that it be equipped with elevators.

What a spectacle for Rochester the old barracks, by courtesy called a "Court House," is! A type of mediæval architecture, and a veritable death trap for those who are compelled to stay within it all day. Hardly a man of them but has suffered from severe colds caused by poor ventilation afforded, or rather absolute lack of any ventilation whatever. There is not a member of Monroe County bar but dread to be compelled to engage in a trial lasting more than a day, and scarcely a man of them but leaves the place after a tedious trial with a splitting headache due to the foul atmosphere he has been compelled to breathe. And then look at the "appointments" the accommodations the place affords! Are they not luxurious! All this sort of thing may find approval in narrow ideas of economy, but for a city like Rochester it "doesn't go."

It's odd how hard some men will work to avoid working. One of this class was on Main Street last yesterday afternoon and last evening. The wind howled about him and the snow blew against his face like a myriad of sharp needles, but he only drew his coat closer about him and continued to give the passerby the interesting information that by dealing with him they could secure a copy of 100 of the latest songs of the day for the paltry sum of one cent. Nobody stopped to buy, nor, in fact, did they give any indication that they were aware of his existence, but blithely and gay he seemed to ignore this cut and shouted over again and again the titles of his wares. He was persevering, but it was a case of perseverance going to waste. A similar amount of exertion, if expended in actual work, would bring its own reward to the young man, but that would be work and would never do; for better to walk the streets and reap a dollar a day or less than to get steady employment with regular hours and much better remuneration. But it's human nature, and as long as the world lasts there'll be men who will work twice as hard to avoid work as they would have to in regular employment.

PERSONAL.

The Boys' Union will meet this evening at 7.30 o'clock over 127 East Main Street.

James G. Prentiss, of St. Andrews, Tex., is the guest of his mother, Mrs. B. Prentiss, of Easton Street.

Napoleon J. Halnes, of New York, head of the piano manufacturing house of Haes Brothers, is the guest of George G. Foster.

The marriage of Miss Mary E. Gross to Fred Cudde took place at the residence of the bride's mother, Mrs. Laura Gross, on Hollister Street, Tuesday evening. The ceremony was performed by Rev. Dr. C. P. Colt in the presence of a large number of the friends of the young couple.

THE HERALD has received the commencement announcement of the University of Maryland and among the list of graduates of the Dental Department is the name of C. Howard Nicholson, who will be remembered as the genial captain of the North King for several years past.

JOHN BULL'S TRAIN.

ODD LOOKING WORLD'S FAIR EXHIBIT IN ROCHESTER.

The Engine Looks as Though It Was on Stilts and the Cars Seem Queer to Americans—Antograph Friends at Work.

"Where's that English train?" was the question asked all day yesterday of those who answered the three telephones in service at the Central station. It seemed to the employees that the questions would never stop; and they didn't very often. The men took it in good nature, however, and replied that the train left Albany at 7.30 o'clock and Schenectady at 10.30 and was expected to reach Syracuse as early as 2 o'clock in the afternoon. And as the day wore on the curious questioners were informed that the train would stay in Syracuse over night.

But orders were changed and a unique looking train rolled into the train house in this city at 9 o'clock last evening. It was composed of six ordinary freight cars, one American passenger car, and an additional engine and two cars entirely unlike anything ever before seen on an American railroad.

As the train came to a standstill that queer looking engine was immediately surrounded by an assembly of curious passengers, railroad employes and officials. They saw a tarpaulin covered thing on wheels with spokes in them. There were eight wheels, four of them driving wheels seven feet one and one-half inches in diameter. The truck wheels were about four feet in diameter and the engine seemed high enough to pass over a drove of cattle without making them stoop.

"What small cylinder!" exclaimed a railroad man. But he did not know much about the construction of an English locomotive. The engine, which is named "Queen Empress," is of the celebrated Webb compound type, weighing, fully equipped with tender and fuel, 75 tons, and is capable of making ninety odd miles an hour with an ordinary passenger train on its own railway. It is the latest and highest product of the works of the London & Northwestern Company at Crewe. The small cylinder, which are visible to the ordinary observer, are much smaller than a Central locomotive. They propel only the rear drivers and sustain a pressure of 175 pounds to the square inch. But under the engine is a single cylinder thirty inches in diameter, which drives the forward pair of drivers by a crank on the axle. This cylinder is of the low pressure type, and works at a pressure of sixty pounds. The engine looks speedy certainly, and they say she can draw a load.

The two carriages are boxed up and but little could be seen of them. They are representatives of the more modern English railway coach and are known as saloon vestibule cars, one a day car, the other a night car. The entrance to the cars is from the sides instead of the ends. These cars are, of course, not so long or commodious as the American parlor and sleeping cars, being only 42 feet long. Both cars are painted in the uniform manner adopted for its carriages by the London and Northwestern—a chocolate color up to the sills of the windows, and above that white. The lettering is of gold on the polished white paint, presenting a rich and elegant appearance.

The interior arrangement of the night car, in particular, is different from the American sleeping car. The English sleeper is equipped with staterooms in lieu of curtained berths. Within the staterooms, which are of sizes to suit two or more persons, are lavatories. All the staterooms accommodate fourteen passengers.

The English day car also differs somewhat from the American parlor car in having more private apartments for those who wish to repose upon sofas during a journey. The day carriage of the train is known as a composite coach, divided into compartments for first, second and third-class passengers, and is capable of carrying 32 persons.

Within the American freight cars are several other exhibits, illustrating various railway equipments of the company. There are also full sized models of historic interest. The most important of these is an exact reproduction of the little old locomotive "Rocket," the first successful railway engine built by George Stephenson, and first operated on the Liverpool and Manchester Railway in 1825. There is a model of the Trevethick locomotive, bearing the date of 1833. Another is a model of one of the engines in operation on the Northwestern named "Dreadnaught." The whole comprises the exhibit to be made at Chicago by the London and Northwestern. The exhibit is in charge of George K. Chapworth, who began his journey from the company's works at Crewe February 23d,

REV. MR. LOVE REITERATES.

He Says Again That the Museo Theater is a Disreputable Place.

In the face of Manager Robinson's declaration that Rev. G. F. Love must either retract or modify his charges of immorality and illegality against the Museo, made at Museo Hall Sunday, or substantiate them in court as a defendant in a suit for libel, that clergyman returned to the attack yesterday and wrote a long letter to Mayor Curran, in which he reiterated the statements of his address and supplemented them by others. In his letter the reverend gentleman says:

"I wish to acknowledge your prompt recognition of the importance of investigating the illegal management of the Museo Theater and its moral effects. It is not expected that a minister can know all the privacies of every member of his congregation, nor is it to be expected that a Mayor has an intuitive knowledge of every violation of law, but when such a violation is practiced upon the main street of the city and it is so open and disgraceful as to become a public nuisance and a menace to public morals, it is not unreasonable to hope that a most thorough investigation may be promptly instituted. By promising to change the nature of the show on the coming Sabbath, so as to conform to the letter of the law, and the management of the Museo Theater has acknowledged its own guilt."

"A promise of good behavior in the future does not free the murderer from the consequences of his past criminality, and no promise of future obedience on the part of the Museo manager will mend the laws he has already so culpably broken. The proper authorities must attend to the future, there are other authorities to attend to the past illegal acts."

"Believing it to be the duty of every citizen to support the authorities and assist them in the execution of the law, I present to you the following facts as secured, not by 'one man,' but by a number of respectable citizens, who do not wish the good name of Rochester to be dragged in the dirt, nor have Main Street put on a par with Canal Street of Buffalo."

"I wish to state that this Museo Theater is denounced by the leading lawyers, business men, doctors, college professors and the city clergy, and I have their strong support in this matter."

"This question has been under consideration for some time, but I withheld from taking the initiative step until after the municipal election so that it might in no way be used as political capital."

"Now there is every reason why the Museo should be closed."

"1. It casts a bad reflection upon the better class of theaters in our city and is a stigma on all the higher forms of public amusement."

"2. Its arrangement is such as to foster and facilitate the trade of the prostitute. It is provided throughout with 'free seats,' where shameless females and young men may hold a 'bargain' up acquaintanceships with young men, and also assist prostitutes in pursuing their profession. It is not uncommon to see several of these shameless females, arm in arm, parading up and down 'Animal Hall,' attempting to attract attention."

"3. The Museo management, in violation of law, allows children, unaccompanied by parent or guardian, to attend not only on Sunday, but on any day of the week. They encourage, in this way, children to run away from their schools. Boys leave home on the pretense of going to Sunday School, and the money their parents instruct them to put in the collection procures them a ticket to the Museo. Their crime is fostered. Again, there is another crime I must call your attention to, and it is that which has been perpetrated on more than one occasion at the 'stage door' of the Museo on North Clinton Street. It is this:

"4. Recently, two highly respectable young ladies, while passing this 'stage door' on Clinton Street were grossly insulted by the alleged 'actors,' 'acrobats,' 'artists' or 'attendants' who lounge about that place when not on duty. The parents of these young ladies have informed me of this case, and I know of others equally disgraceful. The parents are indignant, but are unable to prosecute, without dragging their daughters into a most disagreeable publicity. Cannot the police be persuaded to report these places, without forcing refined young ladies to go as an enter public complaint? Will not the police authorities attempt to secure decent respect and protection for the young ladies of Rochester? One officer cannot handle the hoodlums in the front of the building and at the same time attend to the 'toughs' who hang about the stage door."

"5. There is still another evil I wish to call your attention to, and one which has been observed by a number of good citizens, namely: females who are of bad reputation hang by the stage door at night in order to meet and marry off the alleged 'actors,' 'acrobats,' 'artists' or 'attendants.' If such women be considered a necessary element of society, it is not possible to prevent such an open display of their profession."

"I do not ponder this question so much a matter of Sabbath-breaking as one of immorality, insult and indecency. I make this protest advisedly and because the appearance of vile women on the main streets of our city works a vicious injury to innocent young ladies by making them liable to insult and mortification. I wish to assure you that you have the hearty support of the best people of this city in the efforts you may make to subdue these flagrant violations of law, order and

TWO NEW BUILDINGS

TO BE ERECTED ON THE STATE HOSPITAL GROUNDS.

Contract Awarded to A. Friederich & Sons for \$113,000 in Round Numbers—An Executive Building and Patients' Department.

The Board of Managers of the Rochester State Hospital for the Insane yesterday afternoon awarded the contract for the construction of two large new buildings to Adam Friederich & Sons. The contract price is a trifle over \$113,000. Four firms competed for the work, but the bid of Friederich & Sons was the lowest.

A year ago the Board of Managers called the attention of the Legislature to the necessity for more buildings on the Hospital grounds and an appropriation of \$130,000 was granted to defray the expense of construction and furnishing. Plans were thereupon prepared by Warner & Brockett and some time ago these were accepted by the Board.

One of the new buildings will be used for executive purposes. It will be a handsome brick structure, three stories in height and of dimensions in keeping with the use for which it is intended.

The second building will be devoted strictly to hospital uses and will be fitted up for the accommodation of 300 male patients. This building will also be of brick and will be two stories in height.

Since the law was passed in 1891 transforming the Monroe County Insane Asylum into a State Hospital the scope of the institution has been greatly increased and the quarters which had been sufficient before became cramped and inadequate to meet the demand made upon them. With the addition of the two new buildings, however, the management is confident that there will be no difficulty in properly caring for all the unfortunate who come into its charge.

Work on the two buildings will be commenced as soon as possible and an effort will be made to complete the structures as speedily as practicable.

FIGURES NOT EXCESSIVE.

Owners of Brighton Wells Came to the Defense of Their Proposition.

The gentlemen who made an offer to supply the city with water from wells in Brighton, which offer was declined by the Common Council on the ground that the charge of ten cents per 1,000 gallons was excessive, have furnished a statement to the press setting forth their position in the matter. They think they are misrepresented by the report of the Common Council's special committee. In the statement attention is called to the important point that the city wants this water only for a year, or until the new conduit is completed to Rush reservoir. The statement continues:

"We are also asked to be able to furnish a large amount, say 2,000,000 gallons one day and for the next two but little, which of course compels a larger plant than would be necessary to furnish 1,000,000 gallons daily. Now, what value would this plant be to us at the end of the year? The wells would not be salable; the right of way would certainly not, and the cost of laying the pipe would be a direct charge to expenses. So the available assets would be a number of second-hand pumps, three quarters of a mile of pipe to be dug up, rivets cut and sold as second-hand, and the land on which the wells were situated. Certainly the shrinkage would be 50 per cent, so the figures would be:

Cost of plant, complete.....	\$40,000
Expenses pumping, one year.....	6,000
Loss in value of plant when sold.....	\$46,000
Reserves, one year, 200,000,000 gallons at 10 cents per 1,000 gallons.....	20,000
Total cost.....	\$72,000

Profit.....\$10,500

"That could hardly be called an unreasonable return for the knowledge acquired of where to place the wells; with the expenses already incurred."

"The city may want more water and we may be able to furnish the same, the contract may not be completed in a year, but these contingencies are simply problematical, and the well owners are now and always have been ready to meet such possibilities, with a fair reduction of price for larger supply."

"The figures in estimates made above of cost of plant and expense of maintenance are from the report of the special committee, and this frank statement is made for the purpose of correcting any impressions that may have gotten abroad as to the immense profits to be derived by the supplying of this water."

one of the

Rochester, having promised parts in "The Purple Lady" which is to be presented at the Lyceum Monday and Tuesday, September 14th and 15th.

Modjeska's repertoire this season will include: "Much Ado About Nothing," "Macbeth," "Marie Antoinette," and "The Ladies' Battle." As a curtain raiser before the last named play John E. Kellard will appear in "Orpheus."

Joseph Jefferson will reappear with the Jefferson Comedy Company, October 3rd, and again on April 1 for five weeks. The company will play throughout the season without Mr. Jefferson, except at the time mentioned.

John J. Collins, formerly treasurer of the Lyceum, who during the summer, has been in Rochester as general agent of the steamer North King, will leave on September 1st to go "aboard" of Broadhurst's "What Happened to Jones."

"General Ganima" is the title decided upon for De Wolf Hopper's new opera. The music is by John Philip Sousa, the book by Charles Klein, and the lyrics by Grant Stewart. The opera will be produced in New York next February.

A. H. Stuart is to play Mr. Hunter-Chase in "Mistaken Will Happen," which opens its second season at Milwaukee tomorrow. Miss Lanning Rowan is with the same company playing Mrs. Hunter-Chase, when was Henrietta Crossman's role last season.

M. Frank N. Manderville, of this city, has accepted an engagement as musical director of "The Prodigal Father," company, which opens its season on September 19th, at Mordecai, Connecticut. Mr. Manderville is an accomplished musician with considerable experience in theatrical work, and the musical end of "The Prodigal Father" will begin competent hands.

The company engaged to support the Rogers Brothers in their new play by J. J. McNally, "The Rogers Brothers in Wall Street," include the Misses Maude Raymond, Ada Lewis, Georgia Caine, Louise Gunning, Carolyn Elbert, Jeanette Bagard and Edith Sinclair and Messrs. John G. Sparks, Ross Snow, John Parr, Peter Carley and Lee Harrison. The season will open at the Victoria on September 18th.

Rose Stahl is playing the leading part in "A Soldier of the Empire," which opened its season at Asbury Park, New Jersey, last Wednesday, and goes into New York tomorrow. The play is a romantic, poetical costume drama by Herbert Hall, who stars in it. Mr. Hall will be remembered by a good many Rochester theatergoers for his excellent performance of Brabazon in "Sowing the Wind" at the Lyceum last season.

That most accomplished of the comedienne of vaudeville, Miss Beatrice Moreland, will soon be seen at the Cook opera house, in one, or possibly more, of the new playlets in her extensive repertoire, as yet not seen in Rochester. Last week at the Orpheum, Kansas City, Miss Moreland scored heavily with "The Financial Question" by Charles Horwitz and "Taming a Husband" by Michael Morton. It is hoped that she can produce both these comediettes here next week.

There are two costumes which Viola Allen wears in the role of Glory Quayle in "The Christian," which have attracted considerable attention for their novelty and beauty. One of these is the costume she wears in the first act. It follows the description in the novel of the dress in which Glory crossed the hills and sailed the waters of the Isle of Man. This is the jersey now so familiar, while a sailor's coat and sea boots complete the striking costume. Miss Allen secured the authentic details of this dress while stopping at Grebla Castle, the home of Mr. Cairn, in the Isle of Man. In the music hall scene, Miss Allen follows this costume by another, which is as beautiful as this is unique. It is made of black satin garlanded with rose and violets of the softest shades and embroidered here and there in dull green and gold "paillettes." It is cut low and the top of the gown is turned with facings of rose-colored velvet.

(Clinton Avenue North, Main Street East, North Street)

are three possible methods of action open to enable the city to borrow the \$100,000 necessary to protect its credit not later than January 1 next. They are as follows:

First—Arrange for a special meeting of the Common Council to-day, to pass an amended ordinance providing for a sinking fund, and have said ordinance approved by the Board of Estimate and Apportionment. If this is not done, the city will, in all probability, be involved in litigation with Messrs. W. E. Hutton & Company and H. Lee Anstey of New York and said litigation cannot possibly be determined by January 1st, nor the money secured from them by that time; consequently the city will be in default upon its bonds and its credit seriously injured.

Second—To reject the bid of Messrs. W. E. Hutton & Company and tender the award to one of the other bidders, in the hope that their attorneys may be willing to approve the present legislation and accept the bonds under it. There is no certainty, however, that their attorneys will look upon the legal questions involved any more favorably than Mr. Caldwell has done for Messrs. Hutton & Company, and, again, Messrs. Hutton & Company bid \$33.79 for said bonds, while the next highest bid was \$5.00, and consequently this method, even if successful in securing the money, would cost the city a loss of \$17,000 in premium.

Third—To reject all bids and have a new ordinance adopted by the Common Council, authorizing the city's certificate of indebtedness for a short period for the amount required.

It is doubtful if there is sufficient authority in the charter to borrow an amount of this magnitude for the purpose required and even if such authority is conceded the excess interest charges on a loan of that amount would be a very considerable sum.

These reasons are submitted in the hope that you will see the seriousness of the situation and take prompt measures to arrange for some action that will protect the city's interests in this important matter.

Yours respectfully,
James Johnston, Comptroller.

In response to a call from the mayor for a formal communication in the matter, yesterday Mr. Johnston sent to him the following, accompanied by a copy of the communication from the New York bankers who bid in the bonds:

Following is the correspondence on the subject of the bonds:

December 18, 1902.
Hon. A. J. Rodenbeck, Mayor, City:

Dear Sir—Complying with your suggestion of this morning that we advise you formally regarding the status of the proposed water bonds, we would confirm the conversation had with you in your office yesterday afternoon, immediately after the receipt of a telephone message from New York, by sending you herewith a copy of the communication received this morning from Messrs. W. E. Hutton & Co., which quite fully explains itself. The situation as we see it is very serious, even critical and calls for immediate attention.

We will be glad to render any assistance in our power. Be good enough to advise us at your earliest convenience of your conclusions, and oblige.

Yours respectfully,
James Johnston, Comptroller.

New York, Dec. 17, 1902.

Hon. James Johnston, City Comptroller, Rochester, N. Y.:

Dear Sir—Permit us to confirm the conversation had with you by our attorney, Mr. Caldwell, over the telephone, in behalf of ourselves and H. Lee Anstey, joint purchasers of the City of Rochester refunding water bonds to the amount of \$100,000, as follows:

Mr. Caldwell advises us that the omission to have the ordinance of Nov. 25, 1902, approved by the Board of Estimate and Apportionment, pursuant to section 26 of the charter, and the failure of the ordinance to provide for the payment of the bonds as required by section 6 of the general municipal law raises such serious questions as to the validity of the bonds as will prevent him from giving us an opinion that they will be legal.

He has suggested to you the submission of a proposed amendatory ordinance which he will draft and send to you to-morrow, which, on its approval by the Board of Estimate and Apportionment and adoption by the Common Council, will, in his judgment, remove these objections.

He understood you to say that such amendatory ordinance will probably be approved and passed. He also understood that you will see that meetings of the Board of Estimate and Apportionment and the Common Council will be duly called for December 19th. He has called your attention to the fact that chapter 84 of the laws of 1902 provides that the Common Council shall pass an ordinance on or before December 21st. While he thinks that this provision of the statute may possibly be regarded as merely directory, at the same time he strongly advises that the amend-

ment of the Union Trust Company to the City of New York thirty years after the date of said bonds, but each of said bonds shall nevertheless, be redeemable, at the option of the City of Rochester, at any time after ten years from the date thereof. The said bonds shall be signed by the mayor and treasurer and sealed with the corporate seal of the City of Rochester and countersigned by the comptroller, and shall be registered bonds, and countersigned by the registered bonds, and countersigned by the said Union Trust Company, is hereby authorized and requested to counterclaim the same. The proceeds of the sale of said bonds shall be applied to the payment and redemption of the bonds heretofore issued by the City of Rochester, known as the Rochester water works loan bonds.

Sec. 2. Provision shall be and hereby is made for raising annually by tax a sum sufficient to pay the interest on said bonds, and the principal as the same shall become due, in the following manner:

First—As to the interest. So much of the revenues from the water works system as under existing laws, are required to be applied to the payment of the interest on the outstanding bonds heretofore referred to, and authorized to be refunded by the proceeds of this issue of bonds, shall be annually set aside and applied to the payment of the interest on the bonds authorized to be issued under this ordinance, in each and every year, so long as any of said bonds are outstanding, and until the principal of the whole thereof has been fully paid. And in the event that in any year or years during which said bonds or any of them are outstanding and unpaid, said revenues so applicable are insufficient for the purpose of paying said annual interest, any deficiency for such year or years necessary to pay said annual interest shall be not to pay said annual interest the amount and provided for by inserting the amount of such deficiency in the annual tax budget for such year or years, and the amount thereof shall be levied and assessed against all the taxable property in said city subject to taxation.

Second—As to the principal. For the purpose of providing a sinking fund to pay the principal of said bonds within thirty years from their date, there shall be raised annually the sum of one hundred thousand dollars (\$100,000), which sum is hereby directed to be raised in each and every year so long as said bonds are outstanding, which sum shall be paid into a separate fund known as the "Refunding Water Bonds Sinking Fund," and together with any accretions thereto, shall be kept separate and apart from any other moneys of the city and used and applied solely to the payment of the principal of said bonds. Said annual sum of one hundred thousand dollars (\$100,000) shall be raised and provided as follows:

So much of the revenues from the water works system as, under existing laws, is required to be applied to the payment of the interest and principal of the outstanding bonds heretofore referred to (to refund which, this issue of bonds is made), shall, after the interest for that year on the issue of bonds herein authorized to be issued has been provided for, be paid into the said sinking fund and any sum necessary in addition thereto to make up the full sum of one hundred thousand dollars (\$100,000) for any year shall be raised by taxation and included in the annual tax budget and the amount thereof levied and assessed against all property in said city subject to taxation.

Section 3. This ordinance shall take effect immediately.

EDUCATIONAL LIMITS.

Lecture by Dr. Gilbert at Mechanics' Institute This Evening.

The third of the series on educational topics given at Mechanics' Institute under the auspices of the Department of Mechanic Arts will be delivered this evening by Dr. Charles B. Gilbert, superintendent of public schools. Dr. Gilbert's subject will be "The Limitations of Practical Education." Dr. Gilbert has had a wide experience as an educator and is well qualified to speak on this topic, which is of special importance just now when practical matters are receiving so much attention in education.

These lectures are free. All who are interested in educational matters are invited to attend.

Quality is what makes price. If Burnett's Vanilla Extract was no better than other extracts its price would be the same. Once tried always used.

\$1.25 Buffalo, Niagara Falls and Keokuk, Christmas and New Year's days via New York Central or West Shore.

When you see it in The Union you can rely upon it—that is, the news up to date.

President Beth S. Terry, and application for dinner tickets should be made at his office, 35 Nassau street, New York. It is expected that members of the diplomatic corps at Washington, two or three justices of the Supreme Court and some of the members of the cabinet will attend the dinner.

The following committees have been appointed:

Committee on Invitations—Louis Wiley, chairman; Roswell Johnson, James McMahon, W. W. Mumford, Dr. J. P. Munn, Dr. W. W. Walker.

Dinner Committee—Hammond Odell, chairman; Dean Alvord, Abraham Benedict, H. O. Davis, James M. Hunt, Tom Karl, M. A. Leuchner, A. N. Stein, George W. Sweeney, J. Eugene Whitney.

Nominating Committee—William R. Wilcox, chairman; Robert E. Bridges, Leonard Bronner, Henry M. Brigham, Charles A. Dean, James B. Dull, Michael Doyle, R. L. Fenner, Dr. George H. Fox, Dr. H. S. Hathaway, Thomas J. Hurley.

"THE SILVER DAGGER."

Interesting Melodrama Well Presented at the Baker Theater.

"The Silver Dagger," a melodrama, by Mark E. Swan, was presented at the Baker Theater yesterday afternoon and last evening before large audiences. The play in many respects is better than melodramas usually are. It has an intensely interesting plot, and there are many strong scenes and powerful dramatic situations, all of which are brought out with the necessary force to make them most effective. The hero and heroine have the usual troubles, and everything looks dark for them till the very end, when all is happiness and sunshine. Miss Bertha Wilson, a Rochester girl, appears in the cast in one of the principal characters, that of Marion Chalmers, and this, of course, gives additional interest to the play in this city. Miss Wilson's work was clever, her interpretation of the role assigned her being most intelligent. It was satisfactory in every way, and Miss Wilson is deserving of the highest praise. That her work was appreciated was evident from the frequent applause which she received at both performances yesterday. Mark E. Swan, the author of the play, appears in the cast, taking the part of Julian Thorne. "The Silver Dagger" is well mounted. It will be repeated again this evening and to-morrow afternoon and evening.

Announcements.

—The Tiger Lillies are at the Empire for the week giving two performances daily.

—A Gambler's Daughter" will be the attraction at the Baker Theater the first half of next week.

—A highly entertaining bill of vaudeville is offered at the Cook Opera House every afternoon and evening.

—The Lyceum's Christmas attraction will be the first production on any stage by Henry Miller and his company of Richard Harding Davis' first play, "The Taming of Helen."

—The New Year's attraction at the Lyceum will be "San Toy." This will be followed by "Sally in Our Alley," "Liberty Bells" and Miss Amelia Bingham and company in "A Modern Magdalen."

—The lobby of the National Theater was opened for public inspection yesterday morning and although there are a few minor details to be attended to before the opening night to all appearances it is about perfect. The sale of seats continues brisk for the opening engagement of Frank Farley's "Chaperons." It is announced that a souvenir will be given to every lady attending the "Chaperons" matinee Wednesday afternoon. Seats are on sale for the last three nights of next week. Magician Keller will be the Christmas attraction, opening his engagement with a special matinee Christmas afternoon. There will also be another matinee Saturday.

\$10 Excursion to New England Points via West Shore railroad Tuesday, December 23d, limit ten days. A splendid opportunity to visit the beautiful Puritan City and the busy New England cities of Springfield, Greenfield, Gardner, Worcester, Fitchburg and Ayer. The ten-day limit will enable patrons to spend both Christmas and New Year's holidays in the Old Bay State. Choice of three trains at 6:05 and 10:57 a. m. and 9:15 p. m.

went on quickly that he did not want to take his vest which was hanging behind the bar. In the vest was a roll of bills amounting to about \$200 and his gold watch. In two tumbles on the shelf behind the bar were a number of bills amounting to another \$100.

The firemen arrived on the scene in a very short time, but it seemed when they arrived as though the building was doomed to destruction in spite of their efforts. They went to work with a will, however, and, as has been stated, had the flames under control inside of twenty minutes. They were much longer in completely extinguishing the fire, however, as it crept along in walls and partitions, and broke out here and there in unexpected places.

As soon as Mr. Soller could enter the barroom he did so. Several neighbors entered with him, and one of them going behind the bar, found his vest. It had been half burned, but the half that had been untouched by the flames was that in which were his watch and money. The bills and change in the glasses on the shelf were likewise uninjured.

When Keehn came to examine himself he found that the only injury he had sustained was a slight burn on the left hand, in which he was holding the can of gasoline when it exploded. His clothing was not even scorched. The little room was filled with flames so quickly that it is also considered by Zeller and Keehn wonderful that Mrs. Zeller's dress did not catch fire, for she had not passed through the curtains into the rear room when the explosion occurred and the flames pursued her like living things as she ran out the rear door.

The building is damaged to the extent of at least \$1,000. Mr. Zeller estimates his loss on furniture and fixtures and stock at \$1,200, which is only partially covered by insurance.

FOR A BEATING.

Action Brought by Florence Hubbard Against Jeremiah F. O'Brien.

An action for \$5,000 damages has been brought in Supreme Court in behalf of Florence Hubbard, a 10-year-old child, against Jeremiah F. O'Brien. The girl claims that on last Halloween night she was beaten by the defendant, being unfortunate enough to be near the defendant's house while some children were making trouble for him by pulling the door bell and doing other mischief.

It is claimed that the little girl was standing on the opposite side of Manhattan street and that she had no part in the doings, but that Mr. O'Brien ran to her, dragged her across the street and gave her a severe beating, so that she was severely bruised and her nervous equilibrium was disturbed to a considerable degree. He has not yet filed his answer, so it is not known what his defense will be.

NEW THEATER TALK.

Sites on Main Street East are Now Under Consideration.

A number of gentlemen desirous of investing money in theatrical property, are considering a number of sites on Main street east, on one of which they propose to erect a new theater to take the place of the Empire. Nothing definite, however, has been done in the matter.

Henry C. Jacobs of the Empire Theater has agreed, it is understood, to lease the new theater, in case it is built, for a term of years.

Woman's Sudden Death.

Mrs. Mary Andrees, aged 48 years, wife of J. W. Andrees, died suddenly yesterday at the family residence, No. 63 Plymouth avenue. Coroner Kleinfuss was called and after making an investigation issued a certificate of death from natural causes.

Payment of Bonds.

Bonds and coupons payable on January 1, 1903, will be paid by the Rochester Trust and Safe Deposit Company on and after Monday, December 23d, to their depositors.

RELYEA CASE CONTINUES AS MYSTERIOUS AS EVER

Testimony Taken at Yesterday's Hearing Bears Out the
Suspicion That Criminal Assault Was Committed.

Evidence Showing That the
Union's Original Story Was
Correct in Every Par-
ticular.

Case Continued Until Monday After-
noon, When Important Wit-
nesses Will Appear—Ar-
rests Expected.

The examination of Mrs. Mary Relyea, technically charged with vagrancy, has again been continued until Monday afternoon, December 23th, at 2 o'clock, at which time it is anticipated that such evidence will be revealed as will determine the future course of the authorities in the Gates outrage. Two very important witnesses have so far eluded subpoenas, and it is now believed to be extremely doubtful whether or not one of the men can be reached.

The continuation of the examination before Justice Leddy yesterday afternoon was practically a repetition of the previous session. The witnesses merely saw a drunken woman, but knew nothing of any abuse of the unfortunate. The testimony of Yardmaster Curry, however, upset the entire nature of the proceedings, and tended to establish the fact, as alleged, that Mrs. Relyea was assaulted, and that the outrage was participated in by several men. His testimony created something of a sensation during the hearing.

Mrs. Vincent Schubert was the first witness called by Justice Leddy. In response to queries by Fitzhian F. Zimmerman of the district attorney's office she related that on the Sunday night in question two men came to the Schubert House and wanted her to take charge of a woman who had been found in the highway in an unconscious state. Pierce Coon followed and also asked her to take the woman in. She said she declined to do so, on the ground that she did not propose to look after some person who had been filled with liquor in some other place. Mrs. Schubert said this incident occurred about 10 o'clock. She said a number of men stood around the woman, but she did not recognize any of them. She merely warned them not to bring her into her hotel.

Valentine Stuckmeister was an interesting witness. He is the man who, at the first session, was alleged to have escorted Mrs. Relyea to the street car line, thus making it appear that she was last seen in his company. Stuckmeister stated that he was a boarder at the Schubert House, and that on that Sunday he had been indulging to a certain extent. He was returning to the hotel about 10 o'clock, and when near the house he stumbled over the body of a woman who was lying in the roadway. He said he spoke to her and offered to help her, or render such assistance as he could, but that the woman swore at him in anything but a polite way. She also called him a vile name, he said. He then left her lying in the street and went into the hotel. An hour or so later he went to the car shops to get a drink of water, as the water at the hotel does not agree with his sense of taste. It was while in the boiler room at the car shops that he heard a series of groans, and Watchman Albert Petraski came to him and told him he

beer, but that after he had told them who he was they suddenly shifted and said it was ginger ale she drank instead of beer on that Sunday evening. Mr. Pollock also stated that Dr. Ross, the surgeon who came with St. Mary's ambulance, did not examine the woman to ascertain if she had been criminally assaulted.

Thomas Commier, an air brake man at the car shops, stated that he had worked all day that Sunday. He had not drank anything for three years, except very recently, and then but a glass or two of beer. He could not drink and hold his situation, he said. Hence when he was coming from his work late that night he saw the lights of the lanterns carried by the men who stood about the woman. That was how he was attracted to the place. He paid little attention to those who were present, and soon went to his boarding place.

At the conclusion of Commier's testimony, Justice Leddy announced an adjournment at the request of Mr. Zimmerman. After some consultation it was decided to release Mrs. Relyea from the custody of the sheriff, and she was allowed to go with her husband. The Relyeas reside on Helena street.

One of the peculiar features of the examination yesterday was the fact that none of those who admit being present when the woman was found—on both occasions—remember having seen the stranger mentioned by Yardmaster Curry. It has also been stated that some of the men who found the woman were highly intoxicated, and one man, in his effort to assist the woman, fell upon his face and received several bruises thereon. Most of the witnesses have testified as to more or less drinking about that vicinity on that particular day, but none will admit beyond a slight degree of intoxication. However, that was to be expected. The testimony indicates that the Rains law is a dead letter in some portions of Lincoln Park, and it is hinted that the alleged violations will be brought to the attention of the next grand jury.

MRS. BREDE ARRESTED.

Is Charged With Conducting a Dis-
orderly House at the Place on
South Avenue.

Mrs. Anna Brede was arraigned in police court to-day on a charge of conducting a disorderly house at her place at 1,351 South avenue. She pleaded not guilty to the charge and the case was put over till the 29th. Bail was fixed at \$300.

The arrest was made last night by Officers Ehrmentraut and McInerney. Minnie Stiefenhagen, from whom the information was obtained, called at police headquarters yesterday and told Captain Zimmerman that she had been at the Brede place for several weeks. She gave her age as 29 years and said she went to the Brede place from her home in Henrietta to work. She had not been there long, she alleges, when Mrs. Brede suggested to her that she entertain men at the place. This she had been doing, she said. The Brede place was once a notorious concert hall.

DEATHS AND FUNERALS.

—Ellas T. Watkins, a former Rochesterian, died suddenly at his home in Chicago Wednesday.

—Nancy A. Cunningham, daughter of the late Philander and Rachel Cunningham, died yesterday morning in this city.

—Catherine Brandt, widow of Louis W. Brandt, died this morning at the home of her son, Henry M. Brandt, No. 55 South street, aged 73 years and 9 months.

—Robert Murray died yesterday at his family home, No. 322 Orchard street, in his

THEATRICAL MEN GO TO COURT

Mr. Jacobs Secures Judgment
by Default Against
Owen Davis.

Manager of Empire Theater Claims
He Loaned Use of Palms to
Defendant and They
Were Returned
Ruined.

Plaintiff Values Artificial Plants at
Twenty-Five Dollars and Gets
Judgment for That Amount
and Costs.

An action in which two well known theatrical men were plaintiff and defendant was called before Judge Murphy in Municipal Court this morning. The plaintiff in the case was Henry C. Jacobs, manager of the Empire Theater, and the defendant was Owen Davis, manager of the Owen Davis Stock Company, which played at the Baker Theater last summer.

Jacobs brought action to recover \$25 for certain artificial palms claimed to have been loaned the defendant and was granted judgment by default on the failure of Davis to appear. Jacobs in his complaint alleged that on July 1, 1903, he let Mr. Davis take four artificial palms valued at \$25 altogether. He claimed that the defendant promised to return the palms in good condition in one week.

It was further alleged in Jacobs' complaint that Mr. Davis kept the palms two months and that at the end of this time he returned them in a worthless condition. He asked judgment for \$25 and Judge Murphy granted this amount with costs, making a total of \$29.65.

Another action called before Judge Murphy this morning was brought by Joseph Angele against Theodore Koehler. Trial of the case was postponed at request of defendant. In his complaint Angele states that on September 10, 1901, he rented the house at 259 North street to Koehler at \$7 a week and that there is now owing \$272.75 unpaid rent.

In his answer Koehler states that he told the plaintiff when he rented the property that he wanted to fit it up for steam baths and that it was agreed certain repairs should be made. He alleges that these repairs were not made and he was damaged to the extent of \$500, which he demands judgment for as a counterclaim.

MRS. ENRIGHT FINED.

Woman Who Stole a Satchel Guilty in
Police Court.

Mrs. Mary Enright, charged with petit larceny by stealing a satchel and contents from Mrs. Nettie Peck of Red Creek, pleaded guilty in Police Court this afternoon and was sentenced to pay a fine of \$30 or serve thirty days in the penitentiary.

The satchel was stolen while the owner was shopping in one of the Main street stores. A quantity of goods and three tickets of admission to the National Theater were in it. Director Hayden, to whom the case was reported, detailed Detective Shayne on the case. He traced the satchel through the tickets being presented at the

BURGLAR CAUGHT OPERATING

Was in Act of Climbing Into
Window When Officer
Nabbed Him.

Policeman Heard Breaking Glass
and Caught Burglar by Coat
Tail While He Was En-
tering Building.

Thief Broke Away and Was Caught
After a Lively Chase—Prisoner Is
Arthur Faust, Well Known
to Police.

While near the corner of Jay and Magne streets, at 3 o'clock this morning, Policeman McCleave, who was acting as sergeant in the Fifth precinct, heard the crashing of glass. Running as quietly as possible in the direction whence the sound came, McCleave turned the corner and ran along a high board fence back of a building on the corner. On the fence he saw the figure of a man, who had not been disturbed by the stealthy approach of the officer. Close observation by the officer showed that the man was head and shoulders through the window of the building. The policeman caught him by the coat tails and pulled him back and to the ground.

"Have you got something in there that you want?" asked the acting sergeant.

"No," said the stranger, and at the same time he wrenched himself from the grasp of the officer and started through the yards towards Jay street with the policeman in hot pursuit. The officer was nearly knocked over by coming in contact with a clothesline, and this gave the other some advantage. McCleave recovered himself quickly, however, and was soon close on the heels of the flying burglar. Feeling certain that he could outrun and capture him the policeman did not pull his revolver. The sidewalk at the particular point where the burglar reached Jay street was very slippery, and on the ice the policeman had the advantage, for he wore rubbers, while the burglar had no rubbers on.

The burglar slipped and fell and the officer, who was on a very rapid run, nearly fell over him and had difficulty in stopping himself before the burglar succeeded in getting to his feet. He grasped with his man and then there was a short but fierce fight in which the officer used his fists only and soon succeeded in subduing the burglar. When McCleave got a good look at the man he recognized him as Arthur Faust, a burglar well known to the police and who has been arrested a number of times, having done time in the State Industrial School and in Elmira Reformatory.

Taking the prisoner back to where he caught him climbing through the window the policeman found that he had broken a pane of glass and had reached in and thrown back the catch which held the sash. He had then raised the sash and was head and shoulders through the window when the policeman caught him. Faust's overcoat, which he had left between the fence and the building when he was preparing to enter the place, was found by the policeman. The building is

MAY CLOSE EMPIRE THEATER

Mayor Cutler to Have Conference With Manager Jacobs.

Issued Order Revoking License of Theater, But Called Back Order Because Mr. Jacobs Was Out of Town.

Manager to Return to City To-Morrow, When Mayor Will Decide Upon His Course—Baker Theater License.

Mayor Cutler decided to revoke the Empire Theater license this morning and even went so far as to issue an order cancelling the license, but found that he could get no service of the order on Manager Jacobs because of his absence from the city and finally decided to delay action in the whole matter until to-morrow morning. At this time he expects to have a conference with Manager Jacobs, who will then be home, and decide whether the license is to be revoked or not.

Mayor Cutler did not care to inconvenience the local agent of Mr. Jacobs in the latter's absence from the city by closing up his house and for that reason his order revoking the license was finally called back. It is barely possible that the license will not be revoked in the end. If Mr. Jacobs promises to make the changes which the mayor thinks necessary without delay.

The report of the experts on the Empire Theater was the first to reach Mayor Cutler, and was not received until late yesterday afternoon.

The only other report the mayor has received is that on Colonial Hall, which was also received late yesterday afternoon. The mayor has granted the license for this hall, being assured by Commissioner Gilman that the few changes ordered there had been completed.

The reports on the Lyceum Theater, the National Theater and the Baker Theater will probably reach Mayor Cutler to-morrow, and he will then take action on these playhouses. Cook Opera House was not inspected by the experts until this morning, and the report may not come in for some time.

While the mayor was discussing the Empire Theater this morning, the new license for Baker Theater was presented to him for his signature by Ordinance Officer McCarthy. The mayor directed the officer to take the license back to the managers and tell them that he would not sign it until he had received the report of the experts.

The experts who examined the various theaters were Chief Little of the fire department, Fire Marshal Walter, Electrical Engineer Putnam of the city engineer's office, Assistant Fire Marshal James Brazil and Louis Miller, superintendent of the police telegraph system.

Battalion Drill at Armory.

The First and Eighth Separate Companies will participate in a battalion drill at the armory on Wednesday evening, January 13th. Capt. Smith of the First Separate Company will be in command, with Lieut. Cushman of the

HELD FOR THEFT.

Fred Cornelius Pleads Guilty to a Charge of Grand Larceny by Stealing Employer's Money.

Fred Cornelius, when arraigned in Police Court to-day on a charge of grand larceny, by appropriating to his own use \$31 belonging to Curtin Wilcoxen, pleaded guilty and was held for the grand jury. He was committed to jail.

Cornelius was arrested yesterday after being released from jail, where he had been for several days having been arrested for drunkenness. The arrest yesterday was made by Detective McMahon.

The theft was committed on December 23d. Cornelius had been employed as a deliveryman by Wilcoxen, who has a delivery business, and on the 23d of December he made a number of deliveries for the Sibley department store. On the deliveries he collected \$31 and turned it over to Wilcoxen. The latter gave him the money, with instructions to turn it over to the Sibley concern. This Cornelius did not do, but started on a spree. He was arrested several days later. He was on the verge of delirium tremens, and the money was all gone.

SCHOOLS WERE COLD.

Many Pupils Had Half Holiday Because Janitors Could Not Heat Buildings.

Much inconvenience was caused in the schools of the city yesterday by the cold weather. It was impossible in many cases to keep the temperature in the buildings up to the point required for the accommodation of the pupils. This made it necessary in many schools to dismiss the morning sessions.

In several schools it was impossible to heat only portions of the building. In such cases grades were doubled up. Busting pipes and inability to get up steam enough to circulate through the buildings were given as the reasons for the trouble.

Janitors in several schools were kept busy night and day all day Monday and yesterday and many did not go to bed until this morning, when it was seen that the schools could be heated. Lack of coal was not mentioned as one of the reasons for being unable to heat the schools. The attendance was cut down to a large extent in a majority of the grades, parents keeping their children at home on account of the cold.

NEW CARS HERE.

These, as Well as Several from Sodua Road, Placed in City Service.

Four of the big blue cars belonging to the Rochester & Sodua Bay railroad were placed on the Monroe and Charlotte line this morning. These cars, having four motors, and being heavier than the other cars, will be able to make better time on the Charlotte line, and consequently will be less likely to throw the city schedule out of gear when delays occur in the suburban line, as has occurred on several occasions.

Six of the cars purchased from an out-of-town concern have been received by the Rochester Railway Company, and four of them have been placed in service. In pattern they are like their built by the railway company in its shops. They are equipped with push buttons to notify the conductor when a passenger wishes to alight, and have for heating purposes a stove placed in the center of the car.

SUFFOCATING SMOKE.

Awakened Father and Saved the Lives of Three Persons.

A fire at 2 o'clock this morning nearly destroyed the meat market conducted by George Sereshowak at No. 233 Madison avenue. At the time the fire began the butcher, with his two sons, Vincent and Max, were asleep in a room in the rear of the market. The children are 2 and 2 years of age respectively. The father was awakened by the suffocating smoke and seizing his two little ones made his escape into the street. None of the trio were at all clothed.

About the same time Policeman Miller saw the flames and sent in an alarm. Battalion Chief Atkinson and the town town companies responded, and after an hour's work succeeded in checking the

TAXIDERMISTS CALLED ON TO EXPLAIN CASE

Game Protector Finds Protected Birds in Possession.

Cases to Come Before Justice of Peace in Irondequoit One Week From To-Morrow.

Supervisors May Ask for Further Amendments to the Existing Game Laws.

Violations of the game law are charged against two local taxidermists and they will be given a hearing before Justice Buycak at the Forfeit House one week from to-morrow. J. B. Hallock will appear as counsel for Protector Wellman by whom the warrants were secured, and the two defendants will also appear by counsel.

Protector Wellman was making rounds of the taxidermists' shops a few days since and it was then that he came on the evidence of the violations of the law. The two men are charged with having in their possessions parts of birds protected by the game law. In one man's establishment were found two pheasants and a blue heron while in the other was found the skin of a pheasant.

Both of these birds are at present protected by laws which prohibit the killing of them at any time, but there will be an open season for pheasants next year under the law. In both instances the taxidermists asserted that the birds had been left with them by other persons for mounting. That excuse is not regarded as a valid one by the state authorities inasmuch as the law reads plainly as to having the birds in one's possession.

Possession of a certificate which is issued to responsible persons making collections for scientific purposes will permit the holder to have the birds, but neither of the men arrested had any such certificate. Names of the two men are withheld by Protector Wellman until the trial next week.

Modifications or amendments to the existing game laws may come before the Board of Supervisors at its next session. It is generally believed that there is plenty of room for improvement in the workings of the laws along the lines mapped out by the naming of the special committee of the Board of Supervisors to supervise the burning of nets and other illegal fishing devices, and it would not be a surprise should there be introduced at the next session of the board amendments providing for sweeping changes in the present methods of protecting fish and game.

MODERATING WEATHER.

Extreme Cold is Over for Few Days at Least, Says Forecaster Do.

A rise in temperature of 10 degrees took place in the twenty-four hours ending at 4 o'clock this morning, when 18 degrees were registered. Moderating weather prevails over nearly the entire country, but especially in the lake region and for a short distance eastward. Albany and Binghamton each had a degree below zero this morning, but it is expected that the temperatures will rise considerably at those places before night. Over the central portion of the country temperatures are still

SALARIES IN LAW OFFICE INCREASE

Action Taken at Special Session of Board of Estimate To-Day.

First and Second Assistants Corporation Counsel's Office and Managing Clerk Get More Salary.

However, Some Salaries are Dropped Away With Which Results in Saving—New Man to Prosecute Tax Actions.

The Board of Estimate held a special session in Mayor Cutler's office at 10 o'clock this morning and fixed the salaries of Corporation Counsel Webb's assistants. Several increases were made at the request of Mr. Webb, but all changes in the salary list were made which will result in a net saving to the city on the pay of the clerks altogether. These were present at the board meeting Mayor Cutler, President Edgerton, the Common Council, Comptroller Williams, Corporation Counsel Webb, Engineer Fisher and Treasurer Otis. The latter only acting with the board, while the matter of salaries came up as required by the charter.

At the opening of the session Mayor Cutler stated that he had terminated the employment of Alexander Otis, who was paid \$1,500 by the last administration as a special attaché of the corporation counsel's office to prosecute tax actions. Later in the session Charles Pierce of the Seventeenth ward, named as special counsel to prosecute tax actions at a salary of \$720 a year. His employment is at the pleasure of Corporation Counsel Webb.

The board designated banks where all funds were to be deposited as follows: Central Bank, Commercial Bank, First City National Bank, German American Bank, Traders' National Bank, Merchants' Bank, Alliance Bank, Union Trust Company, Security Trust Company, Rochester Trust and Safe Deposit Company and Fidelity Trust Company. The only new bank in the list not included last year is the Merchants' Bank.

Two appeals were before the board from audits of claims by Mr. Johnato last year. These were filed by Dr. Barron on his claims for burials of deceased smallpox patients and for salary as acting health officer. On motion, the last Wednesday in each month was set a day for hearing appeals from audit of the comptroller. The meetings will be held at 11 o'clock in the morning.

The salaries of the assistants in Corporation Counsel Webb's office were taken up. On motion of Mayor Cutler the salaries were fixed as follows: First Assistant J. M. Stull, \$2,500 a year; Second Assistant C. F. Kiehl, \$1,400; Third Assistant Norman Rosenberg, \$1,000; Managing Clerk Cunningham, \$1,400; Charles Pierce, new special counsel to prosecute tax actions, \$720. The total of these salaries is \$7,020.

The salary list under the last administration for these places was as follows: First assistant, \$2,000; second assistant, \$1,200; third assistant, \$1,000; managing clerk, \$1,200; special counsel on taxes, \$1,500. Then there was a provision for a clerk for the tax actions.

Favorite Toilet Cream

"Makes the skin like velvet"

It is an exquisite toilet lotion, harmless as
sweet milk, and a wonderful application for
chapped hands, face or lips. Ladies
are constantly telling us what it has done
for them in keeping their skin free from
the effects of Summer sun or Winter
winds. It beautifies the complexion and
keeps the skin soft, white and smooth. It
is delightfully fragrant and most refreshing
to use. It is a toilet luxury and a neces-
sity to every woman. Price 10c and 25c.
For this month we will give a 10-cent
bottle of the delightful Cream with every
50-cent purchase of regular goods except
first medicine, which is now at cost.

Lowers Hotel Drug Store

TO CLOSE
EMPIRE
THEATER

Manager Jacobs Volunteers
to Do So if Permitted to
Run Until Saturday
Night.

Offer Rejected and Notice That
Repairs Must Be Made im-
mediately Served on Him.

Legal Formalities Will Take Time,
However, So It Is Probable That
He Will Be Open Until
That Time

When Henry C. Jacobs, manager of
the Empire Theater, called at the office
of the mayor this morning for the pur-
pose of making a proposition to the ef-
fect that he would voluntarily close the
Empire if permitted to keep open until
Saturday night next, notice was served
on him as follows:

Richmond, N. Y., Jan. 19, 1903.
Mr. Henry C. Jacobs, Manager, Empire
Theater:
Take notice, that the building on the
north-east corner of Main street east and
Clinton avenue north, occupied by you as a
theater, appears to be unsafe, and I hold
the same to be unsafe. I hereby notify you,
to cause the same immediately to be re-
paired and constructed as to put the build-
ing in a safe condition.

Annexed hereto is a memorandum stat-
ing in what respects your building is in-
adequate for use as a theater, and the work nec-
essary to be done and the materials to be
furnished to make said building safe and
secure.

Yours, etc.,
John A. P. Walker,
Fire Marshal.

MEMORANDUM.

First—No fire wall between stage and
auditorium.
Second—No asbestos or fire curtain.
Third—No automatic sprinklers.
Fourth—No fire alarm telegraph.
Fifth—One of exit doors on west side of
balcony is hung in such a manner as to ob-
struct the fire escape.

Sixth—Supply proper hose attachments for
all fire plugs in the theater.

Manager Jacobs then made his propo-
sition calling attention to the fact that
he had a great deal of money invested
in the theater, a large company of play-
ers engaged for the week, who would
be thrown out of work if the theater was
summarily closed; that he had money
invested in newspaper and other adver-
tising announcing the attraction for the
week, and that in addition his entire
force of employees would be laid off if he
could not remain open. He said he was
willing to take any precautions that the
mayor might suggest for the remainder
of the week and that he felt this as he
had conducted the theater for years with-
out a fire under his ordinary precautions
there would be little danger of the with
extra precautions such as the mayor
might suggest.

Mayor Cutler decided that he would
not accept Mr. Jacobs' proposition, but
would serve the notice from Fire Mar-
shal, Walter. This notice calls upon Mr.
Jacobs to make repairs suggested im-
mediately. Mr. Jacobs will, of course,
be permitted time to investigate as to
the cost of such repairs and it is not at
all likely that all the legal formalities
necessary in the closing of the theater
can be perfected before Saturday night.
The Empire will be closed next week,
however.

The reports of the investigating com-
mission on the other theaters of the city
have not yet been submitted to the
mayor. Until he has read them he will
take no action.

AGAINST THE CIGARETTE.

**Endless Chain Working Against the Vice
Habit in This Country.**

A national league has been formed to
start a crusade against the cigarette habit.
The league will cover the whole country.
Every woman is asked to send her name
and address to be used in a pamphlet
petition to Congress asking for national
law prohibiting the sale of cigarettes to
minors. Please send also of paper with
your name and address of it with this card
to U. S. Moral Society, Philadelphia. Will
you also write four cards like the two
women and please do not fail or the chain
will be broken. No money. Send at once,
and ask the four ladies to whom you send
cards to send at once.

SNOW PREDICTED.

Moderate Weather Expected to Prevail
for Few Days at Least.

Temperatures were moderate over the
entire country this morning, being in the
20s in the east and in the 30s in the west.
The local temperature was 24 degrees. It
is expected that moderate weather will pre-
vail until Saturday at least. There is a
depression over Minnesota which covers
nearly the entire northern section of the
country. This will probably cause snow
in this section to-night. The official pre-
diction for to-night and to-morrow is snow,
with continued moderate temperatures.

Rochester Man Partly Frozen.

A dispatch from Saratoga says that Fred-
erick Shannon, a Rochester photographer,
was found wandering on Broadway in that
city in a partly frozen condition yester-
day morning when the thermometer was 22
degrees below zero. Several photographers
saw this morning knew nothing of the
man and his name is not in the city di-
rectory.

To Celebrate Anniversary

ST. JAMES' CONGREGATION.

Planning to Greatly Enlarge Its House
of Worship at Almira and Grant
Streets.

The congregation of St. James' Episco-
pal Church, Almira and Grant streets, is
planning to enlarge its house of worship
as soon as weather will permit next spring.
A building committee composed of mem-
bers of the vestry, was appointed last sum-
mer by the rector, the Rev. Francis C.
Woodward, but nothing was done toward
starting the work on account of the scarcity
of materials and the inability of contractors
to obtain workmen. It is intended to begin
actual building operations as soon as the
full amount of money to defray the ex-
pense is obtained. Almost all of this sum
has already been subscribed and what more
is needed, the committee says, will be at
hand by April 1st.

The church at present is of gray stone
and seats about 250 persons. The front is
of wood and the building to be done next
spring will consist of the extension of the
edifice sufficiently far towards the sidewalk
to permit the installing of the organ and
choir stalls for a vested choir. In the chan-
cel. At the present time the organ and
choir are located in the gallery in the rear
of the church. It is planned to have a main
entrance through a square tower of the
southeast corner of the church. The build-
ing will not be finished in accordance with
the original plans, as such operations would
be too expensive. When completed, St.
James' will be one of the prettiest churches
in Rochester and will have a seating ca-
pacity of about 350.

The present time every pew is occu-
pied and the services are well attended.
The parish hall will not be altered, as it
is large enough for all purposes to which
it is put. The parish, the building com-
mittee says, is in a flourishing condition,
the congregation and the several parochial
societies being enthusiastic and eager for
work. The membership and general inter-
est in the parish work is increasing lead-
ingly under the pastorate of the Rev. Mr.
Woodward. The rector's work has been es-
pecially productive of good results among
the younger people of the parish.

WATCH FOR STUDENT

Classmates Make Gift to J. F. Dissett,
Who Goes to Cuba With Bishop
Hendrick.

Classmates and fellow students of Joseph
F. Dissett, in St. Andrew's and St. Ber-
nard's seminaries, gathered at his home,
No. 11 Gotham street, on Tuesday evening
and presented him a gold watch. Mr. Dis-
sett is a student at St. Bernard's Seminary
who is going to Cuba, P. I., with Rt.
Rev. Thomas A. Hendrick, L.L.D. He will
continue his theological studies under Bis-
hop Hendrick and assist him in adminis-
tering the affairs of the diocese.

Mr. Dissett was born in Albion 22 years
ago and came to Rochester with his par-
ents when 8 years of age. He graduated
at St. Bridget's parochial school and St.
Andrew's Seminary and matriculated at St.
Bernard's Seminary.

COMMISSARY AGENT.

J. W. Irvine of This City Receives Pro-
motion from Central Railroad.

J. W. Irvine, manager of the dining
room at the New York Central station
in this city, has been appointed com-
missary agent of the New York Central.
This office is simply that of assistant
commissary superintendent and Mr. Ir-
vine will also be inspector of the dining
car service of the road. His headquarters
will be at Albany.

Mr. Irvine is well known in Rochester,
where he has had charge of the station
dining room for the past three years. He
has had much experience in the dining
car service of various roads, having been
for ten years inspector of the dining car
service of the New York, New Haven &
Hartford railroad. His successor at the
station restaurant has not yet been
named.

TWO DECISIONS.

Justice Parkhurst Hands Down Rulings
In Two Cases.

Justice Parkhurst this morning filed
decisions in two cases that have been before
him for some time. One was in the matter
of the German American Bank against
Frank P. Crough and others, arising over
two promissory notes. The decision finds
for the plaintiff and directs the sale by a
referee of certain shares of stock in the
United Realty Co.

In the other case, Wendell J. Curtis as
assignee of Sidney B. Holly against Henry
H. Albee decision is in favor of the de-
fendant, dismissing the complaint of the
plaintiff with costs in all courts. This ac-
tion was brought to recover certain moneys
paid over to Albee who had bought in
claims against the Hoffman Co. of Indiana.
It was claimed that at the time the claims
were sold at auction it was not known by
the assignee that certain payments on the
claims had been made.

WALKED ON "L" TRACKS.

John Brown, Arrested for the Offense,
Sent to Penitentiary.

John Brown, arrested by Officer George
Alt yesterday afternoon on a charge of
walking on the "L" tracks of the Central
near Rele street, was convicted in police
court today and sentenced to serve one
month in the penitentiary.

Brown said that he came to this city
from Lancaster, Pa., and that he had been
in the city but a few hours when arrested.
He said that he was on his way to Buffalo.

POOR OVERSEERS MEET.

Quarterly Session of the Monroe County
Association To-Day.

This afternoon the Monroe County Over-
seers of the Poor Association held its regu-
lar quarterly session in Superintendent
Lodge's office.
Various matters connected with the care
of the county poor were gone over, and
plans for the further abatement of tramps
and other annoyances were discussed.

New Police Rules.

Commissioner Gilman contemplated com-
piling a new book of police rules when he
gets time to do it. The present book of
rules is a revision of the old clumsy book,
but in attempting to cut it down the author
eliminated many sections which the com-
missioner thinks should be included. Mr.
Gilman has a copy of the Albany rules
which seem to be very concise and com-
plete and he will refer to this book in re-
vising the local police rules.

City Hospital Managers.

The managers of the City Hospital will
hold their annual meeting on Monday

ARRESTED
FOR THEFT OF
C. M. B. A. FUND

Former Officer of Corps
Christi Branch Captured
in Buffalo.

Left the City Several Days Ago
and Warrant for His Arrest
Was Issued on Applica-
tion of President.

Accused of Appropriating \$150—Al-
Passed Worthless Checks on Bar-
ber and Saloon Keeper.

George J. Welts, former treasurer
Corpus Christi Branch, No. 139, Cath-
olic Mutual Benefit Association, was ar-
rested in Buffalo this morning by De-
tective McDonald of this city on a war-
rant charging him with grand larceny
by appropriating to his own use \$150,
belonging to Corpus Christi Branch. De-
tective McDonald this morning is
forming him of the arrest. The com-
plaint against him is made by William
J. Peaseley of 210 Edinburgh street, pre-
sident of the branch. In the complaint
President Peaseley charges that the money
was appropriated between January 1
1903, and December 28, 1903. The warrant
was issued on December 28th.

Director Hayden, to whom the war-
rant was given, detailed Detective Mc-
Donald on the case and he learned that
Welts had left the city after telling some
of his friends that he was going to Pitts-
burg. This information was given to
Director Hayden, but he was satisfied
that Welts had told the story only to
the purpose of putting the police off the
track should a complaint be made
against him. Following up a clue which
he obtained Director Hayden became con-
vinced that Welts had gone to Buffalo
and he sent Detective McDonald there
after him yesterday. This morning he
received from McDonald a dispatch to
the effect that Welts had been arrested.
Welts had been treasurer of the
branch for nearly a year, and several
weeks ago other officers of the branch
became suspicious that all of the money
due the association had not been turned
in by Welts. An examination of the
books was made, and a shortage of
\$150.25 was found. Then President Pe-
aseley made application for a warrant
the arrest of Welts. He had evidence
learned of the investigation, and, feel-
ing arrested, left the city, after giving
to some of his friends that he was go-
ing to Pittsburgh.

After the warrant was placed in Di-
rector Hayden's hands the fact that
Welts had obtained money on at least
two worthless checks was brought
to the director's attention. Inasmuch
a warrant had been issued on complai-
of the president of the C. M. B.
branch, it was not considered necessary
to issue other warrants for him.

One of the checks was passed on Jo
G. Carroll, who conducts a saloon
the corner of Edinburgh and Exchange
streets. It was for \$6.80, and the name
of P. H. Daloh was attached to it. The
check was made payable to Welts. The
other check was passed on D. H. M.
Donald, proprietor of the New Osborn
House barber shop. It was for \$4,
and was made payable to Welts. The
name of George Smith, Jr., was at-
tached to the check. Both of the checks
were found to be worthless.

Welts was brought to this city this
morning by Detective McDonald and was
locked up at police headquarters.

ALL IN FIVE WEEKS.

**A Practical Knowledge of French
German Easily Acquired.**

Regarding Prof. Dodge's five week
course of French or German, Mr. E. J.
Clement, editor-in-chief of the Boston
Transcript, says: "Prof. Dodge is a
born teacher, peculiarly gifted with the
power of simplifying, clarifying and in-
spiring knowledge, and inspiring enthu-
siasm for work in his pupils. Such
teacher is one in ten thousand. The
he has invented, with the true America
ingenuity and daring, an original system
which like all great inventions, is so sim-
ple that one wonders everybody had not
thought of it before, and yet is astonish-
ing in labor-saving and in results. On
Yankee keenness and Yankee pluck would
ever have seen how to make a 'corn
diller' of five hundred words serve
in place of the whole lumbering army, an
how to cut out the baggage-train of the
grammar altogether. All this leaves un-
mentioned Prof. Dodge's personal man-
ners, his infectious humor, his sym-
pathetic insight into the difficulties of learn-
ers, his consideration for each accord-
ing to the circumstances, ever making
the faltering steps of the lagging the op-
portunity for mutual help from the rest
of the class, no minute of the hour, always to
short and always freely lengthened, is
really wasted." Free lectures at Y. M.
C. A. hall to-morrow. French at 10:30 a.
m. and 8 p. m., German at 4:30 p. m.

WANT SUPERINTENDENT.

**Oswego County Officials Looking for Head
of School System.**

A committee of three members of the
school board of Fulton, Oswego county,
was in the city yesterday in search of a
superintendent of schools for that town.
They had a conference with Commissioners
Forbes and Superintendent Carroll in the
afternoon.

While nothing is given out as to what
was done at the conference it is said that
the committee is considering the names of
three or four school principals of the city
for the position. It is not thought that
any Rochester principal has made a can-
didate for the position.

KINGBURY—Entered into last at his home, in Chili Station, Wednesday, Jan. 8, 1903, at 10 p. m. Harlow Kingbury, aged 81 years.

THEATER

Manager Jacobs Volunteers to Do So if Permitted to Run Until Saturday Night.

Offer Rejected and Notice That Repairs Must Be Made Immediately Served on Him.

Legal Formalities Will Take Time, However, So It Is Probably That He Will Be Open Until That Time.

When Henry C. Jacobs, manager of the Empire Theater, called at the office of the mayor this morning for the purpose of making a proposition to the effect that he would voluntarily close the Empire if permitted to keep open until Saturday night next, notice was served on him as follows:

Rochester, N. Y., Jan. 8, 1903.
 Mr. Henry C. Jacobs, Manager, Empire Theater.
 Take notice, that the building on the northeast corner of Main street east and Clinton avenue north, occupied by you as a theater, appears to be unsafe, and I hold the same to be unsafe. I hereby notify you, to cause the same immediately to be repaired and constructed as to put the building in a safe condition.
 Annexed hereto is a memorandum stating in what respects your building is unsafe for use as a theater, and the work necessary to be done and the materials to be furnished to make said building safe and secure.
 Yours, etc.,
 John A. P. Walker,
 Fire Marshal.

MEMORANDUM.
 First—No fire wall between stage and auditorium.
 Second—Construct proper fire wall.
 Third—No asbestos or fire curtain.
 Fourth—Supply proper curtain.
 Fifth—No automatic sprinklers.
 Sixth—Supply the same.
 Seventh—No fire alarm telegraph box.
 Eighth—Supply such a box.
 Ninth—One of exit doors on west side of balcony is hung in such a manner as to obstruct the fire escape.
 Tenth—Change the hanging of the door.
 Eleventh—Supply proper hose attachments for all fire plugs in the theater.

Manager Jacobs then made his proposition calling attention to the fact that he had a great deal of money invested in the theater, a large company of players engaged for the week, who would be thrown out of work if the theater was summarily closed; that he had money invested in newspaper and other advertising announcing the attraction for the week, and that in addition his entire force of employees would be idle if he could not remain open. He said he was willing to take any precautions that the mayor might suggest for the remainder of the week and that he felt that since he had conducted the theater for years without a fire under his ordinary precautions there would be little danger of the with extra precautions such as the mayor might suggest.

Mayor Cutler decided that he would not accept Mr. Jacobs' proposition, but would serve the notice from Fire Marshal Walker. This notice calls upon Mr. Jacobs to make repairs suggested immediately. Mr. Jacobs will, of course, be permitted time to investigate as to the cost of such repairs and it is not at all likely that all the legal formalities necessary in the closing of the theater can be perfected before Saturday night. The Empire will be closed next week, however.

The reports of the investigating commission of the other theaters of the city have not yet been submitted to the mayor. Until he has read them he will take no action.

AGAINST THE CIGARETTE.

Endless Chain Working Against the Vice Habit in This Country.

A national league has been formed to start a crusade against the cigarette habit. The league will cover the whole country. Every woman is asked to send her name and address to be used in a pamphlet petition to Congress asking for a national law prohibiting the sale of cigarettes to minors. Please send also of piece with your name and address of it with this card to U. S. Moral Society, Philadelphia. Will you also write four cards like this to women and please do not fail or the chain will be broken. No money. Send at once, and ask the four ladies to whom you send cards to send at once.

SNOW PREDICTED.

Moderate Weather Expected to Prevail for Few Days at Least.

Temperatures were moderate over the entire country this morning, being in the 20s in the east and in the 30s in the west. The local temperature was 24 degrees. It is expected that moderate weather will prevail until Saturday at least. There is a depression over Minnesota which covers nearly the entire northern section of the country. This will probably cause snow in this section to-night. The official prediction for to-night and tomorrow is snow, with continued moderate temperatures.

Rochester Man Partly Frozen.

A dispatch from Saratoga says that Frederick Shantow, a Rochester photographer, was found wandering by Broadway in that city, in a partly frozen condition, yesterday morning when the thermometer was 22 degrees below zero. Several photographers seen this morning knew nothing of the man and his name is not in the city directory.

To Celebrate Anniversary.

The twenty-fifth anniversary of their marriage will be celebrated by Mr. and Mrs. Joseph Knoch, of No. 14 Clinton avenue north at their home on Sunday evening, when they will hold a reception to their friends and relatives.

The congregation of St. James' Episcopal Church, Almira and Grant streets, is planning to enlarge its house of worship as soon as weather will permit next spring. A building committee, composed of members of the vestry, was appointed last summer by the rector, the Rev. Francis C. Woodward, but nothing was done toward starting the work on account of the scarcity of materials and the inability of contractors to obtain workmen. It is intended to begin actual building operations as soon as the full amount of money to defray the expense is obtained. Almost all of this sum has already been subscribed and what more is needed, the committee says, will be at hand by April 1st.

The church at present is of gray stone and seats about 250 persons. The front is of wood and the building to be done next spring will consist of the extension of the edifice sufficiently far towards the sidewalk to permit the installing of the organ and choir stalls for a vested choir. In the chancel. At the present time the organ and choir are located in the gallery in the rear of the church. It is planned to have a main entrance through a square tower on the southeast corner of the church. The building will not be finished in accordance with the original plans, as such operations would be too expensive. When completed, St. James' will be one of the prettiest churches in Rochester and will have a seating capacity of about 350.

At the present time every pew is occupied and the services are well attended. The parish hall will not be altered, as it is large enough for all purposes to which it is put. The parish, the building committee says, is in a flourishing condition, the congregation and the several parochial societies being enthusiastic and eager for work. The membership has increased steadily under the pastorate of the Rev. Mr. Woodward. The rector's work has been especially productive of good results among the younger people of the parish.

WATCH FOR STUDENT.

Classmates Make Gift to J. F. Dissett, Who Goes to Cuba With Bishop Hendrick.

Classmates and fellow students of Joseph F. Dissett, in St. Andrew's and St. Bernard's seminaries, gathered at his home, No. 11 Gorham street, on Tuesday evening and presented him a gold watch. Mr. Dissett is a student at St. Bernard's seminary who is going to Cuba, P. I., with Rev. Thomas A. Hendrick, L.L.D. He will continue his theological studies under Bishop Hendrick and assist him in administering the affairs of the diocese.
 Mr. Dissett was born in Albion 23 years ago and came to Rochester with his parents when 8 years of age. He graduated at St. Bridget's parochial school and St. Andrew's seminary and matriculated at St. Bernard's seminary.

COMMISSARY AGENT.

J. W. Irvine of This City Receives Promotion from Central Railroad.

J. W. Irvine, manager of the dining room at the New York Central station in this city, has been appointed commissary agent of the New York Central. This office is simply that of assistant commissary superintendent and Mr. Irvine will also be inspector of the dining car service of the road. His headquarters will be at Albany.

Mr. Irvine is well known in Rochester, where he has had charge of the station dining room for the past three years. He has had much experience in the dining car service of various roads, having been for ten years inspector of the dining car service of the New York, New Haven & Hartford railroad. His successor at the station restaurant has not yet been named.

TWO DECISIONS.

Justice Parkhurst Hands Down Rulings in Two Cases.

Justice Parkhurst this morning filed decisions in two cases that have been before him for some time. One was in the matter of the German American Bank against Frank P. Crough and others, arising over two promissory notes. The decision finds for the plaintiff and directs the sale by a referee of certain shares of stock in the United Realty Co.
 In the other case, Wendell J. Curtis as assignee of Sidney B. Roby against Roby C. Albion decision is in favor of the defendant, dismissing the complaint of the plaintiff with costs in all courts. This action was brought to recover certain moneys paid over to Albion who had bought in claims against the Hoffman Co. of Indiana. It was claimed that at the time the claims were sold at auction it was not known by the assignee that certain payments on the claims had been made.

WALKED ON "L" TRACKS.

John Brown, Arrested for the Offense, Sent to Penitentiary.

John Brown, arrested by Officer George Alt yesterday afternoon on a charge of walking on the "L" tracks of the Central near Seale street, was convicted in police court today and sentenced to serve one month in the penitentiary.
 Brown said that he came to this city from Lancaster, Pa., and that he had been in the city but a few hours when arrested. He said that he was on his way to Buffalo.

POOR OVERSEERS MEET.

Quarterly Session of the Monroe County Association To-Day.

This afternoon the Monroe County Overseers of the Poor Association held its regular quarterly session in Superintendent Lodge's office.
 Various matters connected with the care of the county poor were gone over, and plans for the further attainment of tramps and other annoyances were discussed.

New Police Rules.

Commissioner Gilman contemplated compiling a new book of police rules when he gets time to do it. The present book of rules is a revision of the old clumsy book, but in attempting to cut it down the author eliminated many sections which the commissioner thinks should be included. Mr. Gilman has a copy of the Albany rules which seem to be very concise and complete and he will refer to this book in revising the local police rules.

City Hospital Managers.

The managers of the City Hospital will hold their annual meeting on Monday afternoon next at 3 o'clock. Friends of the hospital are invited to attend.

"Easy Shave," the new lather makes shaving a daily pleasure. At Juggists, 15c. Try it.

C. M. B. A. FUNDS

Former Officer of Corps Christi Branch Captured in Buffalo.

Left the City Several Days Ago and Warrant for His Arrest Was Issued on Application of President.

Accused of Appropriating \$150—Al Passed Worthless Checks on Barber and Saloon Keeper.

George J. Welts, former treasurer of Corpus Christi Branch, No. 139, Catholic Mutual Benefit Association, was arrested in Buffalo this morning by Detective McDonald of this city on a warrant charging him with grand larceny by appropriating to his own use \$150.25 belonging to Corpus Christi Branch. Director Hayden received a dispatch from Detective McDonald this morning informing him of the arrest. The complaint against him is made by William J. Peasley of 210 Edinburgh street, president of the branch. In the complaint President Peasley charges that the money was appropriated between January 1, 1903, and December 23, 1903. The warrant was issued on December 23th.

Director Hayden, to whom the warrant was given, detailed Detective McDonald on the case and he learned that Welts had left the city after telling some of his friends that he was going to Pittsburgh. This information was given to Director Hayden, but he was satisfied that Welts had told the story only to the purpose of putting the police off the track should a complaint be made against him. Following up a clue which he obtained Director Hayden became convinced that Welts had gone to Buffalo and he sent Detective McDonald there after him yesterday. This morning he received from McDonald a dispatch to the effect that Welts had been arrested. Welts had been treasurer of the branch for nearly a year, and several weeks ago other officers of the branch became suspicious that all of the money due the association had not been turned in by Welts. An examination of books was made, and a shortage of \$150.25 was found. Then President Peasley made application for a warrant for the arrest of Welts. He had, indeed, learned of the investigation, and, fearing arrest, left the city after giving to some of his friends that he was going to Pittsburgh.

After the warrant was placed in Director Hayden's hands the fact that Welts had obtained money on at least two worthless checks was brought to the director's attention. Inasmuch as a warrant had been issued on complaint of the president of the C. M. B. A. branch, it was not considered necessary to issue other warrants for him.

One of the checks was passed on J. G. Carroll, who conducts a saloon on the corner of Edinburgh and Exchange streets. It was for \$6.50, and the name of P. H. Daloh was attached to it. The check was made payable to Welts. The other check was passed on D. H. McDonald, proprietor of the New Osprey House barber shop. It was for \$4 and was made payable to Welts. The name of George Smith, Jr., was attached to the check. Both of the checks were found to be worthless.
 Welts was brought to this city this morning by Detective McDonald and was locked up at police headquarters.

A ruling by the Secretary of the Treasury officially establishes the fact that frogs' legs are dressed poultry under the Dingley tariff law. Puzzle: To find the wishbone.

Wheat went to a dollar a bushel in Chicago yesterday, and everything on the board touched the highest point of the season. There are no signs of an immediate decrease in the cost of living.

Russia's reply to Japan's last note will, it is expected, be forwarded to Tokyo tomorrow or Saturday. Its arrival at the Japanese capital is awaited with worldwide interest, for vast interests depend on its effect in maintaining peace or bringing on war.

There has been a heavy break in cotton and coffee and Daniel J. Sully has gone to Palm Beach for a vacation. This wonderful man certainly has earned a rest. By honest toil in the stock market he has made a fortune of several millions during the past few months, and his fellow citizens will not grudge him a little breathing spell.

It is reported that the condition of Senator Hanna, who is ill at his home in Washington, has become somewhat serious. His strength was much wasted by an attack of grip which he suffered some time ago, and accordingly he has not the power of resistance to disease which he would have normally. Senator Hanna is so conspicuous and so powerful a man in public life that his condition excites universal interest.

Somebody who professes to know declares that there is not a college president in the country who receives as much as \$12,000 a year. Perhaps it is because they are underpaid that some of them say foolish things. In his convocation address the other day the President of Missouri University said of James Buchanan: "May Heaven have mercy on his soul and abate the flames that may surround him." What a

realizes the gravity of the situation, but there is not the shadow of a doubt as to its wisdom. The depression in business is increasing daily, the revenues are falling off, many people are out of work, and unless the situation soon changes a great exodus of whites is inevitable. Public opinion, he adds, is decidedly in favor of imported labor. "If many people are out of work in the Transvaal, the importation of Chinese cheap labor is not likely to improve the situation. The condition of affairs in the conquered territory is the natural result of the war waged against the Boers by the British, a war which devastated the land. It is doubtful that the introduction of Chinese coolies will improve the situation."

To Make Porto Ricans Citizens of the United States

The House on Tuesday properly adopted a resolution giving additional privileges to the Resident Commissioner from Porto Rico. He is now empowered to speak on the floor of the House, to introduce bills and can be assigned to committees. In fact he has all the rights of a Delegate, except mileage, clerk hire and an allowance for stationery.

The Porto Rican Commissioner, Federico Degetau, lost no time in availing himself of his new privileges. He at once introduced a bill declaring the citizens of Porto Rico to be citizens of the United States. This is a much better measure than the Senate bill granting the privilege of naturalization to Porto Ricans, which was passed the other day, but the vote on which is to be reconsidered in accordance with the suggestion of Senator Spooner. As we pointed out, in discussing the latter measure, as the laws stand, Porto Ricans cannot be naturalized, because a person seeking naturalization is called upon to forswear allegiance to his country, and Porto Ricans owe allegiance to this country. Commissioner Degetau's way is the right way. Let Congress declare the citizens of Porto Rico citizens of the United States. No time should be lost in passing the Porto Rican Commissioner's bill.

Significant Resolutions.

The Detroit Board of Commerce has adopted resolutions on the subject of our trade relations with Canada, which indicate that the business men of that city are fully alive to the importance of promoting commerce between this country and its growing northern neighbor. The resolutions set forth their sentiments in part as follows: "There is throughout a community of interests that scarcely needs to be fostered. It is freed from the arbitrary enactments that hamper it, it would work out its own development. The ultimate and ideal relation is one of absolute free trade between the two countries with identical tariffs against all others. There is no apparent reason why the free interchange of commodities between Canada and the states should hinder progress any more than such interchange between the states has done. American commerce would then be continental instead of being simply national, and it would control the commercial world."

There is, in fact, no more reason for a tariff barrier between the United States and Canada than there is for such a barrier between the several states themselves or between the political sub-

jects generally so far as any views are all expressed. There is reason to believe that the business men of the country would be found in perfect accord on the subject if they were led to voice their sentiments, as they should be, through an organized movement looking to decisive and early action by our government. The first advances must be made on this side of the line. Canada will no longer ask for what we have long denied her.

To Fight the Theatrical Trust.

Mr. David Belasco, who recently broke off relations with the Theatrical Syndicate, which had been making his bookings, on account of their unreasonable charges for permitting him to present his attractions in their theaters, proposes to carry the war into the enemy's camp. He will himself build a chain of theaters, one of them in this city, and will be able not only to defy the syndicate but to take away a good deal of their business. In speaking of his plans Mr. Belasco is quoted as saying:

I am not in the habit of building theaters on paper, nor do I care to boast of my plans. I am ready to start work, however, at once. I will build as many houses as situations in cities demand. I have theaters already in New York, Boston, Philadelphia, Chicago, and London.

There is every reason to believe that Mr. Belasco will be able to carry out his plans, as it is well known that he is backed by wealthy capitalists who believe in the success of whatever ventures he undertakes. Mr. Belasco has long been known as a remarkably successful dramatist and as an unrivalled stage director. Ever since, a few years ago, he entered the field of theatrical management, success has crowned his efforts. Therefore his revolt against the situation created by the Theatrical Syndicate, which has sought to dictate the terms on which attractions can be played in most of the high priced theaters of the country, means a good deal. It means that the power of the trust will be broken.

The stand which Mr. Belasco has taken in this matter should be gratifying to every one who has at heart the interest of the theater and the drama. As "competition is the life of trade" the building of these new theaters will be beneficial to the theatrical business generally and will stimulate artistic endeavor in the theater, for in the Belasco theaters art as well as commercialism will have a place. Mr. Belasco is, first of all, an artist. Therefore his direction of a chain of theaters will necessarily make for the good of art in the theater.

The American Peril.

One of the leading journals of St. Petersburg, the Novoy Vremya, holds the United States chiefly to blame for the Russo-Japanese crisis, and says that this country will be responsible if war results. This view is evidently based on statements contained in a letter from one of its correspondents who has just reached Port Arthur and writes of the conditions there. He says:

If there is war, the opinion prevails at Port Arthur that the United States, which for years has been preparing to monopolize the trade of the Far East, will be the gatherer. The Japanese will be food for powder; over their prostrate bodies America will get a foothold on the Asiatic continent and eventually her millionaires will get the Chinese viceroy under their thumb and American machinery will convert Asia into a factory which will swamp the West with the products of Chinese cheap labor, exclude Europe from the Pacific and leave her prey to the vampire-socialism.

This sensationalist view of

is the money. In no other way can a poor student earn \$18 in an evening, and there are not many ways in which he can earn even enough for his bare support without a great sacrifice of valuable time. Probably there are some evenings when the students at Lawrenceville School do not make as much as \$18, but put it at \$11 an evening for the whole school year and the young man is seen to be in very satisfactory financial shape. If the faculty of this school can see it way clear to permitting a continuance of this prosperous business the student will not only be able to support them selves in luxury, but will be able also to endow the school on a scale that will make the University of Chicago envious. We await with some anxiety the result of the faculty's deliberations on this interesting subject.

A St. Louis trolley car conductor found a package containing \$60,000 in his car the other day, but its owner, a woman unkindly came back and claimed it. There is really no chance at all for a poor man these days.

Delicate Negotiations.

New York Evening Post.

Senator Aldrich, who seldom speaks unless he has something to say, informed the Senate last week that "delicate and difficult negotiations" were going on with a view to settling the Panama controversy. He added that the Senate ought not to adopt a resolution of inquiry which might embarrass the President in the work of "carrying on diplomatic negotiations as to matters between Colombia and the United States or between Panama and Colombia." This morning's dispatches from Washington strongly confirm his intimation. They state that a settlement, or an assurance of settlement, is to be given the Democratic senators, and that then they will uphold the treaty to come to vote. The upset appears to be that a sum of money is to be paid Colombia in compensation for her loss of the Isthmus.

A clear basis for such an agreement is discoverable in the latest correspondence between Secretary Hay and Gen. Reyes. Mr. Hay would not, to be sure, concede that the cause of our government had been in any way irregular or unfriendly; but, he said, it "recognizes the fact that Colombia has, as she affirms, suffered an appreciable loss." He added that it was the wish of our government to "do all that lies in its power to ameliorate her (Colombia's) lot." He spoke also of a "possible appointment of pecuniary liabilities." Later, when Gen. Reyes pressed for something more definite, the secretary said he could do nothing, but finally, on January 13th, he wrote: "I am now instructed by the President to make the following suggestion:

(1) To submit to a plebiscite the question whether the people of the Isthmus prefer allegiance to the republic of Panama or to the republic of Colombia.

(2) To submit to a special court of arbitration the settlement of those claims of a material order which either Colombia or Panama by mutual agreement may reasonably bring forward against the other, excepting those claims preceding or following the declaration of independence of Panama.

Obviously, this is a great and gratifying modification of the original attitude of the administration. It had done, it thought, a "smart" thing. Colombia had been "euchred." The loathsome "Dagores" had tried to "hold up" Uncle Sam, but had found his gun-play more lightning-like than they had ever dreamed. But that vision of cheap Jingoism soon faded. The President actually found that there were people in this country who cared more about winning fairly than they did about winning; that there were grave considerations of law and morals which he had entirely overlooked; and that instead of rousing enthusiasm he had provoked disgust. It is undoubtedly this manifestation of sounder public sentiment which has made the President anxious to arrive at an honorable settlement. Sen. Grosvenor may rise in the House and sneer at the weak-minded Yale professors, but Theodore

DAVID AND GOLIATH

Belasco Determines to Fight the Theatrical Syndicate and to Further His Ends Will Build Theater in Rochester.

David Belasco, the playwright who wrote "The Heart of Maryland," "Zaza," "Dull Harry" and other plays and who made Mrs. Leslie Carter famous as an actress, has decided to go into melodrama himself and will do the "David and Goliath" act. He will emulate whom he was named after and do it with a sling. He has "completely and irrevocably ended his business dealings with the syndicate," as he announces, and henceforth will "carry on his enterprises independently of the syndicate in every particular."

In order to do this Mr. Belasco will have to have some theaters and as most of the good theaters in the country are under the control of the syndicate and will be for some years to come, under contract, he will have to build a few. He says he will build eight and that one of them will be located in Rochester. In this theater only Belasco plays and other plays that are not under syndicate control will be produced.

Mr. Belasco made a clear and positive statement of his attitude toward the syndicate last Friday night. "The present estrangement between the Klaw and Erlanger trust and myself can never be patched up," said Mr. Belasco. "There will never again be any business dealings whatsoever between us. The reasons for this determination will be made public to the smallest detail, when the two lawsuits between us are brought to trial, and those reasons will explain in most pointed fashion the position I have taken."

"I am now booking my companies independently, and shall continue so to book them. Mrs. Carter has a few engagements yet to play in syndicate houses, under contracts made long ago, but after those engagements have been fulfilled no company of mine shall ever again appear in a theater if the booking is controlled by the trust. The routes that I have booked myself, dealing with the local managers, are infinitely better than any routes ever given me by Klaw and Erlanger, and it is obvious that the profits to both the local managers and myself should be much greater. Klaw and Erlanger receive a commission for booking from the company managers, a percentage from the local manager, and in one instance, was obliged to give up a full half of my entire Warfield profits beside. This enormous tribute is demanded by Klaw and Erlanger for booking routes that necessitate great expense in railway fares, with such long jumps that players are in a perpetual state of fatigue and irritation. For this 'service' managers have paid tribute for years. I know what I had to pay."

"For obvious reasons," continued Mr. Belasco, "a firm that books tours and receives commission fees for so doing, should not also be in the business of management. Klaw & Erlanger have the privilege of reserving the best time for their own attractions, and the managers who pay tribute must be content with the leftovers. Beyond that, Klaw & Erlanger do an injustice to the public by barring out companies that may prove dangerous competitors to their

own attractions. Here is a case in point: I desired to present Blanche Bates in 'The Darling of the Gods' in St. Louis during the period of the exposition. I felt that the chance of success and profit there at that particular time would be especially favorable, and as the Japanese play had proved itself to be one of the genuine hits which New York had seen in recent years, I considered that to wish to send it to St. Louis during the last four months of the fair was not unreasonable. Klaw & Erlanger, however, had other ideas on the subject. They were determined to control all the exposition bookings, and I was told that there would be no time for 'The Darling of the Gods' at St. Louis until after the exposition, when they had laid out a route for Miss Bates, embracing the far West and Northwest. It was also made clear that if I dared enter St. Louis independently they would cancel all bookings farther west. This arbitrary proceeding on their part did not appeal to me. On the contrary, I immediately opened negotiations with Stair & Havlin and secured four months' time for my attraction in their St. Louis house. Then I proceeded to book a route for the company after the St. Louis engagement, and have succeeded in arranging a far better tour than the one laid out for me by Klaw & Erlanger. Now that I see how well and how easily I have been able to book independently, I am doubly glad, for reasons of business as well as of principle, that the break has come. Klaw and Erlanger went a step too far when they refused to book Blanche Bates and 'The Darling of the Gods' anywhere in the United States unless they could absolutely control each and every booking of the entire tour. I started out on this policy alone, with such splendid results that I shall never again be anything but independent of Klaw and Erlanger in the most absolute sense of the word."

"Now, if I, with a company numbering one hundred and fifty people, and with expenses that necessitate receipts of not less than eight thousand dollars a week to enable me to 'break even,' can book independently with profit, how much better can managers of less expensive attractions do by following the same course? Every independent theater in which my companies have appeared the business has been enormous. Mrs. Carter at the West End Theater turned people away at every performance; Miss Bates at Corse & Payton's Theater in Brooklyn played to audiences that packed the house night after night. In the independent theaters in Baltimore and Washington I had the same experience—capacity always. The public is ready to patronize independent theaters. The feeling against the trust is growing."

"I am taking special instruction for the season of Wagner."

"Ah?"

"Yes, and with my six seasons I can already sit still and look rapt for more than two hours occasionally."—Punch.

Take a look at the Union's "want" column. You will find just what you always tell when you find it.

Eyea." In which Virginia Barnard is appearing at the Criterion, is one of the most peculiar plays seen here this season. E. H. Sothern, the author, evidently takes himself seriously, but after sitting out the drama it will be impossible for any one to consider him seriously again. The piece is an "actor's play"—its characters are of the stage stagey and not of real life. The heroine is an Irish girl of the kind common in a Chaucery Olcott drama. Miss Harned plays her in a red wig with a fine Celtic accent, and looks pretty and roguish—in fact she is all that the part calls for and more. Some of the critics have "set" on her, but the public verdict is that Virginia is all right.

Some years ago at the Fourteenth Street Theater Andrew Mack produced a drama by Ramsey Morris, called "An Irish Gentleman." This week he has revived the play with new scenery and costumes. Mr. Mack is seen as Jack

the David Irishness, who has been a combination and is no longer appearing in "His Last Dollar." She is in this city in poor health. The 150th performance of "Habeas in Toyland" at the Majestic Theater occurs February 15th. Souvenir, of course. Anna Held has arranged to resume her tour in "Mam'ell Napoleon." "Checkers" is to be continued at the Academy of Music for an indefinite run. "Quincy Adams Sawyer" follows Ralph Stuart at the American Theater next Monday. Wilton Lackaye comes to the Lyric Theater next week in "The Pit." A. M. Palmer, the veteran manager, contemplates a revival of "The Two Orphans" at one of the Broadway theaters in April. It made the original production of the play a decade ago at the old Union Square Theater, with Kate Claxton, Stuart Robson, McKee Rankin, Charles Thorne, Jr., F. F. Mackay and John Parson in the cast—and a great cast it was.

AMELIA BINGHAM IN "OLYMPIE,"
At Lyceum Theater.

Shannon, who gets into trouble owing to the fact that he is charged with a forgery which was committed by another. He is in love with a pretty girl, of course; her name is Mappa. After many trials and tribulations Jack is cleared of the crime, wins his estate and the hand of his sweetheart. It is a pretty romantic story, and is cleverly acted by Mr. Mack and a good company."

Next Monday, for the first time in this city, a new musical comedy called "The Good Old Summer Time" will be presented at this theater, with George Evans, known as "Honey Boy," as the star. The management promises a large supporting cast and a bunch of pretty chorus girls.

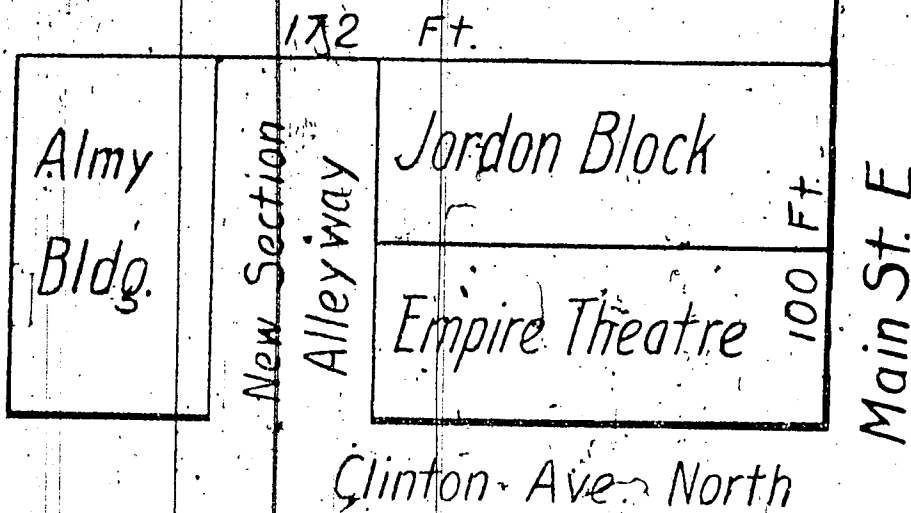

The continued attractions are: Henrietta Croaman at Belasco's Theater, "The Other Girl" at the Empire, William Gillette at the Lyceum, "The Girl from Kays" at the Herald Square, Robert Edeson at the Hudson, Eleanor Robson at the Garden, Virginia Earle at Daly's,

Milla Proctor Ous is the latest recruit to the Century Theater company. Milla may appear in Jerome H. Eddy's next play, "The Scarlet Woman," next season. Ernest Lamson, who is starring in "Young Tobie Hoxie," of which he is the author, will play an extended engagement in this city, beginning March. Robert B. Mantell appears at the Metropolitan Theater next week in "The Light of Other Days." He will have the assistance of Marie Booth Russell. The annual "bawl" for a nation theater is getting to be a joke. There is not a man, woman or child now living that will ever see such an institution. It is impracticable and won't eventuate in the near future (at any other time). "The theater is business and not a sentiment," so one of our "boy critics" says—and the boys always know. Next season Wagshal & Kemper are to branch out and increase their theatrical enterprises. In addition to the Louis James-Frederick Ward combination in "Alexander the Great," which is earning money, and Blanche

SIBLEY, LINDSAY & CURR CO.

OUR PLANS

The Sibley, Lindsay & Curr store has so long been a part and parcel of Rochester, we flatter ourselves that you are still interested in our plans, though for the moment we are not able to serve you. From day to day now, perhaps not in every issue of this paper, but frequently, we shall have Store News for you. It will contain the facts—plans decided upon for present and future—no rumors. You can depend upon statements absolutely.

As shown in the above sketch, within a very few days we shall have one big store, corner of Main Street East and Clinton Avenue North, with a frontage of 100 feet on Main Street and a depth of 172 feet on Clinton Avenue. This takes in the Empire Theater Building, Jordan Block, area in the rear of these structures, which will be built over, and the Almy Building on Clinton Avenue North. All this will be one store and a permanent store for several months, sections of our new building being erected around it farther up Main Street and down Clinton Avenue.

The Granite Building—Main floor, Basement and Second floor, will be repaired with all possible haste and again house a number of our departments.

The Furniture and Carpets will have fairly commodious and convenient quarters in Colonial Hall on St. Paul Street.

The Men's Tailoring department will probably be the first to open. It is quartered in front rooms on first floor of the Hart Building, East Main Street and North Avenue. You shall have your new clothes long before Easter, Gentlemen.

Such will be the immediate quarters of our retail business—until we can occupy the sections of our new store erected first.

The wholesale business will be accommodated in one of the stores—seven floors—and adjoining lofts of the Archer Building on St. Paul Street, the two upper floors of the National Clothing Company Building on East Main Street and the Bler Building on South Water Street.

We shall immediately be Rochester's greatest store again, although a little scattered.

TANNER AND SIMMONS HAVI ALTERCATIO

War of Words at Meeting the Common Council Finance Committee.

Alderman Claimed Guards Told Him Armory Ordinance Was Mayor's Pet Measure — Simmons Denies Statement.

Committee Will Report in Favor Selling Genesee Valley Railroad Stock to Pay for Police Precinct and Fire Houses.

The finance committee of the Common Council at its meeting late yesterday afternoon decided to report in favor of selling the Genesee Valley railroad stock pay for the new police precinct and houses, but no decision was reached regarding the ordinance naming Mr. Cutler, Mr. Edgerton and Edgerton's committee to select a new armory. There was a sharp altercation between Alderman Tanner and Capt. Simmons, the Eighth Separate Company over the latter ordinance and after it was Alderman Tanner refused to support the measure.

Chairman Kelly and Aldermen Edgerton, F. A. Ward and Tanner of the committee were present, besides Mayor Carl Comptroller Williams, Commissioner of the board of officers of the militia company composed of Capt. Smith and Smith and Lieut. Walbridge.

When the armory matter was brought up Chairman Kelly read the communication from the National Guard and the ordinance appointing Mayor Cutler, President Edgerton and City Engineer Fisher a committee to select a contract for a site for an armory, subject to the approval of the Common Council.

Alderman Tanner at once objected the ordinance, saying that the council had no right to delegate its powers selecting a site to any outside committee. He said that counsel had advised him the ordinance was illegal as drawn.

Chairman Kelly agreed with Alderman Tanner on the contention that the council could not delegate its authority, but said that in this particular case no authority was delegated to the proposed committee, as all its action had to be approved by the Common Council.

"Well, it is illegal," said Alderman Tanner, "and for that reason I will vote for it. Alderman Casey of this committee telephoned me that he was opposed to any action on the armory site."

Corporation Counsel Webb was appealed to, and he gave the opinion that the ordinance was perfectly legal, but that it did not delegate any authority away from the council.

"You hold that the ordinance is legal do you not, Mr. Corporation Counsel?" asked Chairman Kelly.

"I do," replied Mr. Webb. "Counselor Tanner," said Alderman Kelly with a twinkle in his eye, "agrees with you."

Alderman Tanner—"The armory ordinance hasn't been passed yet anyway, and I don't propose to vote for it until it has passed the Legislature. I don't propose
